BIG LAND DEAL IN TENNESSEE.

Baltimore Capitalists Secure Large Tract of Coal Land. Chattanooga, Tenn., Oct. 11.—An application for incorporation for the Clear Creek Coal company has been filed here. Those interested in the new company are ex-Governor Lloyd Lowndes, Crawford Black and other Baltimore capitalists. The company already owns 7,000 acres of valuable coal land in Cumberland county and propose to purchase other lands if suitable. The property is located on the lines of the Tennessee Central railroad, near Ison.

PROMINENT PLANTER SUICIDES.

Invited His Wife to See Him Perform Rash Act. Rutherfordton, N. C., Oct. 10.—Henry Campbell, a prominent and well-to-do planter, living near Lattinboro, 18 miles from here, committed suicide at his barn by sending a bullet through his heart. Family trouble is said to be the cause of the act. Several times during the week he had attempted to take his life by throwing himself in a well, but each time was prevented by one of the family. Yesterday morning he told his wife and children he was going to blow his brains out, asking his wife to go with him to the barn and see it well done. His wife refused to go knowing that he had a pistol. He then remarked to his wife: "I expect you had better not go, because I would blow your lights out first."

WANT TO RUN SUNDAY TRAINS.

Norfolk and Western Trying to Supply Coal. Charlotte, N. C., October 14.—Major W. A. Guthrie, representing the local department of the Norfolk and Western railway, left yesterday for the western part of the state to consult Governor Aycock with regard to running Sunday trains through his state. The object is to relieve the coal famine that exists throughout the state, and if possible Major Guthrie will obtain the governor's sanction to running such trains. In order that the Norfolk and Western may supply the state with coal from the West Virginia mines.

Wallace Gets School.

Wilmington, N. C., Oct. 13.—The Wilmington presbytery has decided not to remove the James Sprunt Institute school for Young Ladies from Kenansville to Wallace. The latter city employed every effort to get the school, and Kenansville put up a strong fight to keep it. After a full investigation the presbytery decided the question in favor of Kenansville, and the victory causes rejoicing. The institute is the largest girl's school in that section of the state.

Coal Supply Exhausted.

Raleigh, Oct. 10.—The bituminous coal here is now exhausted and some dealers have gone to the mines to see what they can do. The situation would be relieved if the coal mine at Cunnock, in this state, could produce any large quantity, but its output is so small that it cuts no figure. There is an almost undeveloped coal mine near Cunnock, on the line of the Durham and Charlotte railway. The scarcity of coal may produce more activity at these mines.

Britons Buy Mining Lands.

Charlotte, N. C., Oct. 10.—An English syndicate has purchased 500 acres of mining land in Cabarrus county, 12 miles south of Concord. The property is known as the Fred Furr estate, and is said to be rich in minerals. The deal was made through Colonel Andrews, a prominent English lawyer, and the syndicate will start at once to develop its holdings. The price paid was \$20,000.

Large Magazine Explodes.

Columbia, S. C., Oct. 10.—The magazine of the Catawba Power company's plant on the Catawba river, 6 miles from Rock Hill, exploded before daylight yesterday morning. It contained many boxes of dynamite. The cause of the explosion is unknown. The town of Rock Hill was shaken as by an earthquake. No one was killed.

May Ask Change of Venue.

Raleigh, Oct. 10.—It is intimated that James Wilcox, tried and convicted at Elizabeth City for the murder of Nellie Cropsy, may ask for a removal of the case to another county, on the ground that he cannot get justice in Pasquotank.

Negro Assaults Registrar.

Raleigh, N. C., Oct. 10.—At Concord Election Registrar Frank McKenney was assaulted by a negro he had refused to allow to register. He was struck with a brick. The negro fled, but was captured. It is the first assault of the kind yet reported.

SHOCKING TRAGEDY AT HOMESTEAD, PA.

Crazed Boy Does Deadly Execution With Ax.

BEAT MOTHER'S BRAINS OUT. Crushed Skull of Young Sister and Fatally Injured Four Other Members of Family—Tried Also to Kill Two Older Brothers.

Pittsburg, Oct. 10.—While laboring under mental aberration, the result of strain of perfecting an appliance for an airplane, which is pending in Washington, D. C., Charles Cawley, a 17-year-old boy of Homestead, Pa., early today killed his mother and one sister and fatally injured four other children. He tried also to kill his two older brothers, but was detected, overpowered and turned over to the police. The weapon used was an axe with which he crushed and hacked his victims beyond recognition.

Death of the Victims.

The dead are: Mrs. Hannah Cawley, aged about 40 years; head and upper portion of her body almost pounded to a jelly. Belle Cawley, aged 12 years, who slept with her mother; head frightfuly crushed. The fatally injured, who are at South Side hospital, are: Josephine, the baby of the family, aged 15 months, head and chest battered. Adeline, aged 5 years; skull fractured. Raymond, aged 6 years, head badly crushed. Agnes, aged 10 years, head crushed. The Cawleys live in a new 6-room house on Sixth avenue in Homestead, and last night all the members retired about 10 o'clock. Mrs. Cawley and Belle occupied one bed, while the others, Josephine, Adeline, Raymond and Agnes, occupied other beds and cribs in the same room, which is second floor in the rear. Charles, the murderer, his brothers James, aged 20, and Harry, aged 14, occupied the front room second floor, adjoining the room of their mother.

Pounded Her Head to a Jelly.

Some time about 8 o'clock this morning Charles quietly arose, and dressing himself, all but putting on his shoes, crept down to the cellar and secured an ax. Coming upstairs he went into his mother's room, where the victims were all sleeping. After turning up the light the maniac approached his mother's bedside, swung the ax high in the air and brought it down with such force that the skull was crushed. The mother evidently never knew what struck her, but the crazed son, thinking that his first blow did not do its work, pounded the dead mother's head almost to a jelly.

Fiend Attacks Smaller Children.

The fiend then turned to the smaller children and struck each one over the head with the bloody weapon. Believing that he had dispatched them all, he started for his brother's room, but James, the eldest, had been awakened by the groans in his mother's room and as Charles entered he seized a heavy rocking chair and after a fierce struggle overpowered him and turned him over to the police. On the way to the station house he fought in a cell, but after being placed in a cell, he calmed down and did not seem to realize what he had done.

When Physicians Reached the House.

When physicians reached the house Mrs. Cawley and Belle were dead, the others are still living, but the doctors announced that they could not live through the day.

BURGLARS APPLY TORCH.

While Houses Burn They Try to Loot Bank.

Knoxville, Tenn., Oct. 10.—A special to The Journal and Tribune from Lebanon, Va., the county seat of Russell county, says that safe blowers did a bold job at that place. In order to give them a chance to crack the safe of the Russell county bank they set fire to C. M. Jenks' residence, W. E. Burns' residence, the postoffice and the law office of W. E. Burns and I. C. Cent, entailing a loss estimated at \$50,000.

The safe blowers' effort to crack the bank safe, in which there was about \$40,000, was unsuccessful. A part of the gang was seen leaving the bank, but escaped.

Corporation Closely Allied to Naval Stores Consolidation Formed. Savannah, Ga., Oct. 13.—The organizers of the Florida Export company, closely allied with the Consolidated Naval Stores company, held a conference here Saturday, when plans were definitely formulated for the organization.

Material changes were made in the tentative plans of the company, as formed at Jacksonville some days ago. For one thing, it was decided to increase the capital stock from \$200,000 to \$500,000.

A general export business in naval stores will be done. The officers will be W. F. Coachman, Jacksonville, president; John R. Young, Savannah, vice president; W. F. Coachman, John R. Young, H. L. Covington, Pensacola; D. C. Patterson, Jacksonville, and W. C. Powell, Savannah, directors.

WOMEN WITNESS EXECUTION.

Negro Is Hanged At Elberton For Assault.

Elberton, Ga., Oct. 11.—Henry Jones, a negro, was executed yesterday afternoon in the presence of thousands of men and women for an assault upon a white woman in this county.

The drop fell at 1:07 o'clock and in about 20 minutes he was pronounced dead by the attending physicians.

Death was caused by strangulation, the body having caught on the trap door, from where it was released by the officers.

The negro was hanged in a valley near town, the hillside affording a good position for the curious who had assembled to witness the execution. He appeared to be somewhat dazed as he ascended the steps of the scaffold and declined to make any statement except that he was innocent.

CRUSHED UNDER ENGINE.

L. M. Laramore Falls in Front of Locomotive at Savannah.

Savannah, Ga., Oct. 13.—L. M. Laramore, white, 23 years old, a brakeman on the Seaboard Air Line, was killed by an engine at the junction near this city Sunday morning.

He was riding on the pilot, from which he jumped to make a connection. Tripping he fell, and the wheels of the engine passed over both legs, severing them completely. He was placed aboard the engine, with life almost extinct, and speed was made to the city. The police ambulance was summoned and he was conveyed to the hospital. He died, however, within 5 minutes after reaching the hospital. His home was at Leslie, near Americus.

EDITOR DIES AT DESK.

Was Working on Morning Star at Albany When End Came.

Albany, Ga., Oct. 10.—E. W. Fisher, of the Morning Star force, died in the office at a late hour Wednesday night, a victim of heart disease, in which he had been working up to a few minutes of the time of his death. He partially rallied from the attack, when restoratives were administered, but suddenly toppled over in his chair, and was dead almost instantly. He was 46 years old, and a Pennsylvanian. He ran the Pelham Free Lance up to a few weeks ago.

Orphan Boy Suicides.

Harmony Grove, Ga., Oct. 10.—Young Russ Daniel, an orphan boy, has committed suicide at his home near Brockton, in this county, using a double barreled shotgun. He had just returned from south Georgia on a visit to relatives. He wrote a note to his uncle, Mr. Potts, in which he stated that his father and mother were both dead, he had but few friends and thought it best to put an end to his existence. He took a double barreled shotgun, placed the muzzle on his breast over his heart, and using a forked stick, pressed the trigger. He died in a few moments. No one knows any direct cause, but it is supposed to have been the result of general despondency.

Sale of Mills Not Confirmed.

Macon, Ga., Oct. 13.—Judge Emory Spear, of the United States court, has issued an order refusing to confirm the recent sale of the cotton mills at Millen and Tenuille on the ground that the amounts were too small. Receiver John R. L. Smith sold the Millen property at \$50,000. The plant cost \$160,000. Judge Spear now places an upset price of \$90,000 on this mill. Receiver N. B. Colvin sold the Tenuille cotton mills at \$40,000. The plant cost \$112,000. Judge Spear names an upset price of \$75,000. The properties will again be offered for sale.

COL. WILEY LEAVES FIRST.

Tenders Resignation as Commander of Regiment to Governor. Savannah, Ga., Oct. 14.—At a meeting of the officers of the First regiment infantry last night, Colonel T. S. Wiley, Jr., announced that he had forwarded to the governor his resignation of his commission, with the request that he be placed upon the roll of retired officers in the state service.

The information was a complete surprise to the officers, who did not know that Colonel Wiley had even been considering such a step. The regret of all was expressed. His action resulted from the demands made upon his time by his business.

Colonel Wiley has been in command of the regiment for about 18 months, having served a year as lieutenant colonel prior to his election as colonel. He was formerly a captain of the Savannah Volunteer Guards and during the Spanish-American war he was a major in Ray's Immunes.

It is very probable that Lieutenant G. Arthur Bond will be elected to succeed Colonel Wiley. Colonel Gordon is a son of General W. G. Gordon. He is probably the youngest lieutenant-colonel in the state, possibly in the country, and as colonel at 29 he will probably enjoy the distinction of being the youngest officer of that rank in the United States.

SENT BULLET THROUGH HEART.

Suicide of Alfred Thapagon in Hotel De Soto, Savannah.

Savannah, Ga., Oct. 14.—Alfred Thapagon, alias Alfred Taft, committed suicide at the Hotel De Soto, the leading tourist hotel of Savannah, at a late hour Saturday night. The proprietors of the hotel and the civil authorities did everything in their power to keep the suicide quiet, and it did not leak out until yesterday morning.

Thapagon registered at the hotel Oct. 2, as Albert Taft, Boston, Mass. He at once began a lively and conspicuous career, consorting with women of the half world, with one of whom he became infatuated. Last Thursday he became boisterous, under the influence of liquor, and an officer of the tenderloin district arrested him for being drunk and disorderly. He was convicted in the police court and paid a fine of \$10. He was then requested to leave the hotel. He paid his bill and did so.

Saturday night he appeared again, saying he wanted lodging only and would leave the next morning for Jacksonville, Fla. Later in the night a muffled report was heard. A search was instituted, and his body was found on the bed, with a bullet through the heart.

Contest Called Off.

Montgomery, Ala., Oct. 11.—The contest in Henry county has been called off. The anti-new county candidates filed their petition alleging frauds and the new committee agreed to hear it. Then the contestants backed down and the new county men will be elected without opposition. This means that the members from Dale and Geneva will have to fight without any help from Henry against the dismemberment of their counties. The sentiment in the state at large goes largely in favor of Henry county efforts to divide up and have a new county around Dothan. At present the county of Henry has three courthouses and is 60 miles long. The division proposed takes off the lower end to Florida.

NIGHT FIGHT WITH MASKED BURGLARS

Prominent Citizen of Lexington, Ky., Killed.

SON GOES TO HIS RESCUE.

Encounters Robbers in Darkness of Hall and Exchange of Shots Occurs. He Was Mortally Wounded—Citizens Searching for Murderers.

Lexington, Ky., Oct. 11.—A. B. Chinn, of the firm of Chinn & Todd, dry goods merchants in this city, one of the most prominent business men and confederate soldiers in Kentucky, was shot to death by two masked burglars at 3:30 o'clock this morning in his bedroom at his home at the south end of the city.

His son, Asa, who heard the noise, rushed to his father's rescue and opened fire on the burglars through a closed door with a rifle. The burglars returned the fire and Asa was perhaps mortally wounded. Citizens and police are searching for the murderers but no clew is yet found.

The battle in the hall was a terrific one. So close were the burglars to Asa Chinn that there were powder burns on his face, and he is lucky to have escaped with his life. His room is directly in front of that of his parents and he had scarcely gone to sleep when his mother's screams aroused him.

Covered with Revolvers.

The two burglars stood at the bedside of Mr. and Mrs. Chinn and, striking a match, covered them with their revolvers, demanding money. It was by the light of this match that Mrs. Chinn saw their green masks. Her impressions of the personal appearance of the men is very hazy. When young Chinn heard his mother's screams and the voices of the burglars, he jumped from his bed and grasped a pistol and an old rifle and went through the hall to the door of his parents' room. The door was partially open, but not so that he could aim at the burglars, whose voices indicated that they were directly behind the panel. Chinn attempted to fire through the panel, but his bullet deflected. This caused one of the men who had his revolver pressed against the elder Chinn's breast, to discharge it through his heart.

Young Chin, Brave Fight.

The two then made a break to escape, but encountered Young Chinn in the hall, where he attempted to fight them in the dark. The elder Chinn, in the meantime, though fatally wounded, made his way to the hall, thinking to aid his son, but staggered and fell dead. Young Chinn received three wounds. One bullet grazed the tip of his nose and ploughed through the cheek. Another inflicted a wound in the neck and shattered the jaw, while a third struck him in the left arm, causing him to drop the rifle which he had in that hand.

A. B. Chinn, the murdered man, was a deacon in the Central Christian church. He was 68 years old.

Knoxville, Tenn., Oct. 10.—A special to The Sentinel from Morristown says Rush Martin was shot and instantly killed by A. F. Carter, early this morning at Carter's home, near Morristown. Carter claims Martin came to his home and threatened his life and he shot Martin after the latter refused to leave. Carter surrendered at once. The killing was a sequel to an old feud. Martin had been under a peace bond, at Carter's instance. Both were reputable farmers.

NEW ORLEANS STRIKE ENDS.

Settlement Reached Between Railways Company and Employees. New Orleans, La., Oct. 13.—The street car strike was settled Saturday night by the union almost unanimously accepting the governor's ultimatum on a secret ballot. Negotiations went on until 7 o'clock Sunday morning, when the executive board finally decided to submit the matter to a general meeting of the union, which began at 4 o'clock and ended at 6 o'clock.

The basis of settlement is that the men will go back to work today at 20 cents and 10 hours, with a minimum of seven and one-half hours a day, no discrimination to be made against any of the men under charges, and so many to be taken back as are needed for the operation of the company's lines. The hitch was on the taking back of the men under charges, but the railways company finally conceded this, allowing the courts to decide the guilt of the men.

There is widespread rejoicing in the city over the settlement of the strike. It began Sunday morning two weeks ago and has been the most effective tie-up ever attempted in this city.

SHIP BURNS; CREW RESCUED.

Schooner Sinks After Burning to Water's Edge.

Key West, Fla., Oct. 13.—Captain Sam Williams, of the schooner Ruol, arrived from the keys and reported that while he was passing Key Largo residents of that place boarded him and reported that a large four-masted schooner was burned near Alligator light house Sunday last, which afterwards sank; the crew had all been saved and were at the light house, but were taken off later by a steamer which went north.

Several of the wrecking tugs were preparing to go, but later gave up the trip, as they wanted fuller details, which have not come in as yet.

The steamer Miami has arrived from Miami, but did not report any particulars.

SMALLEST LIVING CHILD.

Fourteen Inches in Length and Only Weighs One Pound.

New York, Oct. 13.—What is said by physicians at the Bellevue and New York Post Graduate hospitals, is the smallest living child ever born here. The child, a boy, weighs one pound, seven ounces. It is 14 inches in length. It was taken to Bellevue by John Clark, a carpenter. He carried it in a paper bag filled with cotton, and stated that his wife was too ill to care for the child. The doctors were greatly interested, and at once carried the infant wonder to the Post Graduate hospital, where it was placed in an incubator.

AGED WOMAN MURDERED.

Hempstead, Tex., Wrought Up Over Mysterious Killing.

Hempstead, Tex., Oct. 13.—Mrs. Susan P. Lewis, aged 64, was murdered by some unknown person, and the whole community is much wrought up. She was heard to scream and call for help, and then three shots were fired in rapid succession. A search was at once made, and the body of the woman, clad only in a night dress, was found in the rear of the public school building some 50 yards away from her home. Two suspects are being held.

Harrison Has No Opponent.

Montgomery, Ala., Oct. 11.—The announcement was made the other day that General George P. Harrison was to have opposition for re-election as commander of the Alabama division of the United Confederate Veterans. The feeler was thrown out that the custom should be established of only one term, so that the honor could go around. Careful inquiry fails, however, to develop any old veteran who is willing "to bell the cat." No one has been heard from who desires to contest with General Harrison, and the sentiment claimed really exists, it has no exponent. The reunion is only a month off.

WHEN BABY IS COMING USE Mother's Friend.

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert and her nature the finest as she foresees the joy, the ambition, the success and the life-long satisfaction coming, coming nearer, day by day, in the fear and love which so soon to see light, and the very uncertainty whether she shall see a sweet girl face or a brave boy face beside her on the pillow, adds zest to her expectancy. Then, if ever, she should take care of her physical, mental and moral health.

MOTHER'S FRIEND applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded, calm nerved and cheerful in disposition, who are mutually influenced for months by the continued use of Mother's Friend.
