A New Varnish. Mr. G. W. Williams has invented a varnish that will prove a bonanza to him. He has been experimenting with his process for a number of years and has at last succeeded in perfecting a varnish different from anything heretofore offered to the trade.

Another Fire. Our town has again been visited by a fire. About 11 o'clock on Monday night the alarm of fire was sounded and it was found that the livery stable of Mr. M. L. Hinson was on fire.

One Fact. Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum and other diseases or affections arising from impure state or low condition of the blood.

WASHINGTON, Jan. 20.—In a private letter received here yesterday, a neighbor and friend of ex-Senator Riddleberger writes: "Have you heard that Riddleberger is very low? His physicians have little or no hope that he can ever get up again, and he may go at any moment."

ST. PAUL, Jan. 20.—A heavy storm accompanied by a gale, set in about 11 o'clock last night and a regular blizzard is now raging throughout the Northwest. As yet there has been no interruption of railroad traffic or telegraphic communication, but the storm is very severe.

A better article it is impossible to get, sir, have tried them all and unhesitatingly pronounce Dr. Bull's Cough Syrup superior to any.

The old story—Trivial symptoms were neglected until rheumatism became established; whereas all the suffering could have been prevented by the prompt use of Salvation Oil, 25 cents.

Master Workman Powderly Arrested. SCRANTON, Jan. 18.—General Master Workman Powderly was well enough to walk out to-day, and the warrant for his arrest, sworn out by Callahan, was served upon him by Constable Moran. Mr. Powderly at once proceeded to Alderman Fuller's office in company with his attorney, Mr. Bryan, and gave bail in the sum of \$300. Mr. Powderly's counsel have papers nearly completed charging Callahan with malicious libel. The suit will be instituted next week.

Collision Between the Races. WEST POINT, Ga., Jan. 20.—A fatal collision occurred between blacks and whites here Saturday night. Both sides were inflamed with liquor when the first collision occurred in the evening. In attempting to quell the disturbance, Deputy Marshal Burdett received a serious knife wound in the back. This further enraged the whites, who paraded the streets until 3 o'clock in the morning, when a more serious encounter occurred, knives, pistols, and shot-guns being freely used. When the battle ended, it was found that Nolan Sherrell had been shot through the heart and killed. Alex Davidson had received a bullet wound in the leg, and Wesley Freeman was dying from the effects of a pistol ball in the groin. The three last were all colored, the whites escaping with little injury.

Laxator is the result of years of observation and experience. It is now recommended by leading physicians for constipation and indigestion. "Baby is king" all the world over. As its rule should be as quiet as possible, fail not to provide it with Dr. Bull's Baby Syrup for all the ailments incident to its condition. It is a safe remedy.

Vick's Floral Guide.—We have received from James Vick, Rochester, N. Y., his Floral Guide, which in beauty of appearance and convenience of arrangement surpasses anything in this line which we have ever had the privilege of seeing before. It is a pamphlet eight by ten inches in size, and with the covers, which are by no means the least important part of it, contains an even one hundred pages. Although called a "floral guide," it is devoted to vegetables as well, and includes as full a list and description of both flowers, vegetables and also small fruits as could be brought within the compass of a book of this size.

We do not know Judge Womack, appointed by Gov. Fowle in place of Judge Gilmer, resigned. If he is personally as clever as the retiring Judge he will fill the bill well. Our old college friend, Dr. John Manning, Professor of law in the University, is thoroughly qualified to pronounce upon the qualifications of the young jurist, and he wrote this to him:

"While Mr. Womack is too young a man to be pronounced a learned lawyer, he is a young man of great ability, quick to apprehend a legal point, of a discriminating character of mind, great aptitude for business, and of studious habits. His personal character is excellent, and I feel sure that if you should appoint him to the vacant Judgeship, that he will not disappoint your reasonable expectations. He read law in my office and I know him."—Wil. Messenger.

With its intense heating, dry, hot skin, often broken into painful cracks, and the little watery pimples, often causes insupportable suffering. Hood's Sarsaparilla has wonderful power over this disease. It purifies the blood and expels the humor, and the skin heals without a scar. Send for book containing many statements of cures, to C. I. Hood & Co., Apothecaries, Lowell, Mass.

\$12,000 For Breach of Promise. New York, Jan. 20.—Judge Ingraham today denied the motion to set aside the verdict giving \$12,000 to Miss Carolina Campher, of Philadelphia, in her suit for \$12,000 from Clements Muller, as damages for breach of promise of marriage. The motion was made by counsel for Muller, on the ground that the amount of damages given was excessive, and that the verdict was against the weight of the evidence. The defendant was allowed 60 days within which to prepare papers on appeal, and plaintiff's counsel were allowed 3 per cent on \$12,000 for their services.

The property of Miss Louise Bond, in Caldwell county, N. C., containing 1844 acres, has been sold to a Philadelphia syndicate, which also purchased a tract of 12,000 acres in Watauga county.—News and Observer.

The Cronin Prisoners.

JOLIET, Ill., Jan. 20.—When the Cronin prisoners, Coughlin, Burke and O'Sullivan, arrived at the penitentiary last night they all were braced up and made a strong effort to keep from showing any signs of weakness. They managed to succeed very well, except Coughlin, who, when spoken to, could not reply, but finally managed to stammer out: "Boys, don't talk to me; I am all broke up." Deputy Speers said he never saw a man so affected as Coughlin.

The general opposition to the proposition to provide out of the United States Treasury for the deportation of the negroes to Africa is not surprising. The objection with which the subject is generally dismissed, is in substance that the plan could not be carried out even if there were plenty of money to be used for the purpose. Another objection is thus expressed by the Washington Post:

"The Liberator Colonization Society has assisted a mere handful abroad at an expense of some millions of dollars. If its ratios may be taken as any guide to the cost of deporting the colored population of the South it is easily demonstrable that the whole people of the United States would sell themselves into a state of hopeless insolvency in order to plunge 8,000,000 blacks into a state of hopeless misery." Others argue that the South needs the negro to supply labor. On the whole, the prospect of seeing the negroes go to Africa, is not flattering.—Charlotte Chronicle.

WASHINGTON, Jan. 20.—The House committee on reform in the civil service met this morning to hear representatives Houck, of Tennessee, and Ewart, of North Carolina, give expression to their views on the civil service. The three civil-service commissioners were present. Representative Ewart began his address by referring to the number of charges made against the commission, and he urged immediate action, if the commission were guilty, it should be condemned, but if innocent, then it should be vindicated. Mr. Ewart then preferred a number of charges. His accusations included the appointment of clerks and the promotion of messengers under the civil-service commission without reference to the law.

In answer to a question, Mr. Ewart said he was attacking the commission not the law, and that the administration was defective rather than the principle.

Representative Houck followed Mr. Ewart; he favored a commission organized by the head of each department. Mr. Houck was followed by the three civil-service commissioners, who asked for a complete investigation.

A negro man named Hairstar shot and instantly killed a negro woman, whose name we did not learn, on the premises of Mr. Nat Sullivan, Thursday night. She was shot through the forehead, and the negro claims that it was the result of an accident.—Twin City Daily.

No Go. The general opposition to the proposition to provide out of the United States Treasury for the deportation of the negroes to Africa is not surprising. Has been with you nearly 12 months. At the end of that time we find you have bought a great many more goods from us than we reasonably could have hoped for. We felt sure that our underbuying and underselling would draw a large majority of the purchasing public to us, but we hardly expected you so soon to get out of the old ruts and live in the new life-light which the Racket has been, is, and shall continue to let shine by the force of the Almighty Dollar. At the beginning we told you that we had come to stay, and that we would first, last and always stand between you and High Prices and give you a dollar's worth of good goods for a hard-earned, honest dollar.
