CHRISTIAN ENDEAVOR SOCIETY'S SCHEME

To Take Initiative In Important Movement.

TENTATIVE PROPOSAL.

Plan is For Amalgamation of Christian Endeavor Society, Epworth League and Baptist Union-Convention No. 5 Meets at Denver.

Denver, July 11 .- A movement of signal importance in the religious world has been launched by the Christian Endeavor convention No. 5, in session here. It is a tentative proposal to work for the amalgamation of the Christian Endeavor society, Epworth league and the Baptist Union, and it will be presented in the form of a petition from the endeavorers to the other two national bodies. In taking the initiative in the advocacy of such union the Christian Endeavor Society points to its priority of establishment as justification.

"To evangelize the world," this is the keynote of the preas of the noted ministerial orators of this country, and of England who attend the sessions of the International Christian Endeavor convention. That a def inite plan for carrying on the work will be adopted before the convention adjourns is probable.

Services in churches at 6 o'clcok this morning were attended by thousands of delegates.

From 8:30 to 9:30 o'clock sessions of the Christian Endeavorer School of Methods were held in eight churches At 10 o'clock a conference of state, district and local union officers be gan at Central Presbyterian church, President Clark presiding. Address es, containing suggestions to Christian Endeavor workers were delivered. Simultaneously the convention proper was in session at the largest tent in Camp Endeavor. Rev James T. Hull, of Salem, Mass., presided.

"Our Resources and How to Devel op Them," was the topic of the day and addresses were made by prominent members. The afternoon was devoted to junior meetings held in Court Endeavor, Father Clark presid ing. Rev. C. H. Tyndall, D.D., at Vernon, N. Y., and Rev. W. F. Wilson, of Hamilton, Ont., delivered address

GEORGIA LEGISLATURE,

Child Labor Bill Meets With Defeat In the House,

Atlanta, July 9:- Defeat in the degres forecasted by the apponents of the child labor bill was the fate of that measure in the house of representatives yesterday, at the conclusion of a debate which lasted for six hours. Opponents of the bill asserted confidently on Tuesday night that they had 90 votes. The result of the roll call in the house at noon yesterday disclosed the fact that they had lost only one of these, while the vote for the measure was about what had been conceded by them, its failure being recorded by 89 to 75.

The Australian ballot bill failed to receive a constitutional majority in the senate yesterday after the provision that it should not become effective until approved by the grand furles had been stricken from the

Atlanta, July 18 .- It is probable that the house of representatives will decide this week what is to be done with the Georgia convicts. This is considered, in fact, the most pressing question before the legislature at its present session.

The special order for Wednesday, July 15, is a bill by Mr. George, of Morgan proposing to make it unlawful for anyone to employ a laborer, tenant or cropper who is under contract with another. There is already a law on this subject, but the present bill is more specific and in stronger terms. It is designed to protect farmers who make advances to employed under contract, as such employes are sometimes in the habit of disappearing

as soon as those advances are made. The senate will have to contend with two bills this week which were recently passed by the house. One of these, by Messrs. Steed and Hixon, of Carroll, provides for the election of county school commissioners by the people. There is much opposition to this measure in the senate, and some of the members of that body are freely predicting that it will be disposed of by the upper house adversely in short order.

The senate last week passed the measure providing for a constitution amendment limiting the pow er of the legislature to levy taxes to 5 mills. This is the second time this measure has been passed by the senate, this being done owing to a defect in the first bill. The measure goes to the house this week.

TELEGRAPHIC BREVITIES.

The Georgia Southern and Floride railroad refuses to let the Atlantic and Birmingham cross its tracks at Tifton and the matter will probably be carried into the courts. Owing to the continued rocking of cars armed guards are still kept on

the street cars in Richmond. The street car strikers at Beaumont, Tex., have won their demands and have gone back to work. Intense heat still prevails in the great cities. Deaths and prostrations

were numerous yesterday. At Lincoln, Neb., James Rheat was hurried to the gallows in order to get ahead of a court injunction to pre-
