

Peace is Worth the Price -

Worth any price we have to pay for it!

Some of this price we have paid. Many of our boys have paid their all. The rest is up to us—to us who have benefited by their sacrifices—to us whose peace has been secured.

SOLID SECURITY FOR YOUR BONDS

It is the Wealth of This Great Country Somewhere Near Hundred and Fifty Billions of Dollars.

How many holders of "Liberty" realize fully the security that is back of that property they own?

It is the wealth of the richest nation of the earth.

Here's but a glance at what that wealth comprises.

With 6 per cent of the world's population and 7 per cent of the world's land America owns of the world supplies:

70 per cent of the copper.

82 per cent of the coal.
20 per cent of the gold.
66 per cent of the oil.
40 per cent of the iron and steel.
33 per cent of the silver.
60 per cent of the cotton.
25 per cent of the wheat.
56 per cent of the corn.
30 per cent of the meat supplies.
Other mineral and agricultural products in proportion.

Today Europe owes us \$10,000,000,000; four years ago we owed her nearly half that.

Lastly our annual income, that of all the people and industries, is today something like \$70,000,000,000 annually and our national wealth close to \$350,000,000,000.

HOLD ON TO WAR SAVINGS STAMPS

Secretary of Treasury Urges Citizens to Keep Government Securities Until They Shall Have Matured.

Carter Glass, Secretary of the United States Treasury, has issued a warning to patriotic American citizens against unscrupulous persons who advertise that they are willing to purchase War Savings Stamps. Mr. Glass does not wish to have the government securities sold at sums below their actual value.

He points out that people who are

actually in need of money may take their War Savings Stamps to a post office and receive cash. Mr. Glass urges holders to keep their stamps until maturity.

He states that War Savings Stamps belong only to the individual who first purchased them and that people who offer to buy stamps at low premium are violating the letter of the law in so doing. Men and women selling stamps are not only losing money which rightfully belongs to them, but are aiding unscrupulous agents to reap profits.
