Prayermeeting at the Baptist church every night this week.

Miss Mamie L. Steele is visiting the Misses Thomas near Laurinburg.

The County Sunday-school Convention at Laurinburg next Tuesday.

Mr. T. C. Guthrie, neighbor to the Rocket, has moved to his new office over Dr. J. M. Stanshill's.

In 1890, the average value of land in Richmond county, not including town lots, was \$6 per acre.

Richmond county's total wealth, including railroads, bank stock &c, is put down at \$3,262,959.

Miss Fannie Butler returned home Monday after several months visit to relatives in Richmond Va.

Mr. T. C. Everett and Miss Anice Shaw, both of Laurinburg, were married last night.

The Alliance speaking, by President Marion Butler, will be at Laurinburg one week from tomorrow.

Mr. Henry L. Guthrie has been appointed registrar for the town and will be found at Leak & Steele's.

Buists' Fresh Garden Seed at W. M. Fowlkes & Co.

Mrs. W. L. Scales left Tuesday morning for Greensboro where she will spend some time with relatives.

There will be a Soiree at the residence of Mrs. H. S. Ledbetter's on Friday night for the benefit of the Methodist parsonage.

Rev. Lacy L. Little of Little's Mills preached to a large audience on Sunday night, subject, Missions. We hear it spoken of very highly.

See our new ads. "Eclipse Cotton Planter," by D. C. Lytch, "Grand Spring Opening," by T. B. Covington, "Don't Do It!" by J. A. Dunn.

We have a letter from our esteemed friend Mr. E. S. Bostic of Zero, Miss. His many friends will be glad to hear that they are enjoying good health and are well pleased.

One of the Charlotte delegation to invite Senator Hill to Charlotte on May 30th, while in Washington, asked Jerry Simpson is he had on any socks. Jerry smiled and said yes.

The operatives of Roberdel Mills have organized a band, consisting of twelve pieces. They propose buying the best instruments, that they may be able to render some very sweet music.

Quite a crowd of colored brethren were before Justice Long last Saturday on the charge of disturbing religious services at Philadelphia church. They were found guilty and assessed with costs.

Joe Leak, colored, while on his way to church last Monday night, was taken ill and died very suddenly. He was about 63 years old, and from our knowledge of him, was an honest and faithful darkey.

W. L. Smith, Professor of penmanship, who has an evening class in the Academy will open one in Pee Dee Chapel to-night.

Next Saturday week is the day set apart for the citizens of each county to meet at their respective county seats and ratify the third party platform. How many will assemble from this county to worship the golden calf?

The Gibson Station K of P Amateur club gave a very laudable concert in Academy Hall on the 11th inst, and Zibe did not fail in his comical and imitative way, to capture the audience. Rockingham showed her appreciation by giving them a full house.

Mr. Jas. A. Lockhart of Wadesboro and Cameron Morrison of this place, have formed a copartnership for the practice of law in this county.

Gilbert Dunlap was found guilty of murder at the last term of Moore Superior court and sentenced to be hanged on May 5th. From the big time our brethren over there had when Ben Bostick was hung, one would think that they would be happy again, but they are kicking against this one, and efforts will be made to have the Governor commute the sentence.

We have before us the program of the second annual Convention of the Methodist Educational Society of North Carolina. It meets in Charlotte on April 18th and continues through the 14th. Dr. Wood, of this place, will deliver an address before the association on "The Educational Collections in the North Carolina Conference—their History and their Necessity."

And Still They Come.

During the past week the following have paid either a part or the whole of their subscription:

T. S. Cole, F. J. Garrett, P. E. Nicholson, T. M. Whitlock, B. F. Postor, O. B. McKethan, W. A. Graham, J. M. Hudson, C. A. McKethan, Jno. C. Ellerbe, Dr. J. M. Stanshill, R. L. McDonald, F. D. Alden, Jno. D. McLaurin, Archie Watson, L. D. Warner.

The following are new subscribers:

J. W. Gibson, W. P. Ingram, J. H. Dawkins, J. A. Nicholson, A. T. Strother, S. P. Covington, Miss Lela Blackwell, D. P. McDuffie and M. R. Stubbs.

The Rocket Would Like to Know.

What became of that man who borrowed a quarter at this office last week and was to pay it back when the train came.

How that same man got drunk on such short notice in this dry town.

Why men who owe about \$7.00 on subscription are so hard to please.

Why a certain man thinks, that because we gave him 4 months subscription for a 10 cent load of wood we ought to buy everything he brings to town.

What's a Kiss Anyhow?

You needn't think we know, but sometime ago the London Tidbits offered a two guinea prize for the best answer to the question and received 7,000 answers. Here is the prize answer:

An inspired and tasteless morsel, which becomes delicious and delectable in proportion as it is flavored with love.

Messrs. Guthrie & Shaw will begin to sell at public auction on Saturday the 26th inst., the remainder of the stock of goods assigned to them by A. M. Long. Sale will begin at 12 o'clock.

Who can beat this record? Mr. A. M. Flowers of Wolf Pit has a hen that will be ten years old this spring.

GENERAL NEWS.

Up to this time 4 States have instructed their Republican Delegates to the National Convention for Harrison. These States are Texas, Louisiana, Mississippi and Indiana.

Representative men of the Peoples party and Prohibitionists of Indiana have agreed that the two organizations shall amalgamate in that State.

The Sunny South, the literary paper of Atlanta, has been sold for \$40,000 to a company of which Clark Howell, of the Atlanta Constitution is a prominent member.

Suits for damages have been filed against the city of New Orleans in the interest of six of the heirs of the Italians killed in the Mafia troubles. In each case \$30,000 is asked.

The National Democrat has been re-established at Washington. Those subscribers who did not receive full complements will do well to write on to the new management, who promise to fill all unfinished subscriptions.

Examine Your \$20 Gold Pieces.

New York Herald. People should be careful nowadays about twenty dollar gold pieces. It has been found that some one in San Francisco is subjecting the gold pieces to an electroplating process, by which they get from fifty cents to a dollar and a quarter's worth of gold from each piece. In a recent deposit in the United States Sub-Treasury in this city by a New York bank of more than \$100,000 in gold received from California, seven of the "sweetened" coins were found. They were placed on a block and the letter L punched on their face to show that they were light weight, and then returned to the bank.

Three Things Learned.

Charlotte Chronicle. Three things were learned by contact with the politicians who were assembled at Raleigh Wednesday:

(1), That there is a good deal of apprehension about the effect of the third party movement upon Democratic prospects in the state this year; (2), that the Republicans would be glad to make a fusion with the third party people, giving them all of the State offices and half of the electoral ticket in exchange for the other half; and (3) that except for the question of availability, Cleveland would be the choice of an overwhelming majority, nearly all of those who expressed themselves as being opposed to his nomination explaining that he would be their first choice if they thought he could be elected.

CALL AT THE ROCKET office for all kinds of Job Printing.

Snead's Grove Items.

It is very gratifying to us to have the pleasure of furnishing such an excellent paper as the Rocket with items from such a prominent place as Snead's Grove. The people of this place are wide awake, and energetic. We can boast of having some of as good farmers here as there are in the County. Some are eminent for piety, and zealous of good works.

Evangelist Lee is going to begin a series of meetings at this place next Wednesday night. We are anticipating a glorious meeting. We had the pleasure of hearing Mr. Lee preach at Sandford last September and we pronounce him to be one of the most soul-stirring preachers we ever heard. We think that Brother Moorman has acted wise in securing his services.

Dr. Just of this place is fast gaining a reputation as a physician. He is getting a good practice and we think that he well deserves it.

Mr. Younger Snead is having a commodious dwelling-house constructed. He says that it will cost him about \$1,000. Mr. Daniel McNeill of Robeson County is the Contractor.

We are glad to report Mr. Jno C. Norton who has been sick of pneumonia for some time convalescent.

Our Literary Debating Society at Ridgeroad was honored last Wednesday night by the cheerful and benign presence of Messrs. E. E. Gibson, Emma Gibson of Hunts Bluff, S. C., and Mamie L. Livingston. They were held spell-bound by the sublime eloquence of the boys. Question discussed: Which has done more for the world the Printing Press or the Steam Engine? Come again young ladies we will welcome you any time.

Mr. S. A. Snead is contemplating building a Schoolhouse at this place we hope that he will no longer contemplate, but build it at once for we are greatly in need of one.

Mr. P. H. Livingston informs us that the way to avoid "hardtimes" is not to be idle during the winter season, learn to economize and plant plenty of corn. He has cleared 50 acres of land, and has built three tenant houses this year. He says that he sees no hardtimes.

Whiskey drinking seems to be the order of the day in some portions of this Community. We have been visited by three whiskey wagons during the past week. We have been reliably informed that both men and women sell it near Old Hundred daily. Where are our revenue officers? Are they asleep? If not please come to our rescue.

Miss Nancy Howard aged about 90 years died at Mr. Jno. C. Norton's last Saturday night week. She had been a consistent member of St. Johns Methodist Church for many years. She was buried at the Younger Snead grave yard the following Monday. Funeral was preached by Rev. Neill Smith. Peace to her ashes.

We guess that Mr. Hornet is in good spirit just now. We heard his "sweet heart" tell him the other day that he lacked one thing—a wife we suppose. Her "nieces" don't seem to think him very "fascinating." Get a shave and a shampoo Mr. Hornet and be more charming next time. MONITOR.

ROUND ABOUT US.

What Our Neighbors are Doing. Mr. Jno. C. McCaskill, of Maxton, supports a missionary in the foreign field at a salary of \$600 per year.

Charles McRae, general merchant at Alfordville, Robeson county, made an assignment to Wm. McCormack last week.

The Wadesboro market has handled 9,000 bales of cotton during this season.

Miss Hester Stephenson, daughter of Rev. R. T. N. Stephenson, died very suddenly at her father's home in Morven last week.

The farmers of Bennettsville township, Marlboro county, S. C. have reduced their cotton acreage 1,231 acres.

The Bennettsville, S. C., Banner says the oil mill at that place has exhausted the seed supply and shut down for the season.

"THE BLOOD IS THE LIFE." Runs the old saying, and everything that ever makes part of any organ to the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of Woods' Sarsaparilla, it necessarily follows that the benefit of the medicine is imparted to every organ of the body. Can anything be simpler than the method by which this excellent medicine gives good health to all who try it fairly and patiently.

THIS AND THAT.

Dr. Charles W. Dabney, formerly of this State, but now President of the Tennessee University, will deliver the coming annual address before the Agricultural and Mechanical College at Raleigh.

123 voters were interviewed in Greensboro, last week, as to their Presidential preferences. 73 were for Hill, 33 for Cleveland, 2 for Governor, 1 for Vance and 1 for Watterson. A number had no choice.

The Charlotte Chronicle, which by the way, is the best daily in North Carolina, has been changed into the Charlotte Observer.

D. C. Blue, charged with the murder of Arch Womach, colored, at the last term of Moore county court, was acquitted and discharged.

The Barnes Hotel at Jonesboro was destroyed by fire last Saturday night. Insurance, \$1,500.

A correspondent writing to The Robesonian from Affinity Robeson County, says:

The cotton acreage here will be reduced about twenty-five per cent., and the quantity of commercial fertilizers used will be reduced about the same per cent. The grain crops will be increased.

In answer to the report that Hon. S. B. Alexander was in sympathy with the third party movement, he wants it distinctly understood that while he is an Alliance man, he is a Democrat first, last and all time.

Do Not Get Discouraged.

Carolina Spartan.

Several farmers have been heard to talk somewhat after this fashion recently: "Well I hardly know what to do this year. It seems that if I go to work and make cotton I will get nothing for it. If every one goes to raising corn, it will bring nothing in the fall." That is looking on the dark side of the cloud, which has a bright side. If a farmer with all his investments in land, house and stock and farming implements should get disheartened and make up their minds to do a slack years work, they will show about as much sense as a doctor, who had given his life to the study of his profession and made all his investments in the line of his business, if he should give up his life work and go to merchandising or farming. If there was ever a year in the history of our country that demanded constant, untiring, judicious planning and work, this is the time. If prices are low, farmers will need more of the products they can raise, in order to supply the deficiency of cash caused by short prices.

Let us have no grumbling and dawdling around. Let the fatness be restored to the corn cribs. Let the hogs pens where there are eaters. Let the spider webs be brushed out of the old wheat boxes and fill them with the golden grain. Repair the fences around the house; prepare flower beds and trellises for the girls. Let them ornament the house in their own way. It will cost little and surround them with a halo of happiness. No, my dear sir, this is no time for laziness and the ford through which we are all passing is entirely too deep for swapping occupations. Stick to the farm. Make it what it ought to be and it will make you and your children. Neglect it and desolation will sweep over your home and blight the hopes and ambitions of wife and children. Let there be no faltering and two years from to-day there will be songs of rejoicing all over the Piedmont belt.

It is not possible that any of the Republicans who voted for free coinage last year will change their vote this season, except, possibly, Cameron, who last year fought the force bill; Manderson, who is credited with Presidential aspirations, and Paddock, who is seeking a reelection to the Senate. Even if these votes are reversed, free coinage will have a majority, although reduced. Altogether it looks as if the President will have to decide before long whether he will vote a free silver bill or not. It is not a pleasant predicament for him on the eve of a national convention.

SHILOH'S CATARRH REMEDY. A marvelous cure for Catarrh, Diphtherial Canker mouth, and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50c. Sold by Dr. W. M. Fowlkes & Co.

Iowa Democrat.

"You can put it down and hold me responsible for the statement," said Representative Butler to the National Democrat, "that Iowa is a Democratic State. Boies, one of the strongest men in the nation, is our unqualified candidate for the Presidency. He is an ardent tariff reformer and believes that the tariff issue is paramount to all other issues. He holds to the conservative position on the silver question. His public utterances favor free silver, and Iowa is a free silver State. Boies' name at the head of the ticket would carry the State by 20,000 majority. We will have no detracting local issues in the next campaign; everything will be subordinated to the great and overshadowing question of tariff reform."

SOMETHING FOR MEDICAL EXPERTS.

A Child Born Which a Natural Head but a Body Having the Appearance of a Dog.

Durham Sun. A child was born in Durham this morning the mother being a colored woman, and it is exciting the curiosity of some of our physicians.

A Sun reporter saw it this morning and it beats anything in the way of a freak of nature he ever beheld. The head was the perfect formation of a human being, with the exception that it had rudimentary ears, no chin from the mouth and the jaws extending backward as in the formation of a dog. It was pronounced to be eight months old and was horn dead. There was a thick head of long black hair extending down the neck to the body.

Under the microscope the body showed that it was covered with a hairy fuzz and at the end of the spinal column there was a well defined tail one-fourth of an inch long. The body was peculiarly shaped, not exactly resembling a human being. There were no arms, but something in the shape of hands or paws, growing in the shape of hands or paws, growing from the skin, with no bones. The body, adjoining the legs, was very peculiarly shaped. There were no ankles. The feet projected from the knee joint.

The formation and appearance of the body was a very peculiar one and the physicians who saw it expressed various opinions yet all agreed they never saw anything like it before. The body was photographed and then placed in alcohol for preservation.

Will Pass the Senate.

Washington Post. The passage of the free-silver bill through the House being now conceded, although its majority is variously estimated, it is natural that its chances of adoption in the Senate should become a matter of considerable interest. If the Senate Committee of finance could speak the final word there is no doubt that the bill, after its receipt from the House, would sleep the sleep that knows no waking on the committee files. Of this evasive solution of the problem however, there seems to be no possibility, much to the regret of several Presidential aspirants who would be glad if they could avoid the necessity of meeting the question face to face. The President is said to be desirous that the bill shall not reach him before the Minnesota convention, and there is no doubt that Senator Hill is not too anxious to express his opinion by a vote. These gentlemen and others like them are not likely to be gratified. It can be shown that the friends of silver are easily a majority in the Senate and that they can compel a vote at any time.

In brief, on a direct vote in the Senate, with everybody voting and with the position of the Senators who voted last year unchanged there would be fifty votes cast for free coinage to thirty-five votes against it, not including Senators Hill Perkins, and Brice who are placed in the doubtful column. If these three should all vote in the negative, free silver would still have a majority of twelve. Of the affirmative vote Messrs. Allen, Cameron, Jones of Nevada, Manderson, Mitchell, Paddock Power, Sanders, Shoup Dubois, Stanford, Stewart, Wolcott, Squire, and Pettigrew, would be Republicans, a total of fifteen. The Democrats who would be recorded in the negative are Bledgett, Gray, Carlisle, McPherson and Vilas. With the possibility of some out of the doubtful column.

It is not possible that any of the Republicans who voted for free coinage last year will change their vote this season, except, possibly, Cameron, who last year fought the force bill; Manderson, who is credited with Presidential aspirations, and Paddock, who is seeking a reelection to the Senate. Even if these votes are reversed, free coinage will have a majority, although reduced. Altogether it looks as if the President will have to decide before long whether he will vote a free silver bill or not. It is not a pleasant predicament for him on the eve of a national convention.

Electro House.

SIMPLE IN CONSTRUCTION. PERMANENT IN DURATION. EASILY APPLIED. ITS SKILLFUL USE QUICKLY LEARNED. The Electro House is an instrument for the CURE OF DISEASE WITHOUT MEDICINE. BARRON on new theories of the cause and cure of disease. It deals with the electrical and magnetic conditions of the body and the space surrounding it in the atmosphere, controlling these conditions as well as its vital electricity. DISEASE is simply impaired vitality. The Electro House constantly adds to the vitality and only sends nature, in nature's way, to throw off the trouble.

CLEVELAND SEES NO CAUSE FOR ALARM.

In a recent interview between a Baltimore Sun reporter and Ex-President CLEVELAND, the Ex-President gave his views on the political outlook as follows:

"What, in your opinion" he was asked, "should be the main issue of the Democratic party in appealing to the voters of the country?" "All evidence," replied Mr. Cleveland, "of what the people want and what they expect of the party would seem clearly to indicate that tariff reform must be the issue if we are to go into a winning fight."

"What do you consider the best plan of attacking the tariff in Congress?"

"My idea has been that a general bill would be the best method, but I am willing to defer to those who are on the ground and who have the battle in Congress to fight. I hope the Springer free wool bill will pass and am also in favor of any measure which will lighten the burden of taxation now resting upon the people. In fact, I favor any measure in the direction of genuine tariff reform."

"What are the prospects of the Democratic party's ultimate success?"

"I have but one opinion on that subject. If the party is true to itself and true to its principles, and fulfils its pledges to the people it cannot fail."

We Have Got The Grippe.

Friend, time and again we have been prophesied to go under, which prophecy we have little noticed. Owing to the energy and true spirit which poor men have to undergo who are here to-day, selling goods as cheap as any home in town. We are glad to say our trade is growing better and better. Regardless of race, color, or previous condition of servitude, we are getting a large trade from the white friends of this town and the country in general, both white and colored, are flocking to this place for good trade. It's true we are not able to include in the credit line, but for cash we can sell you as cheap as the cheapest in the grocery line. We have on hand a complete line of first class groceries. Thanking you for your patronage in the past we ask you for a continuance of the same. Call on us and we wait upon you politely. Look for the sign "Stanklack & Wall," just opposite the Cook House. Very Respectfully, STANKLACK & WALL.
