LONNIE TURNER, Ledbetter's.

### SUSPENDS PUBLICATION.

With last week's issue of The Record that paper suspends publication. We are sorry our neighbor had to give up the ghost in so short a while, but, like the human family, who, in the midst of life are in death, the time had come for the paper and it had to go. Below we publish the card of the managers which explains itself.

### FAREWELL!

The Record some months ago was launched. It has tried to be faithful to its mission.

But the newspaper business is not fun and The Record finds it hard to "pay as it goes." So it has decided to stop going. It has been printed in Charlotte at quite an expense. It was up to The Record to buy an outfit or buy out our neighbor, the Anglo-Saxon. The Anglo-Saxon didn't wish to sell and The Record has concluded to go out of business. All parties indebted to The Record will please settle. It certainly "needs the money." It has "sunk" quite a little bit of money and has still other obligations to meet. If subscribers and others who are due it will pay up The Record will not have to stand for still further loss. The Record will pay every cent it owes. All unfiled subscriptions will be filled by The Anglo-Saxon. If this is not satisfactory any subscriber can get his or her money back upon request. We wish to go out of business with a "clean sheet."

The Record had its friends. They were good to it. It appreciates their kindness, and will always feel kindly toward them. Adieu for all time!

### THE RECORD.

July 6, 1908.

Mr. Charles P. Russell, a well-known Rockingham boy, now living in New York, is here visiting relatives. Charley has done well in his chosen profession, journalism, and is now on the staff of the New York Press, one of the country's greatest newspapers. Mr. Russell says that Governor Hughes' anti-race-betting laws have thrown thousands of sports out of jobs in New York city, eliciting much criticism of the governor. Charley talks interestingly of the great city, its politics and many-sided life. He says that Taft's election as president is conceded among those who are in a position to know in the north.

"A fact in connection with the recent State convention on which too little emphasis has been laid," says the Charlotte Observer, "is that no convention ever had a finer presiding officer. The amiability and poise of Chairman Parsons from first to last—and it was a long time between the two points—were admirable. Upon no one else was the responsibility so great; upon no one else the draft on nerve force so heavy. Under the responsibility and the nervous tension, great as they were, he measured up."

A servant in New York has lived with the same family for twenty-two years. If there are any daughters in that family they ought to make mighty good wives.

### First Bale Cotton.

The first bale of this year's cotton crop was sold at auction at the New York cotton exchange to-day. It was fully strict good middling in grade, and brought 35 cents a pound. This bale arrived at Houston, Tex., on the morning of June 20th and was sold at auction there at 54 cents a pound. It was immediately expressed to this city and following the sale this morning was hurried on board the Mauretania sailing at noon for Liverpool, where it will again be sold at auction according to the usual custom. This is said to be a record for rapid handling of the first bale, which has traveled from Houston to New York and will probably be sold in Liverpool within a period of 10 days.—New York Dispatch, 24th.

### Rev. I. W. Williams Testifies

Rev. I. W. Williams, Huntington, W. Va., testifies as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble, and am free to say that Foley's Kidney Remedy will do all that you claim for it."—L. G. Fox.

### Away With Him!

Away with the scientist who seeks to take away from youth some of its fondest dreams of bliss by reducing to cold facts the constituents of God's last and best gift to man and gives us the following:

Young man, that beautiful girl whom you worship as a pillar of unadulterated sweetness doesn't contain even three ounces of sugar. It has been shown by an analysis that a young person of 154 pounds is composed of 96 pounds of water, 3 pounds of white of eggs, a little less than one pound of glue, 34 1-2 pounds of fat, 8 1-4 pounds of phosphate of lime, 3 ounces of sugar and starch, 7 ounces chloride of calcium, 6 ounces phosphate of magnesium, and a little ordinary table salt.

The man who sends forth such rot as this ought to be condemned to everlasting oblivion and be denied forever the elevating company of fair women—Wadesboro Ansonian.

### A Revelation.

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggles, Reasonor, Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." L. G. Fox.

### Preserving the Proprieties

A traveler in the mountains of Tennessee had been stowed away in the best bed the cottage afforded. Late in the night he was awakened by the voice of the paterfamilias addressed to the daughter, who was entertaining company by the fireside.

"Mandy," growled the old man "is that young man there yit?"

"Yep, pap."

"Is he got his arm round yer waist?"

"Yep, pap."

"You tell him to take't away."

"Aw, ye tell him yerself, pap," replied the girl, in a dull, lifeless voice. "He air a plumb stranger to me."

### Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stroiling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

### The Coolest Man Present

A Massachusetts congressman who was on board the train which was wrecked at Hyde Park Mass., says that when the shock came one of the passengers was pitched over several seats just in time to receive the contents of the water cooler, which tipped over and soaked his clothing. A highly excited passenger rushed up to him and told him to keep cool. "Go away," said the wet man, "I am the coolest man in the car. I have just had two buckets of ice water emptied down my back."

### Picnic at Coleman's Mill

Lookout for the big picnic at the Coleman mills July 18. The string band of Steele's Mill will sure be there, and the brass band of Rockingham will also be there without a doubt. Let everybody come out that day and hear the candidates. They will be there. Bring well filled baskets and have a good time. No drinking allowed. W. P. INGRAM.

Bees Laxative Cough Syrup recommended by mothers for young and old; is prompt relief for coughs, colds, croup, hoarseness, whooping cough. Gently laxative and pleasant to take. Guaranteed. Should be kept in every household. Sold by L. G. Fox.

A cynic says that the jaws of death have no terror for him—he only fears the jaws of life. He is married.

### The Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at all druggists 50c and \$1.00 Trial bottle free.

A congenial company is where everybody is safe in keeping still as often as he has nothing to say.

"Heath Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's Heath Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No. 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Palmer, Diggs & Co.

The common people include all voters who do not shave every day.

Get my "Book No. 4 For Women." It will give weak women many valuable suggestions of relief—and with strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis. The book No. 4 tells all about Dr. Shoop's Night Cure and how these soothing, healing, antiseptic suppositories can be successfully applied to correct these weaknesses. Write for the book. The Night Cure is sold by Ludolph G. Fox.

### Commissioners' Sale of Land

By virtue of authority in me vested by a judgment of the Superior Court of Richmond county, North Carolina, made by Thos. L. Covington, Clerk of said Court, on the 2d day of July, 1908, in a certain special proceedings pending in said Court, entitled Susan C. McDonald et al vs Alexander McDonald et al, the same being a proceedings to sell lands for the purpose of making partition of the same among the parties in interest, I will, on Monday, the 3d day of August, 1908, at 12 o'clock, m., offer for sale, for cash, to the highest bidder, in front of the court house door, in the town of Rockingham, Richmond county, North Carolina, the following tracts or parcels of land to-wit: Certain tracts of land situated lying and being in Mineral Springs township, in said State and county, on the waters of Bell's Creek, Rocky Fork and Mill Stone Creeks, adjoining the lands of Joseph Gibson, W. N. Watson, W. I. Everett, M. M. Chance and others and being all of the lands belonging to or which the late Morton R. McDonald was seized and possessed of at the time of his death and containing from 500 to 800 acres, a description of which lands will be given by meets and bounds on day of sale.

This July 2, 1908.

JNO. P. CAMERON, Commissioner.

### Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fall and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is also directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
