Stronach and Moore will continue to operate the business under the whimsically suggestive cognomen of "Tarrymore", and the new management intend to maintain and improve the excellent service rendered by the former owners. Rev. Geo. S. Bearden Resigns Pastorate

Rev. Geo. S. Bearden has resigned from charge of the Roanoke Rapids Methodist Church which he has held for about eighteen months. This announcement was made Thursday afternoon and came as a very unwelcome surprise to Mr. Bearden's many friends here. No reason has been assigned for his decision in this matter.
Mr. Bearden is an exceptionally able and eloquent preacher, is a man of great personal magnetism and during his sojourn here he has won many friends who regret very much his decision to leave. Mr. Bearden expects to leave in the near future to take up work elsewhere.

ADENOIDS DANGEROUS TO CHILDREN'S HEALTH

Slight Operation Necessary to Remove Them

Not every child that is backward at school, that breathes through his mouth, has dull eyes, a short upper lip, prominent upper teeth or has a drawn tired expression about the face has adenoids, says the State Board of Health. But this condition should lead a parent to suspect adenoid growth and it should not be dismissed till a thorough examination has proven that such is not the case.

Adenoids are a small, soft, reddish growth which comes in the back part of the throat where the nose and throat join. A child who has adenoids breathes with his mouth open, has frequent colds, and may have earache often or become deaf. It is not infrequent that adenoids dull the expression of the eye, destroy the resonance of the voice and distort the facial expression so as to produce a blank, idiotic stare. They hinder mental development by interfering with proper physical development. For that reason "repeaters" at school are frequently said to be afflicted with adenoids.

The best time to remove adenoids is when they are first recognizable to a physician. If they remain longer they do harm. They cause a child to have "colds" often and make him more susceptible to diphtheria, scarlet fever, measles and whooping cough. Furthermore, if he gets any of these diseases, they are likely to be severe with him and leave him even worse afflicted.

Cold, fresh air breathed through the nose is needed to prevent adenoid growth. It is needed to prevent adenoids returning after an operation. Fresh air taken in through the nose prevents as well as cures adenoids.

LICENSING INSURANCE AGENTS.

It is well to understand the law governing the licensing of insurance agents and the duty imposed on the Insurance Commissioner under it. (Chapter 29, Laws 1913.)

Section 1. That before any license is issued to an insurance agent in this State the agent applying for such license and the company for which he desires to act as agent, shall apply for such license on forms to be prescribed by the Insurance Commissioner, and before any license to such agent is issued the Insurance Commissioner shall satisfy himself that such person so applying for license as an agent is a person of good moral character, that he has not willfully violated any of the insurance laws of this State, and that he is a proper person for such position.

Human Hearts

Successful in its tenth season can be said of few plays but it can be said truthfully of "Human Hearts". A drama which provides healthful recreation for the public and which seems to instruct while appearing in the form of amusement, is a boon to any community. So young and old alike find much in this beautiful loving story to think over and enjoy long afterward. Rich in incident, in its variety of characters, in its stage settings, it is one of the few attractions of great merit on the road. The spectator is carried into the delightful atmosphere of life in the Hills of Arkansas. The trouble which falls upon the simple folk of the Logan Farm, reminds one of the line - "The Trail of the Serpent". WAIT. The author has struck many true notes in this play and the well chosen cast blend their harmonies with fine effect.

It is with pleasure that the Manager announces "Human Hearts". Regular prices will prevail. -Peoples Theatre To night.

Mr. Clements was about fifty years of age and has lived in this community about five years, coming here from Northampton county. He is survived by a wife and one child.

Funeral services will be conducted this afternoon at the residence of the deceased by Rev. C. H. Trueblood of the Roanoke Rapids Baptist Church. Interment will take place at the Roanoke Rapids Cemetery.

DOLLARS COME HOME TO ROOST

EVERY farmer who makes our town his market place has an interest in this community. The fact that he is a member of the community makes much difference to him when he considers that the prosperity of our town is his own prosperity.

But when he sends his money to the mail order houses HE DOES NOT STOP TO THINK THAT HE IS NOT HELPING TO PAY THE REQUIRED TAXES IN HIS OWN COMMUNITY; not that he does not pay his own legally assessed taxes, but that he is not helping our local merchants to pay the taxes necessary to support the community.

The mail order man has absolutely no interest in the community. He plays the part of a fisherman—strolling about, casting a line here and there, where he thinks the best fishing is to be found, and after pulling out the fish he departs. The mail order man does not contribute to the upkeep of the community. He merely takes away from it.

When a farmer sends his dollars to the mail order house he prevents a certain amount of improvements, say, for instance, in road building, here in our county. The mail order man does not help to build our roads, but the local storekeeper does.

If we keep the dollars at home they will keep on helping us all. Dollars, spent at home, come home to roost. They come back in the upkeep of our town and county institutions. We have none too many dollars at the most in our community and it seems a shame to send any of them away to the mail order houses, where we will never see them again.

The dollars we send away help the mail order man to take a vacation in Europe or at the seashore. THEY HELP HIM TO MAINTAIN HIS AUTOMOBILE AND TO RIDE ON PAVED ROADS.

If we keep those same dollars at home they will help us to have better roads in our own county. Of course, the mail order man pays his taxes in the city, which helps to pave the streets of the city, but we here in our town don't benefit by that. Therefore, the best thing for us to do is keep our money at home, where it will do us some good.

OUR LOCAL MERCHANTS WILL USE THE DOLLARS TO GOOD ADVANTAGE BY HELPING TO PAY THE TAXES HERE—THE TAXES REQUIRED TO BUILD GOOD ROADS. EVERY DOLLAR SPENT IN OUR HOME TOWN MEANS IMPROVEMENTS AT HOME.

The merchants of our town deserve the patronage of the people in our community. They are a part, a very large part, of the community and they pay a major portion of the taxes. The more business they do the more taxes they must pay and the more taxes paid into the county treasury, the more improvements we can have.

Unless we are careful and watch our own interests we will find out to our cost that the ultimate result of the mail order schemes will be the centralization of all of the country business in the large cities and the absolute destruction of the financial interests in the small cities and towns. The only way to prevent this is to stop sending our orders to the mail order houses.

Let the dollars come home to roost. That is the only way, and they will come home to roost if we do not send them too far away. The dollars spent locally will circle around and keep things lively, but if sent away we must get more dollars from outside to take their place. It is not always an easy matter to do this. THE SAFEST THING TO DO IS TO TAKE NO CHANCES, BUT TO SPEND THEM AT HOME WITH THE LOCAL STOREKEEPERS.

If we had any expectation that the mail order man would ever do anything to help our community, things might be different. But there is no chance. He comes to us in the garb of an artful deceiver, with gross misrepresentations, false promises and a record of disappointments. But we welcome the opportunity to again place ourselves on record as being his dupes. There isn't a grain of kindness in his whole makeup. He demands his cash in advance and gives you that which he wishes to send. You have no redress. You have no rights that he is bound to respect.

The mere fact that we are silly enough to send our money away, out of our own community, to a stranger, thereby injuring our own business prospects and jeopardizing our own prosperity, justifies him in believing that he can take the most outrageous liberties with us.

Bread cast on the waters will return, not so with dollars sent to the mail order house. Turkeys will come home to roost, if somebody does not catch them.

BUT DOLLARS WILL COME HOME TO ROOST IF WE KEEP THEM IN CIRCULATION IN OUR HOME TOWN. TRY IT.
