WHERE IS ROMERO?

Mysterious Disappearance of a Young Cuban from Tampa.

Tampa, Fla., June 24.—The police authorities have received several communications from Cuba, purporting to be from the relatives of a young Cuban named Augustin Romero, who came to this place shortly after the labor troubles of last year, and who for the past few weeks has not been seen anywhere about the city. His relatives can find no trace of him, and suspect that there has been some foul play connected with his mysterious disappearance.

The young man was a printer by trade, and was employed on several local newspapers for some months, and soon after his arrival here joined the local Typographical Union. The officers of this organization have also received several communications from Romero's relatives. Romero brought with him when he came from Cuba a strikingly handsome woman, whom he afterward married, and they lived together several months in this city. His wife is still here, but knows nothing of the whereabouts of the missing man.

SHOOTING AT JENNINGS, FLA.

Robert Alderman Probably Fatally Wounded by a Negro.

Jacksonville, Fla., June 23.—News was received here of the shooting of Robert Alderman, a white man, at Jennings, Fla., by a negro named Jim Hood. The shooting occurred in the heart of that town. Hood escaped to the woods after the shooting and has not been seen since, though a posse of white people are scouring the woods for him. The ball entered Alderman's stomach and produced a wound that will probably prove fatal. A telegram was sent to Valdosta asking for track hounds to trace the murderer, but there are none available, so the pursuit of the negro had to be carried on without the dogs.

It is said that there is much indignation over the shooting, and if Hood is captured it will go hard with him. He is said to be a black negro, about 5 feet tall, quick-spoken and weighs about 125 pounds.

SOCIAL COLONY NEAR ATLANTA

Stock Company Organized to Establish Model Community.

Atlanta, June 24.—A socialistic community will soon be established near Atlanta. A stock company has been organized with a capital of \$20,000 to put the plan in operation. The community is to be known as the Alkahest Home and Printing Company.

This information was given out yesterday by Andrew M. McConnell, president of the Alkahest Lyceum System, who is the originator of the scheme and president of the stock company just formed. Others connected with the company are T. B. Miller and S. R. Bridges.

In speaking of the matter Mr. McConnell said that definite plans had already been made, and everything was practically in readiness for carrying out the scheme.

It is not known yet just where the community will be located, but it will be on one of the street car lines running out from the city. Negotiations are now being carried on with parties for several different places located near the city. A deal will be closed with either one or the other of these parties this week, and the community will be immediately established.

TWO DROWNED AT COLUMBUS.

Men Were Assisting in Erection of the New Dam.

Columbus, Ga., June 24.—The Chatahoochee river claims two more lives. J. T. Russell and J. W. Gresham were the scene of the drowning was North Highlands, where the dam is being erected for the Bibb mills. The men were crossing the river in a boat carrying the guy line when the line fell on the boat, capsizing it.

Both men struck out for shore and it was thought by the spectators that they would escape, but they sank in the eddy and were drowned.

In 15 minutes Russell's body was rescued, and had a physician been present his life could have been saved. He died a few minutes later. Gresham died a few minutes later. Gresham's body was rescued in 20 minutes. Over a score of people have been drowned at this same place since the erection of the dam commenced.

Saturday evening he was cheerful and it was not deemed necessary to have a nurse remain in his room. Yesterday morning he did not open his room door, and at 10 o'clock the door was unlocked with a pass key. He was found dead in his bed and had apparently been dead several hours.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Strudviant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail, one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try for further strengthening system. You need wholesome strengthening food Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. For sale by Richmond County Drug Company.

Would Not Suffer So Again for Fifty Times Its Cost.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life, when I came down to work this morning I felt so weak I could hardly work. I went to Miller and McCurdy's Drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly the finest thing I ever used for stomach trouble. I shall not be without it in my home here after, for I should not care to endure the sufferings of last night again for fifty times its price. G. H. Wilson, Liverpool, Burgettsstown, Washington Co., Pa. This remedy is for sale by Richmond County Drug Company.
