

EMDEN BANK LOOTED; BUILDING IS WRECKED

Robbers Blow Safe Open and Get About \$4,000.

DETECTED IN THEIR WORK

Man Aroused by the First Explosion Bound and Gagged—Officer Mortally Wounded by the Flying Robbers Who Make Good Their Escape.

EMDEN, Ill., Nov. 28.—Four masked men wrecked the Farmers bank of Emden early today. It is stated that they secured all the funds of the bank, between \$3,000 and \$4,000.

When the robbers discharged their first blasts of dynamite in an effort to open the vault, the explosion aroused a citizen, John Alberts, four blocks away. Alberts hurried to the bank. One of the robbers was on guard in the street. He seized Alberts, who was bound hand and foot and dragged into the bank, where he witnessed the gang drilling into the vault door, making ready a second blast. When the fuse was lighted the robbers stepped outside and Alberts lay in the corner when it went off. He was not seriously injured, however. The second blast unknocked the vault doors, and the robbers made off with all the cash.

Securing a hand car they pulled in the direction of Delavan. There they were met by Night Patrolman Sanford, who attempted to arrest them. One of the robbers fired and Sanford fell mortally wounded through the body. Outside the town the men boarded a passenger train on the Chicago and Alton. All traces of them were lost. The engineer of the passenger train claims that he saw a man jump from the first coach near Miner while the train was moving at a high speed, but a search of the locality failed to show any traces of the man. The bank building was almost a complete wreck and the vault was entirely ruined.

SENATOR ALLISON TALKS

Speaks Interestingly of the Forthcoming Session of Congress.

CHICAGO, Nov. 28.—Senator W. B. Allison of Iowa, chairman of the senate finance committee, in an interview here discussed the pressing business to come before the forthcoming session of congress. One object of the session, he said, must be to avoid an extra session, and therefore he thought the first business of the short session should be to take up and pass the regular appropriation bills, including the river and harbor bill, which did not pass the last session. "Then," he said, "an army bill must be passed. Exactly what I do not know, but the condition confronts us of the army reduced by law to an extent not equal to the national necessities. The first of July, 1901, by a stroke reduces the army to 37,500 men. Prudence, at least, suggests that under existing conditions some measures be taken against that date. "In my opinion the stamp taxes generally should be removed. To repeal the tax on beer alone would mean a reduction of from \$25,000,000 to \$30,000,000. Such a reduction is obviously too large and a bit of legislation will be necessary at the short session. "The bill for the digging of the Nicaragua canal will be a prominent question."

KAPPA SIGMA IN CONCLAVE

History of a College Society Organized at the University of Virginia.

PHILADELPHIA, Nov. 23.—The fourteenth biennial convolve of the Kappa Sigma fraternity began here today and will continue until Friday. About 150 delegates are in attendance. One of the features of the gathering will be the installation of a new chapter and its installation. The fraternity is among the last of the general college Greek letter fraternities to be founded. It was organized by three students at the University of Virginia in 1867 and from that little band have sprung up 50 chapters.

Cost \$185,000; Sold For \$6,375.

BELLEFONTAINE, Pa., Nov. 28.—In 1878 the plant of the Bellefonte Iron and Nail company was erected here at a cost of \$182,000. Three years later the company became heavily involved and the works shut down permanently. Yesterday, at assigned sale, the nail works plant was sold to a Philadelphia firm of junk dealers for \$6,375, which includes the buildings and equipments.

Trazier Fatally Wounded.

ST. GEORGE, S. C., Nov. 28.—A serious and what may prove to be a fatal shooting affray occurred between Richard Trazier and Edward Proctor. They met at a difficulty Saturday. They met again and renewed the trouble. Proctor drew his pistol and shot Trazier twice—once ball striking him in the neck and one in the abdomen. Trazier's injuries are believed to be fatal.

Orders For 45 Locomotives.

READING, Pa., Nov. 28.—The Philadelphia and Reading Railway company has placed with the Baldwin Locomotive works of Philadelphia an order for 45 locomotives. Ten of them will be for passenger and 35 for freight traffic. All are to be delivered within a year.

Murder in the Second Degree.

HUNTINGTON, W. Va., Nov. 28.—George Politz, a Greek confectioner, formerly of Cincinnati, was found guilty of murder in the second degree on the charge of murdering his partner. The jury recommended him to the mercy of the court.

Grain Blockade at Buffalo.

BUFFALO, Nov. 28.—As a consequence of the storm grain has been accumulating in the port of Buffalo far in excess of the supply of cars. Twenty-three boats are in the harbor waiting to unload.

WILL WED A SOUTHERN GIRL

M. M. Flagler to Marry Miss Keenan of Wilmington, N. C.

CHICAGO, Nov. 27.—M. M. Flagler, the multi-millionaire, is again to become a benedict. This time he is to marry Miss Keenan of Wilmington, N. C. The wedding is set for the spring. His lately divorced wife, whose name was for years affected, is now confined in an asylum. Miss Keenan is not young, but beautiful, but she possesses a bright and charming personality.

There is to be a grand wedding in Washington when Miss Keenan—a great favorite in the exclusive set—is united to Mr. Flagler, and extensive preparations are now in progress for the event. Miss Keenan has for years been prominent in southern society.

Not Believed in Mason.

MACON, Nov. 27.—Miss Keenan, who is reported the fiancée of H. M. Flagler, the millionaire of New York and Florida lines, and whose marriage is reported to occur next spring, is the eldest sister of Mrs. J. Olisby Wise of this city. Miss Keenan has never resided here, though she has visited her sister and been socially entertained. The family here discredited the report and are disinclined to discuss it.

REMAINS OF A HUMAN FOSSIL

Formation Below the Devonian Age Dug Out of a Mine.

FLORENCE, Ala., Nov. 28.—Judge Thomas B. Roulhac of Sheffield has in collection the fossil remains of a man and a corn cob pipe found in the Bonanza mine of brown hematite ore, 60 feet below the surface, near Russellville. These specimens are in splendid preservation and have been pronounced genuine human fossils by Dr. Phillips of Birmingham and other well known scientific authorities. The steam shovel in digging the ore broke the fossilized remains.

The formation is below the Devonian age and is one of the problems as to what will never be understood as it was before man is supposed to have inhabited the earth. Judge Roulhac will present the fossils to the Smithsonian institution with Indian and other relics, including the molar of a mastodon found in the limestone quarry of T. L. Foslock & Co., near Darlington. This section is peculiarly rich in Indian remains and evidences of prehistoric races.

NEGRO SLAIN AT GOLDSBORO

Jesse Black Cuts John Cobb's Throat With a Razor.

GOLDSBORO, N. C., Nov. 27.—A murder was committed in the southern limits of the city at an early hour. A woman, the wife of the victim, figures in the case and has, along with the murderer, been committed to jail, held as a witness. John Cobb is a colored man and Jesse Blackburn, alias Jesse Black, the murderer. The weapon used was a razor blade—Cobb's left face was split open from above the corner of the lip to the throat and his neck was cut open from behind the left ear to near the throat, an artery being cut in two.

Killed by Dynamite Explosion.

ASHEVILLE, N. C., Nov. 28.—N. H. Ingle, a convict guard, was killed by an explosion of dynamite near the county stone quarry, just across the French Broad river from Asheville and A. J. Rogers injured. The convict, whose name is John Cobb, was at the quarry when the dynamite shop, had deposited a charge of dynamite in the shop, to be placed in the drill holes in the quarry when they should be ready. It is supposed that a spark from the arvil ignited the dynamite.

Negroes Organize a Bank.

DURHAM, N. C., Nov. 28.—The company to back the Dixie Savings bank, of which a charter will be asked at the next meeting of the general assembly, has been organized and is composed entirely of negroes. The movement was first put on foot by James E. Shepherd, a well known negro, who held a position in the United States employ under the present administration. The bank will start off with a paid up capital of \$5,000 and probably as much as \$10,000.

Charged With Rifling the Mail.

WINSTON, N. C., Nov. 24.—W. O. Reeco, aged 19 years, has been arrested at Crutchfield on the charge of rifling and extracting part of the contents of five registered letters sent to a Winston bank. The young man was assistant to his grandfather in the postoffice at Crutchfield. Reeco was carried before a United States commissioner and gave \$1,000 bond.

Fines Reduced.

MORGANTON, N. C., Nov. 28.—At the last term of the criminal court here the Southern railway was convicted in two cases for giving free passes and the maximum fine \$1,000 in each case was imposed. Governor Russell has commuted the sentence to a fine of \$126 in each case and the costs.

Will Vote on the Bonds.

DURHAM, N. C., Nov. 28.—At a meeting of city council an election was ordered Jan. 7 on the question of issuing \$300,000 bonds for street improvements, and for the construction of a \$100,000 sewer system.

Nome Completely Isolated.

SEATTLE, Wash., Nov. 28.—The United States revenue cutter McCulloch has arrived from Alaska with news that Nome is now completely isolated from the outer world by a barrier of ice.

Population of North Carolina.

WASHINGTON, Nov. 27.—The population of North Carolina, as officially announced today, is 1,993,910, as against 1,617,947 in 1890. This is an increase of 275,963, or 17 per cent.

Crushed to Death.

ASHEVILLE, N. C., Nov. 28.—B. M. Plenum, a steam fitter was run over and killed near the Asheville depot by a switching engine, his body being frightfully mangled.

ANNUAL REPORT OF THE INDIAN INSPECTOR

He Recommends Changes in the Existing Laws.

CONFUSION NOW REIGNS

Present Method of Administering Territory Affairs is Very Unsatisfactory—Governors of the Chickasaw and Choctaw Enter Protest.

WASHINGTON, Nov. 27.—The annual report of the United States Indian inspector for Indian Territory calls attention to the fact that the territory, embracing nearly 30,000,000 acres, is owned in common by citizens of the various tribes, comprising Indians, negroes and inter-married whites, aggregating 84,750 people, including freedmen, within the borders of which also are located some 300,000 whites, or noncitizens, who have no title to property and are without representation in the government of the territory.

Until the lands are appraised and allotted by the commission to the five civilized tribes, lands in town sites disposed of, and tribal governments have become extinct, certain laws of Arkansas are extended over Indian Territory. Federal laws apply in other instances, and the secretary of the interior is charged by law with the enforcement of rules and regulations governing other matters. Such a condition renders affairs so complicated that it is not surprising when courts and eminent lawyers differ as to the proper construction of the law, that the people are frequently at a loss to determine what laws apply or who is authorized to enforce them.

In view of the combined refusal of non-citizens within the Chickasaw and Choctaw nations to comply with the tribal laws, and of the fact that the only remedy is to remove them, the report recommends that congress prescribe a penalty, the same as in the states, for seizure and sale of property sufficient to pay taxes due, or that some other method be adopted to compel payment other than removal, provided these tribal laws are to be in force for six years hence.

The Governors Protest.

The governors of the Chickasaw and Choctaw nations recently submitted a joint communication to the interior department protesting against the manner of surveying and platting towns provided in the Indian appropriation act, claiming it to be in violation of their agreement. Town site commissioners were then instructed, wherever the town desired, and it is in the interest of the towns to plat a suitable park at 10 per acre, and that 10 acres should be deemed sufficient.

Recommendation is made for modification of section 8 of the Curtis act, so as to authorize the secretary of the interior to investigate land improvement contracts and remove non-citizens, giving the latter the right to appeal to the United States government to regain possession. Other recommendations are that the present system and rate of taxes be superseded by a uniform system fixed upon non-citizens engaged in business to be collected by rules and regulations of the interior department, and used for the common good, the withdrawal of a sufficient amount of the Cherokee nation funds from the United States treasury to pay all their outstanding indebtedness, and additional legislation providing that until allotment citizens may rent their proportion of "agricultural or grazing" land for such purpose only.

Committee on Military Affairs.

WASHINGTON, Nov. 27.—The house committee on military affairs met for the purpose of considering the new army bill. The business was mostly of a preliminary character, the discussion being given to general affairs. The Republican members of the committee apparently favor giving the president such an army as he may require.

Montana's Population.

WASHINGTON, Nov. 27.—The population of Montana officially announced today is 248,329, as against 189,150 in 1890. This is an increase of 111,170 or 58.1 per cent.

sdred Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville O., writes: "Electric Bitters are the best selling bitters I have handled in twenty years. You know why? Most diseases begin in disorders in the stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates the liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50c. Sold by All Druggists."

Three Men Crushed to Death.

BIRMINGHAM, Ala., Nov. 28.—At the Sloss ore mines near Bessemer, owned and operated by the Sloss-Steel and Iron company, a string of empty tram cars broke loose and carried death in their path. Running down the slope Nape Thompson, the brakeman, was caught by the train and crushed to death. His body was horribly mangled. Charles Kelly and Andrew Hargrove, two negro laborers, were also injured, and died later. The cars finally jumped the track and were wrecked.

Officer Shot by a Tramp.

DECATUR, Ala., Nov. 28.—Night Yard Officer John Ryan of the Louisville and Nashville railroad arrested three tramps whom he found in a box car. He did not search the men, but proceeded with them to the city jail. One of the tramps drew a pistol and fired, the ball entering and passing through the side of Ryan's head, inflicting a serious, though not fatal wound.

NEW RAILROAD MAY BE BUILT

Interest Revived in the Decatur, Aberdeen and Helena.

NEW DECATUR, Ala., Nov. 28.—Interest has been revived in the construction of the old railroad known by the existing charter, obtained some ten years ago, as the Decatur, Aberdeen and Helena railroad, by the visit to this city of O. H. Giddings and Herbert Wilcox and Miss M. A. Byrne. Mr. Giddings is president of the Chicago, Rock Island and Pacific, and Mr. Wilcox is a timber and mineral expert. Miss Byrne represents the Chicago Times-Herald, is vice president of the Chicago, Rock Island and Pacific, and is interested in other large industrial concerns.

The party was here and prospected in this and other counties for more than a week. Since their departure it has been learned from a reliable source that their trip had to do with building the road above mentioned.

TO BUILD A NEW RAILROAD

People of Nacoochee and Clarksville Form a Company.

CLARKSVILLE, Ga., Nov. 28.—An movement is on foot to build a railroad to this place. A meeting was recently held for the purpose of forming a company to be known as the Nacoochee Valley Railway company. The charter members of the company are C. Cook of Chicago, John Martin, C. W. Oaks and R. A. Williams of Nacoochee, W. Y. Stovall of Lynch, Ga., Charles L. Bass, William Berry, J. H. Hicks and W. S. Erwin of Clarksville.

It is firmly believed that this road will be commenced in the near future and that the work thereon will be pushed to a rapid conclusion. This road will be an important factor in developing the resources of the Nacoochee country and all citizens of Georgia must be interested in the completion of the work.

NEW ROAD TO BIRMINGHAM.

It Will Connect Vicksburg With the Alabama City.

JACKSON, Miss., Nov. 24.—The Vicksburg and Birmingham Railroad company has filed its charter with the secretary of state. The amount of the capital stock is \$1,500,000.

The line is to run northeasterly from Vicksburg, through the counties of Warren, Hinds, Madison, Leake, Neshoba, Winston and Kemper to the state line, and thence to Birmingham, Ala., and thence to Memphis, Tenn. It is believed that the project will be completed by Jan. 1, 1903. A Krauss of Chicago, president of the concern, is a wealthy lumber manufacturer, and controls several large mills in Mississippi, and is believed that he will succeed in investing an abundance of capital in the enterprise.

New Road to Brunswick.

BIRMINGHAM, Ala., Nov. 24.—The project of building a railroad from Brunswick, Ga., to Birmingham in order that Brunswick may get the benefit of the growing export tonnage of this district has begun to assume definite proportions. It is stated that Colonel E. O. Macheson of New York has taken hold of the scheme and will push the project. Negotiations are said to be on foot, though they have not yet reached the point where definite details can be given out.

Three Men Crushed to Death.

BIRMINGHAM, Ala., Nov. 28.—At the Sloss ore mines near Bessemer, owned and operated by the Sloss-Steel and Iron company, a string of empty tram cars broke loose and carried death in their path. Running down the slope Nape Thompson, the brakeman, was caught by the train and crushed to death. His body was horribly mangled. One of the tramps drew a pistol and fired, the ball entering and passing through the side of Ryan's head, inflicting a serious, though not fatal wound.

AN ALLEGED PLOT TO MURDER M'KINLEY

Letter Sent the Police of Hoboken Giving Details.

NAMES THE CONSPIRATOR

Alleged Chief of the Plot is Said to Be an Ex-Convict Who Has Recently Come to This Country From France. Police Are Reticent.

NEW YORK, Nov. 27.—The police of Hoboken, N. J., have received a letter alleging the existence of a plot to assassinate President McKinley. The writer of the letter gave in his communication the name of the alleged chief conspirator, which the police refuse to make public at this time. The letter, which is illegible signed, is as follows: "I have thought thoroughly as to the means of an anarchist plot against his excellency President McKinley. I consider it my duty to advise you of the name of one who is more than suspected of being a leader, whose name is found in the index of an anarchist plot against justice and a dangerous man, having been convicted several times, and on the last occasion being sentenced to five years' imprisonment for an anarchist attempt. "My statement can be verified on appealing to the prefect of police at Paris, France. In the course of the past year he had concealed with him a man named Francois, the author of an anarchist attempt at Scranton, where he mortally wounded an agent of the police. "The writer of this letter, the police say, has been located and his story will be investigated.

WILL BE GIVEN PASSPORTS

Uruguay to Sever Friendly Relations With Brazil—Bolivian Rebellion.

RIO DE JANEIRO, Nov. 28.—Official information of a positive character has confirmed the report that Uruguay is about to sever friendly relations with Brazil. It is admitted that the government at Montevideo has intimated that it will soon hand its passports to the Brazilian minister. The cabinet has discussed the attitude of Uruguay, but in the absence of definite action has not decided what course shall be pursued. Bolivia is also showing some feeling against Brazilians. Its minister has presented a protest against alleged support from the republic of Acre by the authorities of the state of Amazonas. The Bolivian minister informed the minister of war that the Bolivian troops have been hampered greatly in their work of suppressing the rebellion because supplies have been received by the insurgents through Brazilian territory. Through its soldiers and its friendship with Peru the Bolivian government has been able to stop war supplies from the west. Its officers, who are endeavoring to suppress the trouble, report, however, that the rebels, many of whom have come from the state of Amazonas, have no difficulty in obtaining munitions by way of the Amazon and Purus rivers. Brazil is asked to take decisive measures in co-operation with Bolivia to end the rebellion.

THOUGHT HE WAS BURGLAR

Carl Foster Shoots His Brother Who Arrived Home Late.

LANCASTER, S. C., Nov. 28.—J. Harry Foster, a young attorney of law residing at Kerawah, decided last night to visit his father's family here and spend Thanksgiving. He drove over, arriving at his home at midnight. He was not expected and the family had retired. He let himself into the house and went to the room of his brother, Carl and Ralph. Both were asleep. Without disturbing them he passed on to his own room, but wishing a match returned to Carl's room, where he found the door ajar. He was certain he had the burglar and sent a couple of ounces of shot at his head. The door post received most of the charge and Foster will recover.

RESIGN THEIR POSITIONS.

Changes in the American and Continental Tobacco Companies.

LOUISVILLE, Nov. 28.—Changes in Louisville of great interest in connection with the American and Continental tobacco companies will go into effect Dec. 1. John Doerhoefer, one of the most widely known tobacco men in the country and one of the moving spirits in the so-called tobacco trust, has resigned as a member of the board of directors of the American company, and also as general manager of the company's Louisville establishment. Basil Doerhoefer has resigned as director of the Continental company and as general manager of the rehandling plant in this city.

To Survey the Laboon Pier.

PANAMA, Nov. 28.—It is probable that the officers of the United States gunboat Bancroft, which is now at Colon, will come to Panama to survey the Laboon pier and approaches to the canal entrance on the Pacific side from Colon. The Bancroft will go from Colon to Bocas del Toro on an expedition in connection with the isthmian canal survey.

Surrendered to the Railway.

PANAMA, Nov. 28.—The arms at Honduras of the government, which were temporarily detained at Panama on suspicion that they were intended for Colombian rebels, have been delivered to the Panama Railroad company. They will be forwarded immediately.

MAY CONDEMN RIGHT OF WAY

Postal Telegraph Company Gets a Verdict Over the Plant System.

SAVANNAH, Nov. 28.—Judge Fallgatter of the superior court has ruled that the Postal Telegraph and Cable company has the right to condemn the right of way of the Plant system in certain counties in South Georgia for the purpose of erecting poles upon which to string its wires. Some time ago the Postal company sought to condemn the Plant system's right of way between Thomasville and Albany and between Thomasville and Valdosta for the purpose of putting up its wires.

The railway company claimed that such action would greatly damage it, and filed a petition for injunction before Judge Fallgatter. The court granted a temporary restraining order, which, after a hearing, has been dissolved. Charles F. Freudergerst has been named as assessor by the Postal company, but so far the Plant system has not designated its representative.

HOLDING FOR HIGHER PRICES

About 18,000 Bales Stored in Columbus Warehouses.

COLUMBUS, Ga., Nov. 28.—There are 18,000 bales of cotton in the warehouses of Columbus, and investigation shows that over 75 per cent of this cotton is the property of farmers, and is being held for 10 cents, and in some cases 11 and 12 cents. Some farmers around Columbus are confident that cotton will go to 15¢ cents before another crop is made, and they are waiting for it to reach that figure. There is one warehouse here which has a saleable stock of several thousand bales, every bale of which belongs to farmers. An unusually large amount of small grain has been planted in this section. A canvass among the wheat-growers shows that the sales of wheat, oats, rye, etc., has been unusually large.

SEARCHING FOR THE NEGRO

Pose in Pursuit of the Would-Be Ravisher of Miss Lummus.

McDONOUGH, Ga., Nov. 28.—Near Locust Grove, 8 miles south of here, Miss Edith Lummus was the victim of an attempted assault. While she was driving home and when she had gotten about 1 mile from Locust Grove a negro sprang from behind a house on the roadside and jumped upon the back of the buggy. He threw his arms around the girl, but Miss Lummus screamed and the negro then jumped from the buggy and fled. She gave the alarm and in a short while the citizens of Locust Grove were searching for the negro. They tracked him about a mile and lost the trail, but they are still scouring the woods. Tornado at Siloam. AUGUSTA, Ga., Nov. 28.—A tornado struck the village of Siloam, near Union Point, last night. Considerable damage was done to property, but there was no loss of life. J. B. Doliver, a large farmer and stock raiser, had his house and barn blown down and many head of stock killed. The contents of the barn were ruined. The schoolhouse in the village was blown down.

Fireman Scalded to Death.

THOMASVILLE, Ga., Nov. 28.—Rufus Sheppard, a negro fireman, was fatally scalded on an engine pulling an extra freight train on the Alabama Midland railroad. When within 1 mile of town a fireman shot blew out and when Sheppard was taken from his engine he was in a dying condition. Engineer Manning jumped and escaped with slight injuries.

Its One Hundredth Anniversary.

SAVANNAH, Nov. 24.—The one hundredth anniversary of the organization of the Savannah Baptist church will be celebrated here Sunday. The church was organized Nov. 26, 1800, by Rev. Henry Holcombe and 14 persons—four men and ten women. From that time till now it has been one of the leading religious organizations of this city. Illcit Still Destroyed. CARROLLTON, Ga., Nov. 28.—Deputy Collector of Internal Revenue John H. Ware raided the moonshiners about 9 miles from Franklin. Heard covers about a large plant with an 80-gallon copper still and about 1,000 gallons of beer. Will Montgomery and Hill Blanks were arrested.

ROCK-A-BYE BABY

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known, expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."
