Between Friends

"How do you succeed so well
in getting back the books you
lend?" a thoughtful young pro-
fessor was asked.

"Simple enough," replied the
young man. "In each book I lend
I write this message: 'I like
you, so I loaned you this book.
If you like me, you'll return
it.'"

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which
many women say has brought relief
from the cramp-like agony and ner-
vous strain of functional periodic
distress. Here's how it may help:

- 1 Taken like a tonic,
it should stimulate
appetite, aid diges-
tion, thus help build re-
sistance for the "time"
to come.
- 2 Started 3 days be-
fore "your time", it
should help relieve
pain due to purely func-
tional periodic causes.

Try Cardul. If it helps, you'll
be glad you did.

YEAR after YEAR

FROM the mountains to the Atlantic shore, North
Carolina is a great state of great people. It is a state
whose high level of civic consciousness has set the standard
for a high level of business ethics.

In keeping with such a tradition the North Carolina Com-
mittee was formed seven years ago to maintain wholesome
conditions in retail beer outlets.

The brewing industry's Self-Regulation program is de-
signed not only to insure the sale of its product in keeping
with public sentiment and with the high standards of the
industry itself, but to protect beer's economic benefits to the
public. Last year, in North Carolina, beer paid \$9,964,609
into the public treasuries.
