LOCAL DEPARTMENT.

Once more we remind you to list your taxes at once.

Some very fine peaches are being brought to our market now.

Mr. W. E. Thomas left Monday for a two or three weeks' sojourn at Leaf. Cleveland Springs.

Our friends of Laurinburg are to have a \$25,000 cotton seed oil mill, a fact which we are glad to note.

Dr. W. L. Steele will be absent in attendance at the meeting of the Dental Association at Greensboro from the 24th to the 27th inst.

Dr. Acker's English Reinedy for Course Simon Ellerbe, col., lost \$5 last Tuesday which was earned by hard, honest work. Anyone finding it should return it to him, as he needs it badly.

Prof. D. W. Odom has returned from Peabody Normal School, Nashville, Tenn., and will open his Training School at Ellerbe Springs about the first of July. We hope he will have a large attendance.

A team of mules belonging to Mr. - Murray, who hauls for C. W Brown, Esq., ran away one day last week and smashed up the wagon to which they were attached. But the most serious part of the accident was the breaking of the left hind leg of one of the mules. The broken leg was properly splintered, and, as the It seems so. The road in front of Mr. W. mule is young, it may recover.

The Crop Bulletin for the week ending June 14th shows a very favorable condition of the crops throughout the State. The wheat harvest shows an abundant yield, but it is feared that the oat crop will be light. There has been a sufficiency of rain in most sections of all the districts, with heavy rains in Halifax, Wake, Lincoln, Catawba, Mecklenburg and Guilford counties.

Correspondence of The Rocket.

DEAR ROCKET:-I noticed in a He was concerned somewhat about ber of lakes of fire. Loss \$30,000. the fate of Laurinburg-but the great point was to strike Rockingham and then go up the river to Salisbury. To do this he thought a \$50,000 or \$100,000 subscription the correct thing to do by the county-since this section had helped the lower end to a road—(the C. C. R. R.) long Now your present correspondent

thinks the lower end' helped Rockingham and the upper folks fully as much. They hepled them to the same road, to a court house and every point to our county seat. They did this cheerfully for the common weal-but to run up the river (as well as over it, as they have heretocounty, but might do for the land owners and railroad corporations if they see fit to try it for their own ends and by their own means. As to Laurinburg, the lovely town of the Scotch, we think she will do very well without any of that strange sympathy that would ask her for a ruinous tax to help the up-river to every point of the compass. This, too, without calling for county aid, but she certainly ought to get township aid for this great and necessary work, as the township as well as city will be greatly helped by it. Maxton, too, is putting out a hand to the help of our county, which we ought cordially to grasp. She does not ask that the whole county help Miss Ida Stansill was married to her-only the townships. She helps in her triumphal march into the great outer world. Surely the townships through which it passes will see their opportunity and come eagerly to their own help by helping her. We like Rockingham-will build our court house there-the up river folks too-but let them build

their own road. LOWER RICHMOND.
