BURNED TO DEATH.

Charles Hurt, fireman on C. S. Ry., cremated at Onida, Tenn.

Chattanooga, Tenn., Oct. 27.—A disastrous freight collision occurred on the Cincinnati Southern railroad at Onida, Tenn., 125 miles north of here, late last night. A through north-bound freight was running in two sections. The first section was standing on the main track at Onida when the second section crashed into the rear of the first section.

Both sections were double-headed. The two locomotives of the second section were demolished and several cars derailed. The wreckage caught fire and Charles Hurt, white, fireman, was cremated.

Both locomotives and 15 cars were burned up.

Two residences, two store buildings and a tool house near the track caught fire from the wreck and were destroyed. It was necessary to build a temporary track around the wreck to open up traffic.

Hurt, the fireman who was killed, was a young man and lived in Somerset, Ky.

WANTS IT DISCARDED.

Dr. Hirsch Declares Disbelief in First Chapter of Genesis.

Chicago, Oct. 27.—At the Temple of Israel last night Dr. Emil G. Hirsch declared his absolute disbelief in the first chapter of Genesis, and bade his congregation discard it as an article of faith.

"Religion, biology and astronomy," he declared, "have each given evidence that make it impossible to believe that the world was created in six days. It is impossible also to give serious consideration to the efforts that have been made to reconcile science and religion."

"All nations," said Dr. Hirsch, "have their idea of the creation of the world, and in every case the creation has been ascribed to their favorite gods. The world has gradually progressed from polytheistic to monotheistic and there is no doubt that the first chapter of Genesis is simply a relation by some Jewish writer of the stories told by the Babylonians which the Jews had carried from their captivity in Babylon 600 years before Christ."

Death Due to Sceptic Poison.

New York, Oct. 27.—An autopsy over the body of Mrs. Annie Kingsley, who was the subject of an operation at Bellevue hospital when the surgeons placed six stitches in her heart, shows that the wound had healed perfectly and that her death several days later was due to septic poisoning caused by the unclean knife blade with which she was stabbed. It is charged by her husband. The doctors found that the cavity of the left ventricle, which was pierced, was absolutely tight—that is, the walls had united as a result of the operation. Without it she would have bled to death in a very short time. The poisonous blade caused inflammation of the muscles and arteries of the heart.

Two Perish at Crossing.

Little Rock, Ark., Oct. 27.—Conductor J. W. Turner and brakeman J. S. Brennan were killed this morning at the crossing of the Choctaw, Oklahoma and Gulf and the Cotton Belt railroads, east of Little Rock. Choctaw freight train No. 83 telescoped Choctaw freight train No. 81. The latter train stopped at the crossing and No. 82 crashed into it around a curve. Turner and Brennan were in the caboose of No. 81 when the crash came.

New York, Oct. 27.—Sister Mary Dolores, one of the founders and for many years the procurator of the convent of Mount de Sales, near this city, is dead, says a Baltimore dispatch to The Times. She was 73 years old. Sister Dolores was known throughout the country by hundreds of women in society and literary life who were educated at Mount de Sales. On Feb. 17, 1900, she celebrated her golden jubilee.

First All-White Vote.

Charlotte, N. C., Oct. 27.—The first election to be held under the franchise restrictions for the purpose of eliminating the negro from the privilege of the ballot in North Carolina will occur Nov. 14, and the indications are that the object of the framers of the amendment to the constitution will be more than realized. In fact, it will be a surprise to those who have looked into the registration figures if the total negro vote in the entire state aggregates 5,000. This is a reduction of from 15,000 to 20,000 in the earlier estimates of the effect of the new restrictions.

Athens, Ga., Oct. 27.—The Athens Tribune, one of the best weekly papers in the state, has been purchased by The Banner, and T. W. Takes Oath as State's Chief Executive.

CEREMONIES AT CAPITOL.

Oath Was Administered by Chief Justice Simmons—Newly Elected Executive Delivered a Short but Pointed Inaugural Address.

Atlanta, Oct. 26.—Governor-elect Joseph M. Terrell was made governor in fact at noon today.

Committees were appointed yesterday both by the house and senate to arrange for the inauguration ceremonies, which took place at noon, before a joint session of the senate and house in the hall of the house of representatives.

The committee on the part of the senate was composed of Senators Sullivan, of the eighteenth, and Skelton, of the thirty-first, and on the part of the house of Messrs. Felder, of Bibb, chairman, Davis, of Meriwether, and Haves, of Elbert. These committees arranged for all the details of the inauguration, for escorting the retiring governor and his successor into the hall, and program to be followed.

President Clark Howell, of the senate, presided. Rev. John E. White, of the Second Baptist church, offered the prayer, and after the object of the session was stated, Governor-elect Terrell delivered his inaugural address, which was short and to the point. The new governor took the oath of office administered by Chief Justice T. J. Simmons, of the supreme court, the joint session was dissolved and general congratulations were offered.

Governor Candler made all arrangements preparatory to turning his office over to Governor Terrell.

A. S. Davis Commits Suicide.

LaGrange, Ga., Oct. 27.—A. S. Davis, of Glenn, Heard county, committed suicide yesterday by shooting himself in the head with a pistol. Financial reverses is supposed to have been the cause of the act. Davis was in the mercantile business at Antioch, in this county, until last fall, when his health failed. He attempted to kill himself at that time, but did not succeed.

Wife Murderer Is Hanged.

Richmond, Va., Oct. 25.—John Evans, colored, was hanged at Lawrenceville yesterday for wife murder. The drop fell at exactly 12:30 o'clock and the man was pronounced dead by the fall physician in 1 1/2 minutes. His neck was broken. He mounted the scaffold unsupported. His crime was a most cold-blooded one.

Douglas Land Sale.

Douglas, Ga., Oct. 27.—An extensive advertised sale of town lots here came off yesterday. While the crowd in attendance was not as large as expected, the bidding was spirited and prices good. About 60 lots were sold, realizing some \$6,000 or more. Captain D. G. Purse, to whom the land belonged, seems well pleased at the result.

Coal Arbitrators Arrive at Capital.

Washington, Oct. 27.—With one or two exceptions, the parties to the anthracite coal controversy have arrived in the city for the purpose of attending the conference with the president's commission, which is to be held this afternoon, and it is expected that all will be present when the conference opens. The members of the commission are all in the city. Notwithstanding there are quite a number of details to be arranged, the members of the commission are hopeful that they will be able to complete the preliminary arrangement at one sitting. So far as the operators and miners have expressed themselves, they have indicated a willingness to subordinate their desires in the matter of time and place of hearing to the wishes of the commission. It is the general understanding that practically all the meetings for the taking of testimony will be held in the anthracite regions, and it is believed that the commission will be able to get to work during the present week.

Another preliminary question which will require attention is that as to the questions to be taken up by the commission. Mr. Mitchell, who reached Washington at 2 o'clock this morning, accompanied by district President Babby, will press for a general inquiry, while it is understood that the operators will seek to restrict the inquiry.

Men en-hall to Columbia.

Jackson, Miss., Oct. 27.—Contracts will be let about the 1st of January for the construction of the new branch of the Gulf and Ship Island road from Columbia, a distance of about 50 miles, and it is expected that the line will be in readiness for use by the early part of the summer. It is definitely announced that Woodruff will be the northern terminus of the branch.

ROYAL VISITORS.

It is Probable that Prince and Princess of Wales Will Visit America.

London, Oct. 27.—The report cabled from the United States that Prince and Princess of Wales probably would visit the St. Louis exposition in 1904 created much interest here. The news occupied a prominent place in all the newspapers. Surprise was expressed in official circles at the question being publicly discussed at all. At York house, the residence of the Prince and Princess of Wales, a representative of the Associated Press was told that nothing was known officially on the subject. From inquiries in other quarters, however, the Associated Press learned that while no official invitation had been extended, the matter had been unofficially presented to the king, who returned a polite, non-committal reply. It is pointed out that the question of acceptance or declination must, of course, await the transmission of an official invitation from the United States government.

THREE MONARCHS MEET.

Important International Questions to Be Considered.

London, Oct. 27.—Emperor William will arrive in England Nov. 8 and by that time it is expected King Carlos, of Portugal, also will be a guest of King Edward.

There is every reason to believe that the meeting of the three monarchs will result in important international understandings, especially as regards South Africa and more particularly Delagoa bay, which is so vitally important to Great Britain as an outlet for newly acquired colonies.

The Portugal government appears willing to transfer some portions of its African territory to British rule. Germany, however, is understood to be strenuously opposed to British trade securing such an advantage—at any rate, unless Portugal is willing to placate Germany by granting her some similar concession—and it is believed that before the emperor and King Carlos leave England a bargain will be arranged.

New York, Oct. 27.—For the first time since he left the White House former President Cleveland will take the stump in a political campaign and speak at a Democratic rally in Morristown, N. Flanagan, nominee of the fifth district.

After Two-Year Chase He is Held at Osceola, Ark., for Authorities.

Macon, Ga., Oct. 27.—After two years the negro who murdered Sneed, a night watchman at Stevens' pottery, has been caught, and is being held in Osceola, Ark., until the Macon authorities can send for him.

The negro's name is Lee Edwards, and at the time of the tragedy, he was employed at Stevens' Sons works, under the direction of Sneed. A trivial misunderstanding caused the negro, who was a desperate character, to kill young Sneed.

ELIZABETH C. STANTON DEAD.

The Noted Woman's Suffragist Passes Away at Her Home.

New York, Oct. 27.—Mrs. Elizabeth Cady Stanton died Sunday afternoon at the age of 87, after a short illness, at her home in this city. Old age was given as the cause of death. She was conscious almost to the last. About a week ago Mrs. Stanton began to fall rapidly. This became more noticeable last week, and then it was known to the family that her death was only a question of days or hours.

The children with her when she died were Mrs. M. F. Lawrence and Mrs. Stanton Blatch, of New York; Henry and Robert L., of New York; lawyers; Theodore, of Paris, and B. Smith, a real estate broker at Warden Hill, L. I. The funeral will be held on Wednesday, but the hour has not been set. The interment will be in Woodlawn cemetery.

Seven Injured in Collision.

Chattanooga, Tenn., Oct. 27.—A belt railroad locomotive, drawing several freight cars, collided with a Rapid Transit electric car outside the city limits Sunday afternoon. Several persons were injured, two of them seriously. The seriously injured are: Charles Harris, white, Chattanooga, Dr. J. L. Eaton, Chattanooga. The Rapid Transit cars are operated over the Belt line track and to insure safety, signals are used by the Rapid Transit to indicate whether or not the track is clear.

It is claimed that the Belt road engineer disregarded the signal that a Rapid Transit car had the right of way and kept on the main track instead of taking the siding. The engineer and fireman jumped, leaving the throttle open. Fireman Ramsey remounted the engine and closed the throttle, not, however, until the collision occurred. The electric car was demolished.

M. Chapman, who was superintendent of street work, with the crime. Chapman was arrested and lodged in jail to await trial.

REUNION AT MONTGOMERY.

General Harrison Issues Order to Alabama Confederate Veterans

Montgomery, Ala., Oct. 20.—General Harrison, commander of the Alabama division, United Confederate Veterans, has issued the official order for the reunion here on November 12 and 13.

The first day will be given to business and the election of a major general and four brigadiers. The second day will be largely occupied with the parade of veterans and the Sons of Veterans.

The railroad rate is 1 cent a mile from all Alabama points. General Harrison earnestly urges all old veterans to come, whether they are members of the camp or not. On Nov. 14 the coroner's case will be formally laid with Masonic ceremonies, conducted by Grand Master Cunningham, who will then be the new lieutenant governor-elect. All this, however, is outside the reunion, but the old veterans are expected to go up on a special train which will be run on that day.

CUT TO DEATH WITH HATCHET.

Many Wounds on Body of Negro Found Near Augusta.

Augusta, Ga., Oct. 23.—At the coroner's inquest over the body of Ed Griffin, Dr. Morgan, the coroner's physician, described the wounds as follows: "One cut on the right side of forehead, penetrating the skull; another on right side of lower jaw, fracturing the bone; two on the right cheek, both penetrating the bone; one deep cut on right side of the neck, behind left ear; a contused, ragged, behind over the left eye, fracturing the skull. All evidently done or small ax, and two wounds on the back of the head, made with a blunt instrument, possibly the back of the hatchet."

The officers of the law are still seeking evidence against Tom Hardy, who was arrested on suspicion. It is believed now there were two murderers. A man who passed the wagon of cotton seed on the road says there were three men riding on it.

London, Oct. 25.—King Edward and Queen Alexandra started on the royal progress toward the city shortly after noon today in, somewhat dull weather. The rain, however, kept off, and the temperature was sufficient to make the day enjoyable. Outside Buckingham palace, which naturally was one of the center of attractions, a great crowd had been waiting for hours, watching the arrivals and departures and the forming up of the procession.

He proved to be a religious enthusiast who objected to the erection of a stand around St. George's church, in the borough, and who, when approached, had a small quantity of gunpowder, insufficient to do real damage. He probably will be placed in an asylum.

Keely Will Direct Movements.

New York, Oct. 27.—Alfred Mosely will sail today for New York by the Campania to direct the movements of the industrial experts whom he is sending to America to complete an investigation of the American methods of work and organization, says a London dispatch to The Tribune. A few months ago the matter was widely discussed, but it now attracts little attention. There is less excitement on the subject of American and German competition than there was. The British press is no longer an alarmist, but is inclined, adds the correspondent, to over-rate the benefits of national conservatism in business methods.

Farmer Siscoe Arrested.

Marion, Ky., Oct. 27.—George Siscoe, farmer, has been arrested, charged with murdering, from ambush, Miss Nellie Williamson, Wednesday night while accompanied from church by Grover Brown. Siscoe's son, Allie, and Brown were rivals and had quarrelled. A young brother of Miss Williamson, who accompanied the lady and Brown, stated that he recognized Siscoe on the night of the shooting. It is believed that the fatal shot was intended for Brown. Siscoe was taken from jail last night and guarded in the woods and the officers are believed to have planned evasive proceedings for tonight.

Proposed International Conference.

New York, Oct. 27.—It is reported, says a Tribune dispatch from London, that the proposed international conference for regulating relations between the wireless telegraph stations of the various nations will take place in Berlin about the end of next March. America, Austria, England, France, Italy and Russia responded to the initiative of Germany in the most friendly spirit, and the majority of these states have now intimated to the Berlin government that they will accept an invitation to such a conference in Berlin on condition that the program is fixed beforehand and sent with the invitation. It is not yet quite certain whether it will be possible to draw up a program before the end of February next.

NEGRO BOY LYNCHED.

Troops Had Been Ordered to Scatter but Were Too Late.

Tallahassee, Ga., Oct. 25.—Ben Brown, a 16-year-old negro, was lynched near here last night for assaulting Mrs. Henry Dees.

The negro was hanged from the iron bridge which spans the Tallapoosa river, and his body riddled with bullets.

The troops sent here by Governor Candler arrived too late, as the negro had been lynched some time when their train reached here.

About noon Ben Brown stopped at the home of Mrs. Henry Dees, 3 miles out, and asked for something to eat. He then assaulted the woman, choking and threatening to kill her. Her outcry aroused the nearest neighbor and the negro fled, but was run down by John William Benton and J. G. Gray, who brought him to Tallapoosa with a rope around his neck at 1 o'clock and placed him in the calaboose barely in time to save him from armed pursuers.

Mob Is Formed.

Another band with rifles and shotguns soon followed, headed by Caleb Smith, Mrs. Dees's father, determined on having the negro.

Mayor Hutchins, Rev. Mr. Shankle and the best citizens counseled order. The mayor telephoned Judge Jones and secured a promise that he would convene court next Monday to try the negro. On the strength of this pledge Smith calmed down and went home, but later he returned with a greater crowd, announcing that Mrs. Dees was hardly expected to live.

Mayor Hutchins had previously wired the governor for troops, anticipating the inevitable. The troops were promised, but failed to arrive by the first train, although the train was held one hour at Atlanta.

Sheriff Shellnut, from Buchanan, did not arrive on the scene till nearly dark.

Ropes and cartridges were openly purchased, and at 7:30 o'clock the mob marched, broke down the calaboose door, seized the negro and rushed him to the scene of the crime. The sheriff was in front of the book store when the mob smashed the door down. Not a shot was fired during the entire attack on the calaboose.

Negro Confessed Guilt.

The negro admitted his guilt from the first. The mob, however, took him into the presence of his victim, who identified him unhesitatingly. The negro was then carried to the big iron bridge spanning the Tallapoosa river, a rope was thrown over one of the high cross beams, a noose placed around his neck and in another moment the body was dangling in space, and soon thereafter riddled with shot and ball and left swinging.

The next train brought a company of soldiers from Atlanta, under command of Captain Burton Smith. The train was rushed on by Conductor Waitte, who stopped it at the river, hoping that the troops might arrive in time to prevent the lynching, but they were just a few minutes too late.

Displayed Great Stoicism.

The victim displayed wonderful stolidity. The only words that escaped his lips as he was about being swung up were: "My God, have mercy on my poor soul!"

The mob soon dispersed. This is the first lynching that has ever occurred in this vicinity, and the citizens profoundly regret it.

The arrival of the troops by the first train on time would have prevented the lynching. The mob somehow learned that troops were coming and expedited the matter.

Mysterious Murder Case.

Charleston, S. C., Oct. 25.—With the death of an unknown negro at the city hospital the police department and the coroner's office are confronted by a murder mystery that promises to baffle the skill of the detectives detailed on the case. The identity of the deceased, the manner in which he came to his death and the identity and whereabouts of his assailants are all unknown. The victim was found in a vacant lot on last Sunday morning in an unconscious condition. There was a ghastly wound on his head and the negro was moved to the hospital, where he died without having regained consciousness.

To Restore Whittier Homestead.

New York, Oct. 27.—The Whittier homestead, at Haverhill, which was damaged by fire last week, is to be restored on exactly the old lines, says a Boston dispatch to The Times. The ancient furniture and the desk of his grandfather, on which Whittier wrote his first verses, and as it happened, also the last poem he ever wrote, will go back where it stood two generations, and perhaps three, before his birth.

WHEN BABY IS COMING USE Mother's Friend.

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert and her nature the finest as she foresees the joy, the ambition, the success and the life-long satisfaction coming, coming nearer, day by day, in the clear and innocent being so soon to see light, and the very uncertainty whether she shall see a sweet girl face or a brave boy face beside her on the pillow, adds zest to her expectancy. Then, if ever, she should take care of her physical, mental and moral health.

MOTHER'S FRIEND applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complected, pure blooded, calm nerved and cheerful in disposition, who are mutually influenced for months by the continued use of Mother's Friend.
