

SUCCESSOR TO THE ROCKINGHAM ROCKET, Old Series, Vol. XVII, No. 30, New Series, Vol. I, No. 48.

ROCKINGHAM, N. C., THURSDAY, MARCH 8, 1900.

\$1.00 PER YEAR IN ADVANCE TO EVERYBODY.

PLAGUE IN HAWAII ABATING.

Surgeon General at Washington Receives Encouraging Report.

WASHINGTON, March 6.—The surgeon general of the marine hospital service has received a report from Surgeon D. A. Carmichael, at Honolulu, summing up the plague situation there and at Kalaibahi, on the island of Maui, and at Hilo, Hawaii.

At Honolulu he says that up to Feb. 19 the situation looked promising. On that day three new cases, all fatal, were reported. The infection in these cases is supposed to have been from Asiatic fleas.

Dr. Carmichael gives the results of observations of a trip made by Consul Haygood, President Wood of the board of health and himself to Kalaibahi, Maui and Hilo. At Kalaibahi the inhabitants of Chinatown, where the disease was discovered, had been moved to a detention camp. Chinatown destroyed by fire and the dead burned. No cases had developed since Feb. 10 and the situation was well in hand.

Sugar is shipped directly from Kalaibahi to San Francisco. All cargoes are discharged in the open bay. Arrangements were made for the shipment of sugar direct from the plantations to the landing place and thence to the lighters, so as to avoid any danger of infection by the men engaged on the work.

At Hilo the doctor found only one case of the plague reported. The case resulted fatally.

The party returned to Honolulu Feb. 1. There have been so few cases here, the doctor adds, that the anti-plague serum has not had a fair trial.

POLITICS ON CUBAN ISLAND.

Spaniards May Elect Mayor in Havana and Cienfuegos.

HAVANA, March 6.—Governor General Wood says that as soon as the complete census returns are received the recommendations of the election committee will be formally approved and published, thus enabling preparations to be made forthwith throughout the island for elections May 1.

There is very little doubt that the Spaniards who are as yet unregistered, if they choose to vote, can elect the mayor in Havana and Cienfuegos as well as other cities, possibly, if they unite upon a candidate. This fact is recognized here, and as a consequence candidates for the mayoralty are beginning to cater to the Spanish vote.

It is generally believed that Senor LaCoste's action in removing the prohibition against displaying the Spanish flag means that he would be a candidate for the mayoralty. Senor Gomez, a negro orator of considerable popularity and an editorial writer on the staff of the *Discusion*. Some of the friends of Senor San Miguel, editor of the *Lucha*, are urging him to come forward, but he has no ambition for civic honors.

NEGRO FATALLY STABBED.

Lingers for Hours and Refuses to Talk of the Affair.

COLUMBIA, S. C., March 6.—A curious killing is reported from Greenville. It took place within a few yards of the jail in the presence of several persons. The wounded man lingered at his home for hours. He would neither talk nor send for a doctor.

Homer Ward, a well known young white man, pursued Neal Teague, a young negro, up an alley. They fought and Ward got Teague down. Ward's sister was near. She first begged her brother not to kill Teague, then she changed her mind and said he ought to be killed.

Three witnesses say Teague cried out: "For God's sake don't stab me to the heart."

A sharp instrument was inserted between the fourth and fifth ribs and punctured the wall of the heart.

Southern States Flourishing.

CHATTANOOGA, March 6.—The new industries reported by The Tradesman during the week ended March 3 include brick and tileworks in North Carolina; a broom factory in South Carolina; brownstone quarries in North Carolina; two cotton mills in Alabama, one in Georgia, three each in North Carolina and South Carolina; an electric light and power company in North Carolina; flouring mills in Georgia; two furniture factories in North Carolina; an ice factory in Tennessee; knitting mills in Florida, Georgia and North Carolina; jumber mills in Georgia and North Carolina; a machine shop and a mattress factory in North Carolina; a mosquito net factory in Tennessee; a naval stores company in Florida; oche and sienna mines in Georgia; a soap factory in South Carolina; telephone companies in Florida and North Carolina.

Many Were Vaccinated.

SAVANNAH, March 6.—Health Officer Brunner estimates that during the past two months over 20,000 people have been vaccinated in Savannah. He and the city physicians have vaccinated no less than 15,000 in that time and he is satisfied the left arms of fully 50,000 patients have been punctured by their physicians. The reports from the surrounding country as to the prevalence of smallpox are not very encouraging, and some cases have been brought to Savannah. Every case that has been found here has been traced directly to some other city. There are now seven cases of smallpox at the pesthouse that are directly traceable to other cities.

Fatal Cutting Affray.

DECATUR, Ala., March 6.—Sam Williams, son of a wealthy merchant of this county, a mere lad, became involved in a difficulty with a grown young negro and used a knife, cutting the negro, who will die.

Educator Shoots Himself.

BANGOR, Me., March 6.—Professor F. L. Harvey of the University of Maine, shot and killed himself today at his home in Orono. He had been suffering from mental troubles resulting from

RHODES IS LOYAL FOR POLICY ONLY

"Africa For Afrikaner" His Creed, Says England.

WILL FORTIFY HIS TOWN

The Diamond King Says Annexation Will Not Bring the Peace the Imperialists Dream Of—England Expects Friction.

LONDON, March 6.—The Morning Leader says:

"Of one thing we may be certain: Cecil Rhodes, who knows South Africa, has made up his mind that the annexation of the republic will not bring the lasting peace which our imperialists prophesy. Mr. Rhodes is so sure this will not happen that he is prepared to set to work at once on the fortifications of Kimberley."

"We incline to think that Mr. Rhodes is preparing for a possible armed conflict with the imperial faction which he fought at the polls and in parliament until 1896. He is preparing to resist any attempt on our part to interfere actively in South African affairs, either in the interests of the Dutch elector, whose vote is already threatened, or of the Kaffirs, who seem doomed to virtual slavery."

"This is not, indeed, an extravagant hypothesis. Rhodes has consistently maintained a policy of 'Africa for the Afrikaner' and on his lips the latter word is synonymous with the financier. He will be loyal to the English flag just so long as it continues to be a valuable commercial asset."

SCENES ON COLENSO ROAD.

General White's Garrison Toll of Harrowing Conditions.

LONDON, March 6.—The Boers in northern Cape Colony are in full retreat to the Orange Free State. The possession of Stormberg puts General Gatacre in railroad communication with General Clements at Colesberg, for though the Boers partially wrecked the railroad, it can be quickly repaired and thus the entrance of additional British troops into the Free State will be greatly facilitated.

The position gained by General Brabant at Dordrecht is reported to be exceedingly strong. According to the Times correspondent the Boers' numbers alone enabled them to retreat from Dordrecht, practically unhindered. He also reports a violation of the white flag by the Boers and that they deliberately fired at close range on a stretcher party.

General White's garrison has begun to leave Ladysmith and there is talk of Colenso presents scenes that exceed in horror those depicted in Dante's "Inferno." Dead men and animals are lying mutilated and putrid in the trenches formerly occupied by the Boers and fill the air with a sickening stench. In cases where hurried burial had been attempted the rains have washed the earth away and out of the earth stick ghastly legs and arms of dead burghers.

A dispatch from Orifont says that another important British success will cause President Steyn to flee to Pretoria, leaving a provisional government at Bloemfontein which is likely to make peace overtures, those Free Staters not wishing for peace trekking into the Transvaal and there helping to make a stand which most of the British military critics now point out will constitute the most difficult and deciding feature of the war.

LABOR IS AT A PREMIUM.

Alabama Mines and Furnaces Forced to Import Operators.

BIRMINGHAM, Ala., March 6.—Because of the readiness of the big new steel and iron works now completing at Ensley to begin operations and the large number of furnaces, mills and mines being started up everywhere in North Alabama, there is a labor shortage in this section, both for skilled and unskilled work, and labor agents are scouring the south for the latter class and the north for the former.

The rolling mill men are expected to reach here from Ohio and Pennsylvania, while a large number of steel workers are to come to work at Ensley. Hundreds of negroes are at work in one and two shifts, having been brought from Georgia, the Carolinas and the south-west, but this will not nearly satisfy the demand, while wages are higher than ever before for the work that is to be done.

Battle at Dordrecht.

DORDRECHT, March 6.—Following yesterday's success General Erbrant again engaged the Boers today with advantage, holding the position captured yesterday. There was some smart fighting this morning, the British losing five or six men in capturing the Boer fort, thus vastly improving their position. The Boers fought tenaciously, contesting every inch of the ground, but ultimately they retreated, carrying off their guns and wagons. A mounted force pursued them, but the result is not yet known. The British casualties during the two days were 80 wounded, 13 or 18 killed. The Boer losses are unknown. Throughout the arduous fighting the colonials behaved splendidly.

Netal Clear of the Boers.

LONDON, March 6.—The war office received the following dispatch from Lord Roberts, dated Orifont, March 6: "General Gatacre occupied Stormberg yesterday. The lines of railway north and west will now be repaired. General Clements is at Jonber's siding, a station beyond Colesberg. General Buller reports Natal now practically clear of the enemy and that he cannot hear of any formed body of the enemy anywhere. The Boers left some ambulances full of their sick from which the mules had been taken for transport service."

Gatacre in Stormberg.

STORMBERG, March 6.—General Gatacre entered Stormberg yesterday. The railway station is intact.

A PROFESSIONAL FORGER.

Crook Arrested in South Carolina Had a Varied Career.

COLUMBIA, S. C., March 3.—G. W. M. Williams, arrested in Augusta for opening another man's mail and forging a check, seems to be going in the face of providence to be caught in Georgia.

His record is unique. After practicing law in Barnwell county and in Columbia for a number of years, he went to Savannah and vicinity, where he was detected in crooked work and released on bond. He returned to his home and at the first term of court was discharged.

Then, having jumped his bond, requisition papers were got out and a Georgia agent sent for him. The papers were honored here and the agent went for his man.

The magistrate refused to arrest Williams, but at Williams' demand, arrested the Georgia agent for forgery, declaring Governor Elierbe was ill and had not signed the requisition papers.

While the agent was attempting to keep out of jail and get bondmen, Williams fled and his arrest in Augusta is the first heard of him since.

LONG TRIP FOR A HUSBAND.

Arkansas Maiden Makes Determined Effort For Helpmate.

COLUMBIA, S. C., March 5.—Miss Kittle Swain of Batesville, Ark., did not believe in "mastery inactivity" for women. Five years ago she met S. M. Butler of Duncan, S. C., who was then residing temporarily in Arkansas. They have since carried on a correspondence and marriage has resulted.

Miss Swain made the long journey from her western home alone, arrived at Butler's home and they drove into Greenville and to the home of Rev. A. J. S. Thomas, D. D., editor of *The Baptist Courier*.

They wished the knot tied then and there in the carriage standing in the street, but Dr. Thomas was opposed to proceedings so undignified, and made them drive to a hotel, where the ceremony was performed.

Celebrated Their Acquittal.

COLUMBIA, S. C., March 5.—After a trial lasting six days C. S. Matthews, L. B. Frick, J. J. Frick, P. Connor, John Connor, D. J. Dehart and John Fulmer, all prominent farmers of Lexington, were acquitted of the assassination of Patrick Bowers, a wealthy land owner, on July 14, last. The case was sensational and the public is not satisfied that justice has been done. The men were neighbors and Bowers had refused them certain concessions in passing through his land. He was shot from ambush. The dispensary closed during the trial to prevent trouble. On being reopened it was taken charge of by the acquitted men, who "treated" their supporters.

Negro Postmaster D-faults.

RALEIGH, March 5.—O. W. Battle, a negro, postmaster at Battleboro, is in jail at Halifax for embezzling \$400 of money order funds and failure to make returns of postoffice funds. A white man named Stokes succeeded him as postmaster. Battle is the fifth negro postmaster to get into trouble in north-eastern North Carolina recently, the others being Hargett, at Rocky Mount; Pittman, at Tillery; Baker, at Lewiston; and a man at Roseneath.

Boy Shoots His Sister.

CAMDEN, S. C., March 5.—An inquest held over the body of Henrietta Carlos, 10 years old, resulted in the evidence that the girl was sitting by the fire when her brother, John, aged 11 years, shot her in the back of the neck with a parlor rifle, the bullet entering the brain. The girl fell forward into the fire. The boy claimed the shooting was accidental and the jury gave him the benefit of the doubt.

Olympia Cotton Mill.

COLUMBIA, S. C., March 5.—The contractors are getting the work of constructing the great Olympia cotton mill here well under way. The foundations necessarily had to be unusually massive, and it took time to make the walls show above the excavations, but now the walls are rising rapidly, particularly at the eastern end of the big structure. Many men are employed on the force.

Their Single Thought.

They were two souls with but a single thought. She rouged her cheeks, supposing no one knew; He dyed his whiskers, thinking she knew not. In secret both said, "What a fool are you!" —Chicago Times-Herald.

A Good Medicine for Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Morgan, a well known and popular baker, of Peters burg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it is no opium or other harmful drug." Sold by S. Biggs.

ROYAL Baking Powder

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menace to health of the present day.

MUCH DISTRESS IN LA GLORIA COLONY

United States Urged to Help the Destitute.

COLONISTS STILL ARRIVE

The Secretary of Agriculture Has Decided That the Colonists' Titles Are of Doubtful Value, and Many Have Abandoned Their Claims.

HAVANA, March 5.—Sixty proposed colonists, bound for La Gloria, have arrived at Nuevitas on board the Yarmouth, from Brunswick, Ga. According to the latest advices from La Gloria, much distress exists there, especially among those who have lost all and who must depend upon the work they can obtain in the districts of Puerto Principe and Nuevitas.

Already requests have been made to the United States government to furnish transportation for these destitute people. It is said that only 70 out of the original 1,000 still remain at La Gloria. These figures do not include the Yarmouth's passengers.

General Rivera, secretary of agriculture, says that the titles of the colonists are of doubtful value and that many of the settlers, after investigating the management of the colony will be abandoned them altogether.

The colonists express their gratitude to the quartermaster's department for furnishing them as much work as possible. In all probability an investigation into the management of the colony will be instituted.

ARRESTED FOR SWINDLING.

Agent in Tomb for Crooked Deals in the South.

NEW YORK, March 6.—Joseph C. Metcalfe, a well known real estate man in Brooklyn, is under arrest here. He is supposed to know the details of the recent swindling operation alleged to have been worked upon William D. Cronkley of Harrison, Tenn., by Mrs. E. Knights of Spauld, N. Y., who was known for many years as Ellen Peck, the "Queen of Confidence Woman."

Mrs. Knights is also a prisoner in the toms. Mr. Cronkley is the owner of a plantation of 1,000 acres in Warren county, N. C., which is made especially valuable by a productive magnesite spring. About a year ago, according to which Mr. Cronkley's story, he wished to dispose of the property, and advertised considerably.

Mrs. Knights visited him at Washington and at his plantation in company with Mr. Metcalfe. The woman so impressed him that he loaned her \$1,000. He also turned over to her the deed for mortgages on other property.

Today, however, Mrs. Knight was found at the toms and induced to reconvey the plantation to the impoverished Mr. Cronkley. They say the deal was perfectly legitimate and that he was himself deceived by the woman and her representations.

AN UNFORTUNATE FAMILY.

Alabama People Afflicted With Many Severe Fevers.

COLUMBUS, Ga., March 6.—A remarkable case of misfortune, continued and persistent, is afforded in the sad and unusual experience of the Crapps family, in Phenix City.

A year ago P. Y. M. Crapps and family moved to Phenix City from Salem. About five months ago a malignant form of typhoid fever developed in the family. The wife died and the condition of the children continued so desperate that Mr. Crapps moved his residence to another part of the city.

Strange to say, the condition of his children grew worse, and others were seized with the dread disease. One after the other, three of his children died. The family has since moved about repeatedly, thinking that the sickness was due to the peculiar conditions of some part of the town, but the disease has followed them steadily from one street to another.

The last death was that of a young man nearly grown, who was buried a few days ago. Two more of the children are sick and may not recover. There is general sympathy for the afflicted family, and the good people of Phenix City are raising funds and assisting them in their trouble.

"Wet" Element Dissatisfied.

ORLANDO, Fla., March 6.—A petition is being circulated for signatures asking for another wet and dry election. About two years ago the temperance people circulated such a petition and secured the requisite number of signatures to have the election called. In that case the temperance people won the day, and since Oct. 1, 1898, Orange county has had no saloons. This time it is the wet element that is moving in the matter and they believe that sentiment has so far changed since the last election that the election now asked for will be ordered, and the county will go wet next time.

General Wheeler Home.

SAN FRANCISCO, March 6.—The United States transport Warren has arrived from Manila via Hong Kong. General Wheeler and his daughter are aboard the transport. The Warren made a stop of ten days at Guam to permit General Wheeler to make an investigation of the government established there by Lieutenant Leary.

Florida Medical Society.

ORLANDO, Fla., March 6.—The state medical society will hold its next annual meeting in Orlando on April 11. The doctors have a strong organization in Florida, and they are apt to turn out in force, accompanied by their wives, at their annual meetings. Orlando will give them a cordial welcome and treat them handsomely.

BOY SLAYER BOUND OVER.

Fifteen-Year-Old Criminal Charged With Voluntary Manslaughter.

ATLANTA, March 3.—Paul Rainwater, the 15-year-old schoolboy who killed his playmate, Frank Slappey, last week, has been bound over on the charge of voluntary manslaughter. His bond was fixed at \$500, which was readily given.

The father and mother of the dead lad appeared as witnesses, as did Willie Slappey, a brother, Mrs. Mattie Lewis and two negro girls, Queenie Thomas and Cornelia Flood and others. Queenie Thomas, who said she had witnessed the affair, delivered the most startling testimony of the trial. She said she saw Paul Rainwater when he stabbed Frank Slappey and saw the latter fall to the ground.

Young Slappey was stabbed a week ago and died Sunday morning. It seems that he and his brother were playing marbles in their front yard when Paul Rainwater and a companion, Berry Langford, passed along the street. The younger Slappey boy said that the other two lads appeared to make fun of him and his brother, and they stopped the game and went around in the back yard.

FOURTEEN-STORY BUILDING.

Atlanta to Have a New Skyscraper Erected Soon.

ATLANTA, March 5.—President T. Jefferson Coolidge, Jr., of the Old Colony Trust company of Boston is spending a few days in Atlanta and is accompanied by Samuel Carr of Boston.

Mr. Coolidge is one of the largest stockholders in the Tifton, Thomasville and Gulf railroad, now being constructed between Tifton and Thomasville. Mr. I. M. Atkinson is president of the road.

Mr. Coolidge will shortly erect a magnificent 14-story building at the corner of Broad and Marietta streets. It will be known as the Empire building.

Mr. Coolidge stated that as soon as the Empire building was constructed he would probably begin the construction of another big office structure in Atlanta. He has already purchased the property on which it is probable the contemplated structure will be built. Mr. Coolidge is enthusiastic in his praise of Atlanta.

HOLD INTERSTATE FAIRS.

Atlanta's Exposition Buildings Will Be Preserved.

ATLANTA, March 3.—At an enthusiastic meeting of a number of business men to discuss the advisability of demolishing the old exposition buildings, owned by the Atlanta Amusement company, the following resolution was introduced by James W. English, Jr.:

"Resolved, That the board of directors of this company be authorized and requested to confer with a committee of business men, including T. H. Martin, and endeavor to effect plans for an annual interstate fair in Atlanta, the first fair to be held this fall. Also that the Business Men's League, the chamber of commerce and the Retail Grocers' association be requested to co-operate in the movement."

This resolution was adopted with enthusiasm and each member present at the meeting pledged himself in active support of the plan.

Nothing Diminutive About Tom.

"They say that Puglist Tom Sherk has \$100,000 in a San Francisco bank."

"His name is evidently the diminutive for plain money shark." —Cleveland Plain Dealer.

Banker Routs A Robber.

J. R. Garrison, Cashier of the bank of Thornville, Ohio, had been robbed of health by a serious lung trouble until he tried Dr. King's New Discovery for Consumption. Then he wrote: "It is the best medicine I ever used for a severe cold or a bad case of lung trouble. I always keep a bottle on hand." Don't suffer with Chest or Lung trouble when you can be cured so easily. Only 50c. and \$1.00. Trial bottle free at all Drug Stores.

Be Careful

No woman can be too careful of her condition during the period before her little ones are born. Neglect or improper treatment then endangers her life and that of the child. It lies with her whether she shall suffer unnecessarily, or whether the ordeal shall be made comparatively easy. She had better do nothing than do something wrong.

MOTHER'S FRIEND

is the one and the only preparation that is safe to use. It is a liniment that penetrates through the outside. External applications are eternally right. Internal medicines are radically wrong. They are more than humbugs—they endanger life.

Mother's Friend helps the muscles to relax and expand naturally—relieves morning sickness—removes the cause of nervousness and headache—prevents hard and rising breasts—shortens labor and lessens the pains—and helps the patient to rapid recovery.

From a letter by a Shreveport, La., woman: "I have been using your wonderful remedy, Mother's Friend, for the last two months, and find it just as recommended."

Druggists sell it at \$1 per bottle.

THE BRADFIELD REGULATOR CO. ATLANTA, GA. Send for our free illustrated book, "Before Baby is Born."

A Lynching Party.

COLUMBIA, S. C., March 5.—Two bodies of armed men are hunting for John Wilson, a negro, who attempted assault on two young girls, operatives of Treapaw mills, Spartanburg county. There are 100 in each party, and he will be lynched if caught. There are very few negroes in Spartanburg county. It has been years since an attempt of this kind has been made.

A Two-Color Chicken.

WINSTON, N. C., March 3.—J. T. Wyatt of Raith, N. C., has a freak in the way of a chicken. The fowl is white on one side and black on the other, and the only one in the world so far as known. He is thinking of sending it to the Paris exposition as the greatest chicken curiosity in the world.

SHE STRUCK HER MOTHER.

Aed Was Instantly Seized With Paralysis.

FORT VALLEY, Ga., March 3.—Sarah Matthews, a negro woman about 60 years of age, was struck with paralysis at her mother's home near this place under extraordinary circumstances and is now lying in a most critical condition.

She lives with an infirm mother who is now more than 80 years old and who has been totally blind for 20 years. The younger woman has been repeatedly accused of mistreating her aged mother and on more than one of these occasions of abuse the old woman has warned her daughter that some judgement would overtake her for lack of filial love and respect.

While the Matthews woman was beating her mother she was suddenly stricken with paralysis and lost complete control of her limbs. She is still helpless and is not likely to recover.

Fire at Rockmart.

ROCKMART, Ga., March 3.—The millinery store of Miss Jennie Morgan and the postoffice were burned here about daylight. The origin of the fire is not clearly known, but it is supposed to be from a defective flue. All the effects in both houses were saved. The house in which Miss Morgan kept her millinery is said to have been insured. There was no insurance on the postoffice. But for the favorable direction of the wind and the fact that both buildings were covered with slate, many other buildings would have been consumed.

Hardware Jobbers to Meet.

KNOXVILLE, March 3.—O. B. Carter of this city, secretary of the Southern Hardware Jobbers' association, announces that the association's tenth annual meeting will be held at Old Point Comfort June 14 and 15. It will be attended by representative hardware men from all sections of the south.

Tennessee Maid of Honor.

CHATTANOOGA, March 6.—Miss Marion Faxon of this city has been appointed maid of honor from Tennessee to the confederate reunion at Louisville by Governor McMillan and General John B. Gordon. She is a daughter of Hon. John W. Faxon, vice president of the First National bank.

Youthful Incendiarists.

FORT VALLEY, Ga., March 3.—A scheme of several small boys, sons of prominent families, to burn Grady institute was discovered in time to be nipped in the bud by Night Marshal Newell. The names of the boys have not been made public.

State Y. M. C. A. Meeting.

MACON, March 3.—The Young Men's Christian association convention will meet here on March 22 instead of March 18, as was first announced.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten is caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. Cheney & Co., Toledo, O. Hall's Family Pills are the best.
