LOCAL DEPARTMENT.

The pulpits of the Methodist, Baptist and Presbyterian churches were filled last Sabbath night, respectively, by Revs. Guthrie, Price and Law.

Attention is called to the new advertisements in this issue, of Rockingham Academy, Sanford High School, and two legal notices by W. F. Long, J. P.

During a thunder storm at Laurinburg on Monday evening the Baptist church at that place was struck and set on fire by lightning and entirely consumed.

The Southern Sweetgum Cheewing Gum is the purest and best on the market. Manufactured by Rockingham Drug Co.

We are requested by J. M. Hines, Esq., President, to announce that the regular meeting of the County Farmers' Alliance will be held in Rockingham on Friday, the 11th inst.

Died, in this town on Thursday last, 26th ult., Corinna, daughter of Mr. M. P. Cole, aged about 12 years, of meningitis. Also on Sunday morning, 29th, Mr. J. E. Smith, aged about 40 years, after a lingering illness from rheumatism.

Don't forget that the townships of the county are to meet in convention next Saturday, the 6th, to elect delegates to represent them in the County Democratic Convention to be held here on the 9th inst. Let the people turn out in force.

The County Farmers' Alliance met here on Friday last, but all efforts on our part failed to elicit any official information as to what was done. It is understood, however, that a resolution was unanimously adopted endorsing Alexander for Congress from this district.

Mrs. Harriett Batton, weaver, was painfully hurt on Friday last in Great Falls mill. Her loom was running smoothly and she took a seat at the end of the beam when the shuttle flew out and struck her, end foremost, under the eye. It is hoped, however, that the eye will not be lost.

Mrs. M. J. K. McAskill, of Ellerbe Springs, this county, desires to rent her house near the springs. An advertisement of the same would have appeared in this week's ROCKET, but, unfortunately, it has been misplaced. We are safe in recommending the house as a good one and situated very conveniently to the springs.

The first brick of the bank and hotel building was laid with a silver trowel by the hand of Mrs. Ann C. Leak, the oldest original resident of our town. There may be nothing in signs, but it is hoped the auspicious beginning is prophetic of the increasing prosperity of Rockingham, the inhabitants whereof and their industrial interests, with all that concerns their welfare, the good old lady holds in her heart of hearts.

Extra Train on the Fourth. An extra train will leave Rockingham about 7:30 o'clock next Friday morning for the accommodation of all who desire to attend the Confederate Veterans' meeting at Laurinburg on the 4th. Fare for the round trip only 35 cents. Returning, passengers will take the regular trains. One leaves Laurinburg at 1 o'clock in the afternoon and another at 12 o'clock at night.

County Representation. Under the rules established by the State Democratic Committee the following shows the vote cast for Gov. Fowle, with the respective voting strength of the several counties comprising the Sixth Congressional District, in the convention to be held at Laurinburg on July 25th:

Table with 2 columns: County Name and Votes. Includes Anson, Brunswick, Cabarrus, Columbus, Mecklenburg, New Hanover, Richmond, Robeson, Stanly, Union.

The following likewise shows the vote cast for Gov. Fowle in the counties composing the 7th Judicial District, with the respective voting strength of each in the convention at Laurinburg on the 18th July:

Table with 2 columns: County Name and Votes. Includes Anson, Bladen, Brunswick, Columbus, Cumberland, Moore, Richmond, Robeson.

The Entertainment.

Last Friday night witnessed quite an enjoyable time afforded by the ladies and their assistants at the Academy, the occasion being for the benefit of the Y. M. C. A. of the town. There was a well arranged programme of music, songs, recitations, etc., followed by ice cream and other refreshments which yielded a revenue of some twenty-five dollars. The performances were all good, and it would be simply invidious to particularize. A suggestion, however, we would make, which is that in future enterprises of the kind more care should be taken beforehand to assure order and system, the lack of which, especially as to the dispensing of the refreshments, was apparent to every one on Friday night.

Progress.

The old Knight hotel is no more. That and the adjacent buildings were razed during the past week, leaving scarce a mark behind; and now the sound of the trowel is heard from our sanctum as the walls of new structures are climbing upward. It has been noted before in our columns that Messrs. Leak & Wall had let out the contract for a new hotel, drug and clothing store, and a bank building; also that Dr. Stansill, adjoining, had engaged for the construction of a double office building with large hall above. All along the line the work is under way, and soon will our town present to view as handsome a block of buildings as can be seen from Wilmington to Charlotte. The hotel, judging from the plan and drawing, will compare favorably with any to be seen beneath the points above mentioned.

There are many accidents and diseases which affect stock and cause serious inconvenience and loss to the farmer in his work, which may be quickly remedied by the use of Dr. J. H. McLean's Volcanic Oil Liniment. Get it at W. M. Fowles & Co's.

English Spavin Liniment removes all Hard, Soft or calloused Lumps and Blemishes from horses, Blood Spavins, Curbs, Splints, Sweeny, Ring-Bone, Stiffes, Sprains, all Swollen Throats, Coughs, Etc. Save \$50 by the use of one bottle. Warranted the most wonderful Remedy ever known. Sold by Dr. W. M. Fowles & Co. Druggists Rockingham.

Some Old Bricks.

In the chimney of the old Walter Leak dwelling, torn down some time since, was found a brick bearing the date of 1807, and another having the track of a child on it. The house stood beyond the town limits, on the south side of Falling Creek. The track, judged by the shape, must have been made by a white child. Now the late James P. Leak was born in 1805, may it not have been his track made when, say, two years old? On Monday morning last a brick was picked up in the ruins of the old hotel, just torn down, which bears the impress of a dog's foot. As this was the first building of any size erected in town, the dog that made the track, if living now, would be all of a hundred years old. The above information, if not important, is of interest to those who love to ruminate on "ye olden time."

An Atlanta Lady's Sad Condition.

"About two years ago a sore came on my nose. I called in a physician who could arrest it only for a few days, when it would appear as bad as ever. Finally it became permanent, and despite the constant attention of several physicians it continued to grow worse, the discharge from the ulcer being exceedingly offensive. This was my condition when I commenced to take Swift's Specific (S. S. S.) about one month ago, but I am now happy to say that after taking four large bottles of your wonderful medicine my nose is entirely well, and my general health better than it has been in ten years."

Mrs. LUCINDA ROSE, Atlanta, Ga. Swift's Specific (S. S. S.) cured me of a blood taint that had troubled me for years. I consider it without an equal. JAS. SHERWOOD, Nashville, IH.

DR. JONES DEAD.

A telegram to the News and Observer on Monday afternoon last conveyed the sad news of the death of Dr. Turner Myrick Jones, President of Greensboro Female College, which occurred at 1 p. m. on that day. He was born in Franklin county, N. C., June 4th, 1819; professed religion at the age of 18; graduated at Randolph Macon College, Va., and then taught school for several years. He was a local preacher of the Methodist church, his sermons being prepared always in scholarly style. He was made President of G. F. College in 1854 and through all its varied fortunes remained its honored head. Hundreds of ladies throughout this and other States will grieve sorely when they hear of the death of their beloved preceptor.

Ellerbe Springs Items.

The cool and health-giving waters here are doubly appreciated during such a "heated term" as we are enduring at present.

The picnic party on the 25th enjoyed the pleasure found beneath the peaceful shades, judging from merry peals of laughter, the clink of milk shakes, etc.

Several visitors are here for a while. Perhaps many more might enlighten the solitudes if there was any accommodations for them. When that slow-moving railroad does get here maybe it will call for a nice modern hotel, and Ellerbe Springs will get the patronage that the fine water deserves.

We are sorry to state that Mr. Willie Smith is suffering from an attack of sunstroke. Others in the vicinity have been seriously effected by the unusual heat. Crops are looking well and farmers are smiling, hopefully, yet fearing, as they always are, that drought or cyclones or something else may yet play havoc with corn and cotton.

The young and energetic Rev. K. A. McLeod preaches here every 4th Sabbath. M.

NEW YORK RACKET. INGENUITY IS PROGRESSIVE.

In the world's infancy it suggested the pine torch, then the candle, lamp, &c., until Genius, aided by Science, introduced the greatest of all common wonders—electricity—electric lights, which will soon illuminate the Streets of Rockingham.

The electric light of the present day is but the process of evolution applied to the pine torch of past ages. Thus in trade evolution is still going on. The old way of "Get All You Can" and charge it, is past, giving way to the new and correct idea: "Buy cheap for cash and sell CHEAP for cash;" "Quick sales and small profits."
