MOS THREATENS WILLIAMS. Well Know : Emigration Agent in Jail at Madison.

Manison, Ga., Jan. 15 .- W. A Wilhams, the emigration agent, who during the pas: six weeks has sent 2,500 negroes on: of Morgan county into Mississupplyind Arkansas, has been in jail here 14 hours as a measure of safety, a mob of farmers having threatened his hife at Greensboro Saturday afternoon. Williams, who is known all over the south as "Peg Leg Williams," has been in Morgan, Greene and Newton counties for some time and had engaged a number of negroes to leave Greensboro Saturday night for the west and was there arranging for their departure. The negroes have been leaving the farmers in large numbers and many of them re entirely without belp.

The farmers decided, for their own protection, to have Williams arrested. He was charged with violating a county ordinance, and, relusing to pay a tax, was taken to jail. The farmers, many of whom were in town, were threaten. ing and the news of the arrest spread along the line of the Georgia railroad. Saturday night it was learned that a meb of farmers was coming up from Covingion to help deal with Williams, and the sheriff decided to move the offender. This was done, Williams being landed in jail here.

SOME LONG RANGE FIRING

Daily Shelling at Modder River From Which the Boers Are Supposed to Have Suffered Severely-A War Expert Gives His Views on Situation.

LONDON, Jan. 16 .- The complete absence of news from Natal up to 3 o'clock this afternoon proves that the censorship will allow nothing to pass until General Buller's plans are executed or have failed. Even General Roberts, in his report of yesterday evening, refrained from mentioning a word about Natal or General Buller.

From the other columns there is little news of moment. Modder River advices of yesterday's date only report daily long range shelling, from which the Boers are supposed to have suffered

Advices from Storkstroem, dated Monday, Jan. 15, report that General Gatacre's troops had made a demonstration beyond Molteno, in the direction of Stormberg, in the belief that the Boers intended to seize Molteno. The burghers were not sighted and the British remained at Molteno.

Arrivals from Stormberg estimate that there are 4,500 Boers at that place, mostly revolted colonists and Free Staters. President Steyn's brother is the Land Drost.

General French continues to shell the Boer positions, but nothing decisive has taken place.

The war office is understood to be in possession of a letter written by General Wauchope the night before the battle, saying that it would be the last letter he would ever write, as he had been asked to perform an impossible task and he had either to obey or to surrender his sword. An immediate change in the command of the force may therefore be expected.

It is anticipated in some quarters that Lieutenant General Tucker will succeed General Methnen. Mr. Williams, the war expert of The

Morning Leader, writing for this morning's paper, with the best information obtainable, says this regarding the report that General Warren has crossed the Tugela river:

"General Warren, with his division and something more, was yesterday 5 miles to the northwest of Springfield, where General Buller then had his headquarters. Consequently the censor at Durban has been having a little amusement with the local press for the purpose of deceiving any spies the enemy may have and then confusing

"All the inferences drawn from any telegrams which have so far reached us must be erroneous. Once and for al Buller's movement is by the left. There he has his strength.

Plans of Buller.

"His plan is to turn the heights north and northwest of Colenso and thus compel their evacuation and then to attack any Boers left between him and General White and make connection with General White's force.

"After that he may keep the Transvaalers on the run through Natal to Laing's Nek or Charlestown, or he may decide on separating the Free Staters from the strong men of war and make with his main force for Harrismith and Blo-m'ontein.

"News of the first success of these operations should reach us Wednesday or Thursday. "All that can be said actually is that

General Buller up to yesterday was still at Springfield. "General Warren was on a hill about midway between Springfie d and Bethay and General Buller had assuredly one, and it is believed, two passages of the

river on his hands. 'General Buller can spare a sufficient number of irregulars to send a flying column of them into Zululand, nominally to check the Boer cattle raiders, but really to work around the extreme eastern flank and head for the Utrecht and Vryheid districts, unless they can cut in on the Transvaal communications

### A PETITION AGAINST LYNCHING IN SENATE

Paper Signed by 3,200 Blacks Presented by Cullom.

LIVELY DEBATE FOLLOWS

Tillman, Chandler, Hoar and Others Speak on the Question-Pettigrew's Amendment Calling For Instructions to Peace Men Tabled.

WASHINGTON, Jan. 16. - With the opening of the day's session of the senate Mr. Cullom of Illinois presented a petition handsomely bound and signed by 3,200 negroes asking for such legislation as will protect the negroes of this country from the "barbarous practice of lynching and burning."

Mr. Cullom asked that the petition be referred to the committee on judiciary, although he said it might be desirable to refer it to the committee on privileges and elections.

Mr. Hoar, chairman of the judiciary committee, said he believed every senator would be glad to have such meas. ures adopted as would suppress this wrongdoing and enable the officials to enforce the laws. No senator, he thought would disagree to that. He directed attention to the fact that the state laws take cognizance of the crimes referred to in the petition. By what constitutional method the United States could take action in this question is a difficult query.

Mr. Chandler, chairman of the committee on privileges and elections, thought it desirable to be perfectly frank. "There is no power in congress," said he, "to prevent or to punish crimes committed in the various states. If the states do not punish crimes for the punishment of which they have enacted laws, no federal law can take the place of useless state laws."

No Federal Law.

Mr. Chandler said there was no federal law under which the violator of even the spffrage laws could be punished. Mr. Spooner of Wisconsin - There is such federal legislation.

Mr. Chandler-There is not now such legislation. Congress has no constitutional power to punish such crimes." Mr. Cuilom thought that inasmuch as

it involved new legislation, the petition should go to the committee on judiciary. "This subject," Mr. Cullom said, seems to call for investigation. These people realize that they are being badly treated. Such treatment is without anthority of law and it ought to be stopped

Mr. Tillman of South Carolina-What is the immediate cause of this petition. Does it come from Chicago? Mr. Cullom replied that the petition came from Chicago, but that it was

signed by people of many states. Mr. Spooner called attention to the sections of the revised statutes, which provided penalties for violations of federal election laws.

Mr. Candler said he stood corrected. The senate went into executive session at 1:10 p. m. on motion of Senator Davis, chairman of the committee on foreign relations, who was at the time addressing the senate on the various resolutions and amendments relating to the Philippine archipelago.

Speech by Davis. The Minnesota senator made the point of order against the amendment calling for the instructions to the peace commissioners at Paris. This was overruled and Senator Davis, who was the chairman of the peace commission, began speaking. He finally said he was much embarrassed in speaking of the subject in open session and moved that the doors be closed and the senate

agreed to the motion. After 10 minutes spent in executive session the senate resumed open session. Mr. Davis moved to lay Mr. Pettigrew's amendment to Mr. Hoar's resolution calling for instructions to the peace commission on the table. The

motion prevailed, 41 to 20. Rural free delivery was made the sub-McRae of Arkansas said that the revenues this year would not exceed \$600,-000,000 and the estimates aggregated \$788,000,000.

ANOTHER DISPENSARY BILL Mr. Winkler Introduces a Measure Drafted by Tillman.

COLUMBIA, S. C., Jan. 18.—Representative Winkler has introduced a dispensary bill which was looked forward to with considerable interest, as it was said to be the production of a caucus of dispensary supporters, headed by Senstor Tillman, held here in November.

The bill proposes to retain the state dispensary headquarters and the board of control; abolishes the county boards; abolishes the state dispensary fund, dividing the profits among the counties and towns. This outs off the proportion of counties that have been partieipating in the dispensary school fund. It is provided that the present board of control shall serve out their terms; then a new board elected for five years, giving \$5,000 bond each. Sealed bids for liquor shall be advertised for, contracts awarded every July and successful bidders to give \$50,000 bond. No "case goods" are to be bought except on special order of consumers. A liquor commissioner must be elected by the legislature with an annual salary of \$3,000. He must be a total abstainer

and must give \$25,000 bond. There will be no county boards of control, the county dispensers to be appointed by the governor "with the advice and consent of the senate." The profits will be divided among the schools of the counties in which they are made. No liquor is to be rectified or watered at distilleries, the expanding process to be done at the state dispensary.

Prohibition counties must enforce the dispensary law; failing to do so, constables will be maintained therein at the expense of said counties.

MONUMENT TO GEORGIANS. Ladies' Aid Society of the Second Reg-

iment Will Act. SAVANNAH, Jan. 13 .- The Ladies' Aid society of the Second Georgia regiment, which was organized for service in the Spanish-American war, had a meeting recently in the parlors of the Savannah Volunteer guards. The society, composed of many of the best ladies of Savannah, did much during the late war to alleviate the lot of the soldiers of the Second Georgia.

Yesterday a meeting was held for the pu pose of furthering the movement to erect a monument in memory of the dead of the Second Georgia who succumbed to disease in camp or in hospital. It was determined to have a boulder of Georgia granite as suitable for the purpose. This will be 6 feet long, the same height and 3 feet in width. A cross will be cut in the boulder and inscribed at the head with the words "In ... emoriam."

At the foot of the gross will be the words, "Second Georgia Regiment." On either side of the cross will be inscribed the names of the deceased members of the war organization. The tablet will be erected immediately opposite the main entrance to Laurel Grove cemetery on the chapel green.
