MR. VANDERBILT AND MISS FRENCH MARRIED

Newport Scene of Fashionable Wodding.

SOCIAL GREAT EVENT

Ceremony Took Place In the Church of St. John-Bridegroom Said to Be the Wealthiest of the Third Vanderbilt Generation.

NEWPORT, R. L. Jan. 14.-Although in the depth of winter this well known watering place today took on a semblance of its summer galety because of the wedding of Alfred Gwynne Vanderbilt, probably the most wealthy of the third generation of the Vanderbilt family, and Miss. Elsie French, a charming Newport girl and former playmate of the bridegroom, see daughter of Mrs. Frederick Orme Freuch, a resident of the city for many years.

A brighter sun never shone for any bride, and in spite of a crispness in the air, it did not seem to be a winter's day. The ceremony took place at noon in

the Zabriskt Memorial church of St. John, the Evangelist, far up in the old north part of the city, on the very shores of the Narragansett bay, once the center of Newport's fashion, but now far removed from the social whirl of Bellevue avenu. Miss French made the choice of her own place of worship, and her own home for the scene of the marriage, instead of selecting the more pretentious but less familiar surroundings which would have been found in New York. Under these conditions the 100 or more guests were forced to make a journey to a city as quiet at this time of the year as an obscure country village. The festivities, however, did not suffer

from these unusual circumstances. The church was decorated with gorgeous lavishness, was on'v about half filled with guests, the invitations having been limited to relatives and close friends of the couple. The wedding was as ornate as the highest forms of the Episcopal church could make it, the wedding profession a picture of loveliness and fine gowns, and the breakfast, which closed the formal proceedings of the day, was grand.

Pink, green and white in many charming combinations were the prevailing colors, the distinctive flowers being gloire de la Reine Bengoras, the golden gate roses with white azelaes and the specimen palm:

The center aisle was a lane of begonias and asparagus standards 8 feet high, being trimmed with the feathery foliage of the asparagus at regular intervals from the entrance to the chancel. Baskets of delicate pink flowers depended from the standards.

Specimen palms 30 feet high towered high above the altar. Interspersed among the ferns and foliage which banked them were great clusters of white azelaes and medallions of golden gate roses. On the altar was an immense cross of ascension lilies. The program of the organ concert which occupied the hour proding the ceremony

was a lec. of by Mr. French. The bridesmaids were Miss Pauline French, the bride's niece: Miss Elsa Bronson, daughter of the late Frederick Bronson; Miss Isabel C. Stillman, daughter of Mr. James Stillman of New York, who will become the bride of Percy Avery Rockefeller, and Miss Edith Gray, daughter of Judge Gray, of Albany.

At the altar Mr. Vanderbilt met his bride. Together they stood before the teps of the chancel until Dr. Morgan ad finished reading the betrothal porfon of the service, when they ascended into the chancel and at the altar Dr. Peattie completed the ceremony and pronounced them husband and wife. The Mendelssohn wedding march was played as the wedding procession moved down the aisle and out of the church. The ceremony occupied about seven

INDUSTRIES IN THE SOUTH Some New Developments Reported For the Past Week.

CHATTANOOGA, Jan. 14 .- Among the more important of the new industries reported by The Tradesman for the week ended Jan. 12 are the following: Brickworks at Atlanta, Ga.; a \$100.

000 buggy manufacturing plant at Goldsboro, N. C.; coal mines at Tuskaloosa. Ala.; a chemical and medicine plant at Raleigh, N. C.; a \$1,900,000 commission and cotton and woolen manufacturing company-at Greensboro, N. C.; a contracting company at Charleston, S. C.; a \$100,000 cotton mill at Cuthbert, Ga. and another with a capital of \$125,000 at Union, S. C.; a \$25,000 cotton company manufacturer distillers' supplies; electric light plant at Tuscumbia, Ala.; reported erection of 500 ton fertilizer factory at Birmingham; flouring mills at Tennille, Ga.; a furniture factory at Pidot Mountain, N. C.; toe factories at Tuscumbia, Ala., Weldon, N. C., and Florence, S. C.; lumber company at Point Washington, Fla : machine shops at Rome, Ca.; a \$100,000 cotton red oil mill at Macon, Ga., and another at Union Point, Ga.; a palmetto fiber factory at Bayard, Fla.; a plow factory at Atlanta, Ga.; a \$100,000 tobacco manufacturing company at Mount Airy, N.C.

POLITICS ARE TABOOED.

Confederate Veterans Reminded of the Rules of Their Organization. ATLANTA, Jan. 15 .- The confederate veteran camps of Georgia, as well as of the south, must conform to the letter of the law in the matter of officially indersing candidates for office. This is the direction from General John B. Gordon, commander of the organiza-tion, to Brigadier General A J West of the North Georgia brigade, in whose command the rules of the veteran organization have recently been violated. Considerate camps are expressly forbidden to indorse any political aspirant for office.

His Sixteenth Term. Rome, Ga., Jan. J-O. H. McWuliams has og n electer for the sixteenth consecutive term as mayor of East Rome.

CHARLESTON REAL ESTATE Government Naval Station to Be Loeated There Will Boom Property.

CHARLESTON, Jan. 14.-A great deal of property near this city will be purchased by the government for a naval station site, the board having recommended the removal of the station from Port Royal to Charleston. The Chicora park site has been recommended and this will be used. In getting ground for the station the government will have to purchase a tract of land from W. W. Lawton, and it is possible that condemnation proceedings will be instituted to get at what the government considers a fair price for the property. According to the official report Mr. Lawton has assed \$20,000 for his property, and the board considers \$200 per acre a fair compensation, and less than 100 acres will be required. The property owned by Lawton was bought for something less than \$10,000.

The coming of the naval station will have a splendid effect on the negotiations of the city for the big water supply which will be brought here from the Edisto river, a distance of 30 miles. The city has been working on this scheme and there is a greater prospect of it being carried through since the announcement is made that the naval sta-tion will be established at this port.

END TAX LITIGATION. Railroads Make a Proposition to North

Carolina Commission. RALEIGH, Jan. 14 .- The various railways interested in the tax assessment cases involving \$10,000,000 increase in valuation have made a definite proposition to end the litigation. The proposiconference at Washington last week held at the suggestion of the Atlantic Coast Line. The proposition was sent by them to Henry G. Connor, chief counsel for the corporation committee, which has so earnestly pressed the case. The commission will not accept any valuation under \$42,-000,000, which it fixed two years ago. The commission does not individually object to in the future putsing railway property on a parity with other property so far as time of assessment is concerned, that is, each four years, but has taken no official action in that matter. It is probable Mr. Connor will bring the proposition here tomorrow.

Railway Construction in North State. RALEIGH, Jan. 14.—In the course of an interview with Chairman McNeill, of the corporation commission, regarding railways in this state, he said: "I look for much more railway construc-tion this year than last. We are in some publications credited with only 43 miles last year. We did better than that. Work on four railways is now actively in progress. The charters which this legislature will grant will show that there is a sentiment in favor of railway building. We find as a result of our inspection that the roads are being put in far better shape than ever before. New depots, ballasted tracks, better rolling stock, better schedules, better service and better time."

South Carolina's Incane.

COLUMBIA, S. C., Jan. 15.-The nnnual report of the board of regents of the South Carolina hospital for the insane, just made public, shows that there were remaining in the hospital Dec. 31, 1899, 1,002 patients-white 595, colored 407; and 445-white 241, colored 206were admitted during the year. The total number under treatment was 1,461. while the average daily population was 1.043. There were discharged during the year 418 patients, and the number remaining Dec. 51, 1900, was 1,023.

Republicans Will Not Fuse. RALEIGH, Jan. 14.-The Populists in the legislature offered to vote for the Republican nominees for positions in case the Republicans would agree to vote for Marion Butler for United States senator. The Republicans declined They will vote for Pearson. The Populists urged that if Butler got the vote it would strengthen him in the fight against F. M. Simmons taking his seat in the senate.

Report of Dispensary Board. COLUMBIA, S. C., Jan., 14.—Chairman L. J. Williams, who had been designated to prepare the annual report of the board of directors of the state dispensary, has submitted that document to the governor. The members of the board are quite proud of the report, as it shows that the net annual profits have gone-to over \$566,000.

To Protect the Railroads. CHARLESTON, Jan. 12 .- As a measure for the protecton of the railroads during the holding of the exposition, the city council of Charleston has adopted a bill to prohibit indiscriminate ticket scalping. The bill fixes an annual license of \$200 for the brokers and adds heavy penalties for persons selling without a

Ravisher Sentenced to Hang. FAYETTEVILLE, N. C., Jan. 10.-Lewis Councill, a negro, has been convicted of outraging Mrs. West, a farmer's wife. The jury was out 50 hours. The mem-

bers signed a petition for elemency. The judge sentenced Councill to be hanged and he took an appeal to the supreme court Rocked Passenger Train. RALEIGH, Jan. 14. - A 12-year-old

negro boy, near Greyston, threw a stone at a Seaboard Air Line train, smashing the glass, which cut the face of Harry Clarwaske, a paesenger. The train was run back and the boy was quickly captured by passengers.

Cotton Company Chartered. RALEIGH, Jan. 10 .- A charter has been granted the Farish-Stafford-Campbell company of Greensboro, with a paid up capital of \$50,000, and an authorized capital of \$1,000,000. It will do commission business in cotton and other textile fabrics.

Surrendered to Sheriff.

BIRMINGHAM, Ala., Jan. 15 .- P. F. Sudduth, the farmer who shot and killed Char'es Austin, near Morris, Saturday afternoon, surrendered to Deputy Sher-iff Robert Waldorp at his home yesterday and was brought nere to jail.

DOINGS OF THE DAY AT NATIONAL CAPITAL

Joint Postal Commission Submits Report.

EXTRADITED

Bill to to Create a Court of Pensions App als Favored by G. A. R.-Condition of President McKinley-Congressman Neville Is Ill.

WASHINGTON, Jan. 14.-When the house met today Mr. Loud of California presented the report of the joint postal commission which had been investigating the question of railway mail pay and other matters affecting postal affairs. This was district of Columbia day under the rules, but the district committee yielded to the river and harbor bill with the understanding that the district should have next Monday instead of te-

Mr. Lawrence of Massachusetts, a member of the committee, protested against the appropriations in the bill for great national projects being changed to the states in which they happened to be

Mr. Grosvenor replied to some re-marks made by Mr. Oushman of Washington on Thursday relative to the appropriations in the past for the Columbia river.

Mr. Morris, of Minnesota, another mittee, also defended the bill along the lines followed by Mr. Lawrence, that appropriations for big national projects could not properly be chargeable to the states in which they happened to be lo-

The postal commission of the house and senate which has been investigating postal matters for the last two years made its report today. The commission unanimously reports in favor of excluding secondolass matter mail rate, first books, whether bound or unbound; second, newspapers and periodicals unsold sent by a news agent to another news agent or returned to the publishers; third, sample copies of newspapers above a certain small fixed proportion of the circulation. The commission also unanimously reports against the continuance of the system transmitting mails in the pneumatic tubes under present conditions. The commission quanimously reports that neither a change in letter postage nor the establishment of a system of parcels post is practicable under existing conditions of revenue and evpenditure, even if otherwise desirable apon which no opinion is expressed Upon the question of railway mail pay there are five reports.

In the Senate. WASHINGTON, Jan. 14.- At the opening of the senate today a bill with reference to the employment of clerical assistence in the District of Alaska was pr.ssed. Mr. Wolcott presented the final report of the postal commission. Mr. Allison, of Inwa, reported favorably from the finance committee a bill concerning the distilling of brandy from fruits, the idea being to add cherries and figs to the list of fruits included in the present law. The bill went over.

Neely Subject to Extradition.

WASHINGTON, Jan. 14.—The United States supreme court today rendered a decision in the Neely extradition case. The cour held that Neely was subject to extradition and must be surrendered to the Cuban authorities. The court held that Cuba was f. reign territory, our only purpose in the war with Spain being to free the Cubans from Spanish domination. The decision was based upon the act of June 6, 1899, which act was held to be constitutional

Court of Pensions Appeals.

Washington, Jan. 14.—The general committee of the G. A. R. appeared before the house invalid pension committee today in favor of the bill for the creation of a court of pensions appeals to consider rejected pension claims. There are about 100,000 cases adversely paste upon each year by the pension officers.

Congressman Neville Ill. WASHINGTON, Jan. 14.—Congressma Neville of Nebraska is in a critical condition this morning, resulting from s

recurrence of his hemorrage yesterday. This has weakened him considerably, but there are hopes of his recovery. President McKinley's Condition. WASHINGTON, Jan. 14.-President Mo-Kinley continues to improve, although it is not expected he will be in his office or see any one during this week. He is transacting a little business, but it is

EXTRADITED FROM GEORGIA

signing of bills.

First Official Act of New Governor New York. ATLANTA, Jan. 15 .- An extradition warrant has been granted by the governor, upon application of the governor of New York, for Warren L. Maxson, now in jail at Isabella, Worth county, Ga., and wanted in Otsego county, N. Y.,

for grand larceny.

The application for extradition in this case was the first official act of Governor B. B. Odell, Jr., upon assuming the duties of chief executive of New York

Family Narrowly Escaped. OPHLIKA, Ala., Jan. 15 .- The residence of Miss C. E. Bachellor in the heart of the city and occupied by T. F. Freeman and family was burned early yesterday morning, together with all its contents. The family narrowly escaped. Loss about \$1,500; partially insured.

Ex-Congress van Critically III. COLUMBIA, S. C., Jan. 15.-A telegram rom Clark's Hill, Edgefield county. the home of the venerable ex-Congressman George D. Tillman, announces the critical illness of that well known states-

IN THE HANDS OF A RECEIVER Gadsden and Attalia Road May Restrue Operations.

BIRMINGHAM, Ala., Jan. 12 .- A repeiver for the Gadsden and Attalla Union Railroad company was appointed by Judge Swayne of the United States court at Hun sville, and the operation of cars over the line, which has been suspended, all be resumed. The receivership was made in the case of F. C. Dunn against the railroad company, being a general creditors bill. The road in question is an electric line running between Attella and Gadsden, connectbetween Attella and Gadsden, connecting the latter place with the railroads at Attalla. The most serious difficulty of the road began some time ago when one of the cars killed a little girl at Alabama City. The death of the girl created a good deal of feeling against the road and the city council of Gadsden undertook, here pouse to pepular demand, to force the railroad to ular demand, to force the railroad equip all cars with fenders. This the company, it is stated, refused to do and the matter finally ended in the company ceasing to operate the cars altogether, merely operating a steam dummy once a day in order to hold the franchise.

ALABAMA COAL IN DEMAND Mines Are Working to Their Full Capacity.

BIRMINGHAM, Ala., Jan. 14.—There is demand for every ton of coal that is being mined in Alabama. State Mine Inspector J. deB. Hooper states that the production in Alabama at the present time is greater than ever, and each month the production is being increased. No time whatever is being lost at any the collieries in this state, and some large contracts are being made with coal producers in this state for the supply during the present year and into

New mines are being opened in the several coal producing counties in the state, and there are indications that during this year a number of other coal companies will be formed and property developed

ALABAMA'S SCHOOL Appropriations Have Been Largely

Increased. MONTGOMERY, Ala., Jan. 14.—The total appropriations for the public schools of Alabama have been more than doubled within the past five years. The appropriations now from all funds exceed \$1,100,000. The lands from which this amount comes yearly are the direct appropriation for the general fund amounting to \$550,000, the special school tax of \$250,000, poll tax of \$150,000, interest on trust funds \$150,000 and other odd sums of small amount.

The educational affairs of the state are at present in the hands of Hon. John W. Abercrombie, state superintendent of education, and improvement is emphatically marked in all the departments of the system.

Furnace Nearing Completion. BIRMINGHAM, Ala., Jan. 12 .- C. Rader of Chicago, blast furnace manager of the Republic Iron and Steel company, has been spending several days in the Birmingham district inspecting his company's works. The third furnace of this company, which has been under construction at Thomas, will be completed in June. It will be the largest furnace in the district, having a capacity of 250 tons a day. It will go into operation shortly after its completion.

Cement Factory For Ensley. BIRMINGHAM, Ala., Jan. 14.—The machinery in the coment factory at Ensley, the steel suburb of Birmingham, is in place, and during the first part of the week will be given a trial. The cement factory at Eusley was destroyed by fire several months ago. The owners decided to rebuild, but the work has been tedious. This factory will manufacture coment, using the blast furnace slag therefor. The plant is owned by eastern and local promoters.

Exodus to Texas.

BIRMINGHAM, Ala., Jan. 19 .- The exodus to Texas from North Alabama continues, travel to the southwest being unusually heavy at this time. There has been a steady movement of moun-tain farmers and their families from various North Alabama counties all this winter. Passenger agents say that the emigration business to the southwest has been the heaviest this season than have ever known.

No one can reasonably hope for good health unless is bowels move once each day. When this is no attended to, disorders of the stomach arsie, bilioueness, headache dyspepsia and piles soon follow. If you confined to urgent pardon cases and the wish to avoid these ailments keep Tablets when required They are so easy to take and mild and gentle in effect. For sale by S. Biggs

CHARLESTON IS FAVORED. Naval Board Recommends Removal

of Fort Royal Bints 1. WASHINGTON, Jul. 11. - Secretary Long today made public the rethe naval board onto as submitted terday concernin le establishment of a naval station on the South Atlantic coast, and more particularly with reference to the relative merits of Port Reyal or Charleston as the site for this station. The board recommends in favor of Charleston, reinforcing its views with an elaborate statement of the advantages of that place over Port Royal. A dis-senting view is presented by Rear Ad-miral Sumner, who favors a retention of the naval station at Port Royal The board discusses the general requi-sites of a naval station site on the south

Atlantic coast, including accessibility from the sea, immunity from attack, railroad and steamship facilities, labor supply and many other special requirements of the navy. After an exhaustive review of the advantages offered by both localities, the board recommends that it is expeditions to transfer the naval station now at Port Royal to a point near the city of Charleston and finds the only available site to be that on the west bank of the Cooper river, about six miles above the Charleston customhouse, composing a part of Chicora park, and also, if deemed advisable, a part of the marsh land belonging to the state of South Carolina, which lies south of Lawton island. The only other site examined by the board in the vicinity of Charleston which afforded the necessary water front, was on the south bank of the Wando river, but as this site has neither railroad connection nor available water facilities, it was not deemed advisable for the purposes interested.

In conclusion the board states that its recommendation of the Charleston site s based simply upon its opinion that it is the better site of the two. The ma-jority report is signed by Rear Admiral Frederick Rodgers, president of the board; Captain George A. Converse, Civil Engineer C. E. Asserson, Naval Constructor J. H. Linnard, Commander E. H. Leutze and Lieutenant Commander S. A. Stanton.

DEATH OF W. L. TRENHOLM He Was Comptroller Under President

Cleveland-Sketch of His Life. New York, Jan. 11 .- William Trenholm, who was comptroller of the treasury during Cloveland's first administration, died at his home in this city today of pneumonia

Mr. Trenhom, 7as born in Charles ton, S. C., Feb. * 1880, and graduated from the South Carolina college in 1855, marrying a year later Miss Kate Louise Macbeth of Charleston. Mr. Trenholm was a member of the United States civil service commission in 1885-86 and comp troller of the currency from 1886 to 1839 After leaving Washington he became president of the American Surety company, which position he held until 1899. when he became president of the ... b American Trust company. He is the author of the book "The Poole's Money." He was a member of the New York chamber of commerce, the

Southern society, the American Society of Science and other numerous ocial clubs in this city. HELD FOR MANSLAUGHTER South Carolina Man Indicted in New

York. CHARLESTON, Jan. 11.-Edward O. Dean, the newspaper man from Charleston and a resident of Spartanburg, has been indicted for manslaughter in the first degree by the grand jury of New York, charged with causing the death of Louis Hilliard, an insane patient in

Bellevne hospital. Duan was indicted with Nurses Marshall and Davis, and the advices received here indicate that the case will be brought to trial by District Astorney Philbin about the latter part of the month. The penalty for manslanghter in the first degree is 20 years in the penitentiary.

WAS FIRED ON FROM ABMUSH Corbin Has a Desperate Battle with

Unknown Parties. COLUMBIA, S. C., Jan. 10. - Deputy United States Marshal Corbin when alighting from his buggy at his home in Oconee, was fired on by several persons in ambush. He was struck in the face and leg. Corbin returned the fire and called for his sons with their winchesters. The boys responded and a fleroe fight followed. The would-be assessins

retreated, one being hit.

Bloodhounds were put on the trail and followed the men 8 miles. Arrests will be made. The marshal made seinures of mules some days ago and the attacking party was attempting to rescue

To Raise Tea In South Carolina. CHARLESTON, Jan. 10 .- The unsue cessful experiments of United States your bowels regular by taking Commissioner of Agriculture Le Duo. Chamberlain's Stomach and Liver followed by the successful planting and manufacture of tea at the Pinehurst farms, Summerville, has attracted northern capitalists, who will go into the business on a large scale. They expect to raise 300,000 pounds annually for the American market.

> Charleston Rejoices, CHARLESTON, Jan. 12 .- There is great rejoicing in business and commercial circles here over the news from Wash ington that t'.val board had reported favorably of the removal of the naval station to this city from Port Royal. The station will bring more than \$2,000,000 to Charleston and will have a decidedly good effect on business

WEARCH FOR BASS FRAZER his Family Firmly Believe the Young Man Was Kidnaped.

ATLANTA, Jan. 11 .- The mystery surrounding the disappearance of Bass Prazer thickens. There is absolutely lie clue to the young man's whereabouts, and while the general public discredits the hidnaping theory the family of the

young man are firmly convinced that he was forcibly abducted.

C. H. Franci, a brother of the missing man, who is here trying to get sume cine to work apon, states positively that he believes his brother was kidnaped. He is very indignant at the statement to the contrary. He can see no motive for his brother's action should it develop that he went away of his own volition. Professor H. A. Thompson of the Tech school, in a signed statement, says he does not believe Bass Frazer was kidnaped. In his opinion he left school in order to avoid a possible trial by the faculty for unfair methods in the work in the blacksmith shop.

Professor Thompson is an instructor in that department. He says Fraser was a very quiet fellow and gave him no trouble. He states, however, that the young man took little interest in his work. To these statements the brother of the young man takes exception and makes denial.

The police are working on the theory that there is a woman in the case, and that young Frazer was lured away. Thus far they have been unable to develop any facts that would tend to sub-stantiate such a theory.

No Tidings of the Missing One. UnionSprings, Ala., Jan. 11.-Chief of Police Hizson states that nothing has been heard of Bass Frazer, but that he was kidnaped beyond doubt. He states in most positive terms that all reports to the contrary are without foundation. No Clew Yet Found.

Frazer, the kidnaped boy, is still a mystery, and the detectives have been una-

If a Woman

wants to put out a fire she doesn't heap on oil and wood. She throws on water, knowing that water quenches fire. When a woman wants to get

well from diseases peculiar to her sex; she should not add fuel to the firs already burning her life away. She should not take worthless drugs and composed of harmful narcotine dises. They do not chook the dises—they do not cure it—they usel to the fire.

Bradfield's Female Regulator should be taken by every wornan or girl who has the slightest suspicion of any or the alternative they will almply be wasting time until they take it. The Regulator is a purify ing, etrengthening time until they take it. It stops falling of the worth lescorrhee. Inflammation and periodical suffering firregular, scanty or painful menatrustion; and by doing all this drives away the hundred and one aches and pains which drain health and beauty, happiness and good temper from many a woman's life. It is the one remedy above all others which every woman should know about and use.
