FINLAYE SAYS HE WILL FACE CHARGE

Will Return to Kentucky When His Case Comes Up.

REQUISITION BE REFUSED

Governor Mount Will Not Surrender Accused to Beckham—Trial of Colson—Captain Golden Put on Witness Stand by Commonwealth.

INDIANAPOLIS, April 18.—Charles Finlaye, former secretary of state of Kentucky, who has been here for several weeks, has been notified of the indictment that has been returned against him and other Kentucky Republicans, was called upon today by the Kentucky Republicans who are in the city.

"I intend to return to Kentucky and face the indictments against me," he said. "My mind has not been changed by the news of the indictment. I have all along intended to go back to my state. I cannot say just when I shall go, probably not until the trial on the indictment, for I am not willing to go back and be thrown into jail. When the time for the trial comes, however, I shall go to Kentucky and defend myself against the unjust charges that have been brought against me."

Mr. Finlaye said further that he had no doubt that he would have been thrown into jail like Powers and Davis were in Lexington, if it had not been simply by chance private interests had brought him into Indiana.

As to his belief as to whether Beckham would make another attempt to remove him from Indiana by requisition Mr. Finlaye politely declined to talk.

CANNOT ARREST FINLAYE.

Governor Mount Will Refuse Requisition of Governor Beckham.

FRANKFORD, Ky., April 18.—It is believed here that there will be some trouble in securing the extradition from Indianapolis of ex-Secretary of State Charles Finlaye, who has been indicted by the grand jury in connection with the murder of Governor Goebel.

Governor Mount of Indiana has refused to recognize requisitions from Governor Beckham and Governor Taylor will not be asked to make the requisition by the Franklin county officials, because that would be a requisition of the contestee, who has an adverse decision from the state courts.

COLSON PLACED ON TRIAL.

Captain Golden Appears as Witness For Prosecution.

FRANKFORD, Ky., April 18.—The taking of testimony in the Colson trial commenced this morning in the circuit court.

The first witness introduced by the commonwealth was Captain B. B. Golden, who was badly shot during the duel and who is supposed to have entered the hotel office with Ethelbert Scott. Golden testified at length as to his whereabouts after arriving in this city up to the time of the shooting.

Golden said he left Scott at the cigar stand and started across the office to the main entrance. Did not know whether Scott was following him or not, got almost to the door when he saw Colson arise from his chair and heard some one moving rapidly behind him.

"Colson took steady aim and fired the first shot," said the witness, "but I don't know who fired the second. I was shot in the back while trying to get out of the room."

In the cross examination nothing new was brought out and after two hours on the stand Captain Golden was excused.

ELECTION IN LOUISIANA.

Democrats Carry State by Large Majority—Light Vote Pollied.

NEW ORLEANS, April 18.—The Democrats elect every one of their senators and representatives. The storm interrupted communication with many of the country districts, but such returns as have been received indicate Democratic majorities, and it looks as though the two Republican tickets together had received not over 15,000 votes, a Democratic majority of 3 to 1.

The total vote will scarcely exceed 600,000 against 207,000 a year ago and with a total registration of 400,000.

The state senate will be unanimously Democratic, and the house of 105 members will contain about three Populists and two Republicans. This assures the reelection of McEnery to the United States and M. J. Foster to succeed Senator Caffery.

Democrats Carry New Haven.

NEW HAVEN, April 18.—The annual election of city and town officers resulted in a complete victory for the Democratic candidates. No majority candidates were voted for. The Democratic majorities range from 2,000 to 2,300 and are the largest in years. The Democrats have control of both branches of the common council.

ILLINOIS LICENSE ELECTIONS.

CHICAGO, April 18.—Of 145 cities, towns and villages in Illinois, 70 voted against license, 55 for license, 10 for high and Lockville for low. Republicans carried 11 of the 18 communities in which party lines were drawn.

Present to Deweys.

PITTSBURG, April 18.—Admiral George Dewey and his wife have been tendered magnificent portraits in oil of themselves by President Charles M. Schwab of the Carnegie company and M. Chantian, the famous French painter, has been commissioned by Mr. Schwab to do the work.

Mrs. Bere Married.

NEW YORK, April 18.—The newspapers announce the marriage in this city yesterday of Mrs. Bernard Bere, the actress, to C. W. Oliver, a former private secretary of Lord Lansdale.

SERIOUS RIOT AT SELMA.

Strike Sympathizers Refuse to Allow Operators to Work.

SELMA, N. C., April 18.—This village is the storm center of the Southern railway telegraphers' strike.

Most of the village sympathize with the strikers. Four railway police are here to preserve order, but are helpless before the mob that surrounds the station. All efforts to install the new operator have been in vain, as a mob of 75 or 100 gathered and said it would kill the first man who entered the office. A mob boarded the train from Norfolk looking for another operator, but he was not there.

The wires are cut and the office is still locked. The names of some of the mob that if he tried to telegraph his life would not be worth 2 cents.

At Gibsonville there was trouble. A new operator arrived on the train. The conductor opened the station and the operator was put in, but as the train left the strikers and sympathizers rushed in and ejected the new man.

EXPERIMENT WAS A SUCCESS

South Carolina Farmers Will Raise More Tobacco.

CONWAY, S. C., April 17.—Last year several farmers in this county were induced to plant tobacco as an experiment, the merchants of the town erecting a large warehouse which was placed at their disposal, and under the management of an experienced man. The transactions through this house last season amounted to nearly 100,000 pounds, the price averaging about \$62.50 per 100 pounds.

The product was of a high grade and the results so satisfactory that this year tobacco will be the leading crop among the farmers. The soil is excellently adapted to the culture of high grade tobacco, and the farmers are pleased with it, because it is the best ready money crop they have yet found.

To handle this year's product the old warehouse will be run under the same management, while a new one of equal capacity is now being built.

COLONY OF WESTERNERS.

Several Hundred Have Located Near Conway, S. C.

CONWAY, S. C., April 17.—Homewood colony, situated about 4 miles from Conway, is composed of emigrants from the middle northern states, who have come here seeking better farming lands. Monthly excursions from Chicago enable them to come and locate the land over and purchase land and send north for their families. They are thrifty, scientific farmers, introducing new methods of farming and more varied crops. Several families located here last winter and others will come this fall and winter, having already purchased their farms.

Deep Water at Georgetown.

Committee of Board of Trade of This City Will Appear before the river and harbor committee of the house of representatives at Washington this week to recommend an appropriation of \$500,000 for the improvement of the approaches to that city. The report of Reid Whitford, assistant United States engineer, under authority of the act of congress passed at the last session, urges the importance of the projected improvements.

Will Succeed Judge Ewart.

WASHINGTON, April 18.—In spite of inspired statements from this city and points in North Carolina, it is apparent to all who take the trouble to investigate that Judge Ewart is not to be judge much longer. His name, it is asserted, is not to be reported by the senate subcommittee, and his term of service will end with the last moment of the present session of congress. It is also stated that Senator Pritchard of North Carolina will be Judge Ewart's successor.

Prospective New Railroad.

SPARTANBURG, S. C., April 16.—The proposed railroad from this city to Poore's Ford, N. C., to connect with the road known as the Folk County railway, which will soon be built, is being given serious consideration by influential citizens here. The city council several years ago voted \$25,000 in 8 per cent. bonds for a railroad to be built from Spartanburg to Rutherfordton, N. C. This plan can be realized by constructing the line to Poore's Ford.

Fell From the Bridge.

COLUMBIA, S. C., April 17.—While at work on the Seaboard's new bridge across the Congaree below the city, one of the workmen fell from the middle spans, turned over several times and disappeared beneath the water. A rope was lowered and one of his fellow workmen climbed down, dove into the water and rescued the unfortunate man. Although he fell about 50 feet, it is believed he will recover.

Accepted by Commission.

COLUMBIA, S. C., April 13.—The Seaboard Air Line's new line, Columbia to Cheraw, completing the new Florida route, has been inspected and accepted by the railroad commission of this state. Passenger service will be inaugurated at once and a through vestibule service from New York to Tampa will be running at an early date.

State May Appeal.

COLUMBIA, S. C., April 16.—Attorney General Bellinger contemplates carrying the question of the Neal indictment before the supreme court. He thinks it necessary to have that tribunal decide whether or not Neal was responsible for the collection of convict hire money, as that question enters largely into the Carolina bank suits.

Nearing Completion.

CONWAY, S. C., April 17.—The Conway and Seashore railroad, a short line connecting Conway and the beach, is now within one mile of being completed. Great difficulty is experienced in getting a sufficient number of hands to do the work properly, but the road will be finished in time for summer travel.

MAY INVOLVE THE WHOLE OF EUROPE

America Will Enforce Payment of Indemnities.

SEIZE PORT OF SMYRNA

Unless Claims of American Missionaries Against Turkey Are Immediately Adjusted United States Will Take Charge of Turkish Harbor.

WASHINGTON, April 18.—The United States charge d'affaires at Constantinople will be directed to inform the sultan that this government must insist on the payment without further delay of the indemnity for outrages on American missionaries and destruction of their property, unless prompt action on the sultan's part anticipates the ultimatum and the debt is discharged before a resort is made to drastic measures.

Several courses have been urged on the president for the collection of the indemnity, which is admitted by the sultan to be due to the American missionaries. Consideration has been given to a proposition to seize the port of Smyrna and administer its customs revenues until the judgment and expenses of collection are cancelled. This course has not been wholly abandoned in the remote contingency that satisfaction is indefinitely delayed.

It involves serious complications in the Mediterranean, for which the United States is extremely reluctant to assume responsibility for the recovery of so small an amount at the present time. It might precipitate war through Turkey's sending some of its antiquated warships to Smyrna to resist the temporary American occupation. In that event the necessity for sending a large fleet to the Mediterranean would create alarm among the powers and disturb the delicate equilibrium now existing in Europe.

Under the circumstances it has been determined to exhaust all resources of peace with confidence that the sultan will be brought to understand that his promises cannot be lightly broken.

The proved claims against Turkey include about \$300,000 for the destruction of property alone. To these which admitted of practically no dispute, there was added the Lantz claim of \$40,000 which was presented to Secretary Olney.

PORTE REPLIES TO POWERS.

Serious Complications May Arise From Increase of Duties.

CONSTANTINOPLE, April 18.—The porte has replied to the third of the collective notes of the powers on the subject of an increase of 3 per cent in duties. The note announces the intention of the government to adhere to the plan of increasing the duties on account of the bad condition of the Turkish finances.

The ambassadors have decided to address another note to the porte again stating their objections to such an increase without a previous understanding with the powers.

LEGRANDE ON ALCOHOLISM.

Alabama Physician Has Strong Views on Subject.

MONTGOMERY, Ala., April 18.—Dr. C. Legrande of Birmingham, president of the State Medical association in session here, delivered his annual address and complimented the state board of health on the practicability and economy of its yellow fever quarantine service for the past two years and advised that a compulsory vaccination law was a necessity in Alabama. He said typhoid fever should be included among the dangerous contagious diseases and that statistics and conditions concerning it should be gathered by the association.

He called attention to the fact that alcohol had done more than any other agency to wreck the health of our people. Prohibition and the dispensary had both failed to attain their desired object. He suggested that education with suitable textbooks showing the evils of alcoholism was the true solution for men who are now imbricated the state should establish an asylum, he insisted.

CAREY'S WOUND WAS FATAL.

Editor Who Made Fight Against Gambling in Charleston Dead.

CHARLESTON, April 18.—W. J. Carey, editor of The Seashore Review, a small publication which made a bitter fight against gambling in Charleston, is dead. Two weeks ago Carey was cleaning an old pistol when it was accidentally discharged, the ball entering the breast just above the heart. There were sensational rumors afloat at the time about the shooting and the story was current that Carey was cleaning his firearms in anticipation of trouble. Carey made a bitter fight against the city administration and the police department. What he printed caused a big stir here, but since the shooting the tone of the paper has been changed.

Sale of Georgia Pine Land.

DAVIS STATION, S. C., April 17.—O. M. Davis, president of the O. M. Davis Lumber company of this place, is in South Georgia, where he is arranging to develop a 10,000 acre tract of long leaf yellow pine stumpage which he bought some time ago.

Open For Business.

COLUMBIA, S. C., April 16.—The new State Bank and Trust company of this city has opened its doors for business. The bank is in charge of Dr. W. H. Timmerman as president, Edward Ehrlich as vice president, and John Taylor as cashier.

Awarded \$10,000 Damages.

CHARLESTON, April 16.—In the court of common pleas the sealed verdict in the case of Mrs. Mary K. Appleby against the South Carolina and Georgia railroad was opened and found to contain a judgment for \$10,000 for the plaintiff.

BE NO FUSION THIS YEAR.

Republicans and Populists to Nominate Separate Tickets.

WASHINGTON, April 17.—The efforts of the Populist and Republican leaders of North Carolina to agree upon terms of fusion have failed, and according to the announcement made by Senator Pritchard, representing the Republicans, and Senator Butler, representing the Populists, they are to be tickets represented by each party in the North Carolina campaign.

Apparently this is an assurance of Democratic success, although both Pritchard and Butler talk hopefully of the prospects. Senator Pritchard has reached the conclusion that the failure of fusion, which gave the Populists and Republicans temporary power in the state, will bring about a Republican victory and the state will go in the McKinley column. Senator Butler, on the other hand, is positive that the failure of the fusion which he, like his Republican colleague, has been trying to promote, insures a Populist victory.

ANOTHER NEW COTTON MILL.

Commission Issued to Greenville Company—Other Enterprises.

COLUMBIA, S. C., April 18.—The secretary of state has issued a commission to the Carolina mill of Greenville, the capital stock of which is to be \$50,000.

The Blackshear cotton mill flooded notices of a decrease of its proposed capital stock from \$100,000 to \$50,000.

The Southern Telephone and Telegraph company of Barnwell filed notice of the increase of its capital stock from \$500 to \$5,000.

A commission was also issued to N. A. Craig, W. H. McBride and F. S. Evans of Greenville as corporators of the Greenville Hardware company. The capital stock is to be \$5,000.

SUMTER'S WALKING STICK.

Aged North Carolina Lady Has It In Her Possession.

WASHINGTON, April 18.—A letter to Senator McLaughlin from a prominent citizen of Windsor, N. C., conveys the information that Mrs. Hannah Biddle, an aged lady of that town and a granddaughter of ex-Governor Stone of North Carolina, has in her possession, as an heirloom, the walking cane of General Sumter, revolutionary hero.

The stick is in a good state of preservation, with the exception of some four or five worm holes. It is made of some kind of jointed wood, resembling birch, with a broken handle with an ivory capping, upon which is inscribed the word "Sumter," said to have been put there by the old general himself.

BENSON'S HALLUCINATIONS.

Imagined He Is Dreyfus and Is Pursued by His Enemies.

ASHEVILLE, N. C., April 13.—Michael Benson has developed a case of insanity and labor under the hallucination that he is Captain Dreyfus. The fellow was formerly employed on the Vanderbilt estate at Biltmore. He thinks that his enemies are pursuing him all the time and that they have succeeded in charging him with conducting and avoiding all street car rails and avoid all military capping, upon which is inscribed the word "Sumter," said to have been put there by the old general himself.

Prosecution Falls to Convict.

COLUMBIA, S. C., April 13.—The prosecution of Colonel W. A. Neal, ex-president of the penitentiary has fallen flat. Three indictments were returned by the grand jury, but the legislative investigation committee. On one case the jury brought in a verdict of not guilty on account of a technicality.

The second indictment was quashed on account of another legal technicality, and the third indictment was not pushed. It was not proffered, because the solicitor objected to that. In the absence of the solicitor it was continued, and that is the end of it.

New Enterprise For Gaffney.

GAFFNEY, S. C., April 18.—Plans are being perfected for the development of Gaston Shoals, near here. H. D. Wheat, president of the Gaffney Manufacturing company, has purchased that property with a large tract of land on either side of Broad river, and is now organizing a company to develop the water power. An electric power plant will be installed and power transmitted to Gaffney, Spartanburg and other nearby places. Plans include generally a handsome portico at the front and rear end of the building.

Boer Defeat Reported.

CAPE TOWN, April 16.—It is reported that General Brabant has defeated the Boers at Wepener and captured their arms.

Semi-Official Denial.

BERLIN, April 16.—The reports circulated of conferences between Count Von Bulow, the minister of foreign affairs and the Boer delegates are semi-officially denied and declared to be pure invention. It is added that the only thing which has occurred was an exchange of views of Boer reports made by the German consul at Milan, who personally knew the delegates, but who did not discuss political affairs with them.

THE WAR IN SOUTH AFRICA

British to Move Northward at an Early Date.

LONDON, April 17.—Ladyships dispatches confirm the report that the Boers have retired from the Elandslaagte district to their Biggarsburg positions. No raiding operations southward have been reported and it is now clear that the Boer advance was ordered for the sake of employing the burghers on active duty and of checking desertions. The British inactivity in one sense is masterly, since it demoralizes the enemy.

An official bulletin issued at Pretoria contains a survey of the military situation in the various sections and implies that there is activity all along the line. The Boer officials evidently find it necessary to convey the impression to their own people that the enemy's forces have not disbanded, but are actively employed at various points.

The only fresh claim of victory in this report is that General Freneman has defeated the Boers at an early date in the Orange river. There is no confirmation of this story from British sources.

General Chesmaite, with a full division moving east from Beaufort West, and the Boers may be caught in a corner somewhere in the southwestern section of the Free State.

The general situation at Bloemfontein is unchanged. Military experts here do not expect an advance north will follow for a week or ten days. Lord Roberts is probably waiting for large supplies of Cape Town, which have barely arrived at his headquarters.

At last Lord Roberts seems to be on the eve of moving his main body of troops toward Pretoria. Unless all the usual reliable sources of information and all the indications smuggled past the censor are at fault, the British army, within a few days, will be marching northward. After many premature and unfounded reports that have purported to tell of this move, there is naturally, even in the best informed quarters, considerable hesitancy in definitely setting upon the day Lord Roberts is likely to leave Bloemfontein, but there is a settled impression that it will occur either at the end of this week or the beginning of next.

The troops have been well rested during the few weeks' stay in Bloemfontein, and unless the British proceed northward now the strategical of the Boers will make itself felt. The advance will probably be made in parallel columns with an advance guard, sweeping northward to the east and west, the force amounting to 75,000 men.

The Boers come to the news that the Boer delegates refuse to make public the object of their mission. They hope to be received by Queen Wilhelm, but nothing in this direction has yet been decided upon.

Mrs. Turnbull was in charge of the board where connections are made between the various offices of the company. She had just made a connection, holding the plug in her left hand and the receiver in her right, her fingers chanced to close over the metal attachment, which sent the current through her body.

Four Perish In Flames.

NEWCASTLE, Pa., April 17.—A large tenement house occupied by Italian and negro families, near Rock Point, was destroyed by fire last night. David Abiate, an old man, and his three young nephews, Joseph, Pastelle and Erwin Abiate, were burned to death. Many of the other occupants escaped by jumping from the windows.

CHICAGO ST. LOUIS NEW YORK BOSTON

IN UNITED STATES COURT.

Kentucky Governorship Case Docketed and Set for April 30.

WASHINGTON, April 18.—The cases involving the Kentucky governorship have been docketed in the United States supreme court. A brief statement in which counsel for both Taylor and Beckham joined was filed at the same time asking for an early hearing. In this agreed statement, it is set forth that both Taylor and Beckham as governor, John Marshall as lieutenant governor on the republican side and L. E. Carter as president pro tem of the senate and John B. Casstleman as adjutant general on the democratic side are each and all demanding the right to and actually attempting to exercise the powers of the respective offices claimed by them, thus producing great confusion in Kentucky by reason of the doubts as to which official persons named have the lawful right to exercise the authority pertaining to the several offices named, all to the great injury and detriment of the people of the state.

The supreme court advanced the case to be heard April 30, and gave each side four hours for argument.

TELEPHONE GIRL IS DYING.

Was Victim of Peculiar Accident in Chicago Exchange.

CHICAGO, April 17.—Prostrated by an electric shock, received while at her desk in the offices of the Chicago Telephone company, two weeks ago, Mand Turnbull now lies at the point of death.

Physicians have been unable to relieve the continuous twitching of the girl's muscles, while the derangement of the nervous system has caused violent heart convulsions. These result in sinking spells, when the pulse ceases to beat until injections of strychnine are administered.

Mrs. Turnbull was in charge of the board where connections are made between the various offices of the company. She had just made a connection, holding the plug in her left hand and the receiver in her right, her fingers chanced to close over the metal attachment, which sent the current through her body.
