Total working horsepower can benefit present users of "regular" gasoline in shorttrip, around-town driving. By switching to new "Total Power" Esso Extra, they can get better mileage this winter ... better all-around

"Happy Motoring"

New "TOTAL POWER" ESSO EXTRA is a blend of hydro-carbon power components especially engineered to meet the total power and anti-knock requirements of even the highest-compression new engines. For millions of older cars it means better working horsepower and better total engine performance. It is not only the finest gasoline in Esso history . . . but the very best gasoline you can buy!

TOTAL POWER means just what it says. It means, to begin with, a great advance in sheer high-compression POWER under the toughest driving conditions. It means POWER to start fast in any weather . . . POWER for fast warm-up . . . POWER to kill off knocks and pings ... POWER to resist cool weather stalling ... POWER to take steep hills in stride . . . POWER to pick up swiftly from a standstill. It means that in the total of the jobs your engine is called on to do, you can expect the maximum that can be obtained from any gasoline that you can buy. The inevitable result is the kind of smooth performance and long mileage you've
