GERMAN COUNTER ATTACKS OVER 500 CANNON IN SPOIL

as Uusal Repulsed With Heavy Losses.

Although the Germans are employpressing them from the region of the more than 1,000 officers. More than Somme to the Obse, the American, 500 guns have been captured, accord-British and French armies continue to ing to the latest advices. make progress Monday witnessed along the battle front of high importance for the further prosecution of the endeavors of the allies to drive but the Germans from the old Amiens Montdidier sector.

After an extremely bitter contest the Americans and British have gained a foothold in the important little town of Bray Sur Somme, on northern bank of the Somme. A short distance across the river to the south the Brillish have taken Proyant and midway of the line have pressed on to the east of Fonquescourt in a further outflanking of Chauines from the south and of Rose from the north.

On their part, the French in the rolling country imediately north of the Olse river have captured Gury. a ing southwest of Lassigny, and at several other points southward to the region of the Oise, have advanced their line further toward Novon.

In Monday's fighting hundreds of additional Germans were made prisoner and the enemy also lost heavily ta men killed or wounded Unofficial reports give the number of Germans tures. captured during the present offensive as in the neighborhood of 40,000

The Germans at last accounts were still throwing reinfrocements to the east of the road running through Chaulues, Roye and Noyon, the passage of which by the allies would seriously menace all the German forces inside the packet formed by allid airplanes continue to bomb Ger-Oise on the south. Not alone are the allies endeavoring to press their advantage by frontal attacks, but they have drawn up to their back lines guns of medium and heavy calibers and with these they are heavily shelling the areas held by the Germans, even as far back as Bethencourt. which lies on the Somme, seven and a half miles east of Chaulnes Meantime allid airplanes continue to bomb Ger-

GAS ATTACK BY SUBMARINE OVERCOMES COAST GUARDS

Boston.-Two submarines raided the fishing fleet on George's bank. The crews of the fishing schooner Old Time and Cruiser probably were lost nett who were landed here. The Sennett was also sunk by gunfire and shells were fired at the boats when they were pulling away the fishermen

STEADY GAINS OF GREAT STRAT. IN ESTIMATES OF CAPTURED ARE 1,000 OFFICERS FROM GEN-ERAL TO CORPORAL

Violent Counter Attacks by Foe Are Enemy Resistance is Stiffening Against Advance of Allies; Des-

perate Stand Expected. The number of prisoners taken so ing fresh forces of reserves in efforts far in the allied offensive in Picardy to hold back the allied troops who are is now estimated at 36,000, including

The pivot of the German resistance guins of ground at various points at this stage of the battle, it now apnears, is the town of Noyon, about midway between Montdidier and Soissons. The enemy is throwing in reserves from this base in an effort to prevent, regardless of cost, the allies from gaining control of the Noyon-Ham road, which is choked with ma-

terial, guns and troops. The Germans are expected to make a desperate stand on the Roye-Novon to permit the columns which are retreating in the direction of Neale and Ham to reach safety.

The resistance of the Germans is stiffening against the fourth British army under General Rawlinson. They are reacting violently in the region of Libons, which changed hands twice during the night but which was firmly held by the British.

All the bridges across the Somme between Peronne and Ham, a stretch of about 15 miles, have been destroyed by allied aviators. The Germans have been attempting to throw temporary bridges across the stream and the allied airmen are now systematic ally bombing these improvised struc-

All morning reports show extreme confusion among the enemy forces

in their precipitate retreat. Among the prisoners taken are gen erals, colonels and officers of all other grades. Eleven divisions of Generals von Hutles and von Marwitz have been identified by prisoners taken.

GERMANS DIGGING IN ALONG THE VESLE RIVER

With the American Army on the Veale - Allied aviators have reported that the Germans are digging in opposite the Franco-American line along the Vesle. The observers also have re ported that the enemy is stringing barbed wire along the hills northwest of Fismes. Allied officers express the belief that the Germans will not give ground here unless they are deliber-

stely pushed off the plateaus. The Americans learned from Ger using an old rock quarry cave in the
