Dr. P. C. Carter of Wake County was appointed wholtime Health Officer for the County. Dr. Carter comes highly recommended and bids fair to do much good. Dr. Carter's salary will be \$3000.00 a year, the county paying one half and the state the other.

Mr. George C. Green was authorized to purchase 30 acres of land lying on the Weldon and Halifax road for the location of the new County home, which is to be erected soon. This new home for the County's unfortunate and will be modern in every respect.

The remainder of the proceedings were given over to the routine business.

AURELIAN SPRINGS NEWS

Mr. "Keg" Cook has returned to Henderson to resume his work with the "Anchor" Shoe Dept. His friends regret to see him leave after a pleasant visit to parents.

Miss Irene Jenkins, of Weldon, is visiting the Misses Carlyle.

Misses Sallie, Mamie and Essie Lyles entertained at a lawn party Tuesday evening, Sept. 2. A large number of guests were present. The evening was very enjoyably spent in playing such games as "Going to Jerusalem", "Pat and Bird", and "Object Contest", etc. on the beautiful lawn.

Delicious refreshments of ice cream and cake were served. All the guests declared they had had a fine time and we are sure it will be booked in the mind as one of ye golden memories.

Miss Nannie Pigg, of Madison, has resumed her work as Principal of the High School. The High School Department opened Sept. 1 to those who wished to make up back work. A number are working diligently.

The formal opening of School will take place Sept. 15 at nine o'clock. All the patrons and friends of the school are invited and urged to be present as well as the students. It is hoped we shall have an interesting program and a basket picnic at noon on the grounds.

Mr. Willie Patterson who has been greatly hindered by a broken ankle is able to attend school.

The Epworth League held a very interesting program at Tabor Aug. 3, at 9 P. M. on "Giving and Living". Among other things of interest was a beautiful selection by Misses Mamie Liles, organ, Sarah Towe, violin, Lillie Bell Carlyle, violin. The Red Side won out on this occasion. The "Blues" had better "get busy".

Misses Lois Crawley and Essie Liles have just returned from a delightful visit to Macon. They were accompanied home by Mr. Howard Riggan.

The Protracted meeting of Tabor Church will begin on Second Sunday. Mr. Towe will be assisted by a minister of Rich Square, Rev. Mr. Holden. It is hoped this will be a great uplifting meeting.

The Inade. Nature students, quick now—what side of a pacifier does the moss grow on?

Quite So. The oculist is naturally optimistic, there being lots of money in sight for him. On the other hand, the dentist is not necessarily pessimistic because he often looks down in the mouth.

THE PRICE MEETING

Progress in the Price meeting is pronounced as epoch-marking in the town and community, pastors and christians of the churches of the town have joined hands and heart in a brotherly undertaking of soul salvation and blessing. More than two hundred men, women, boys and girls have taken a definite stand for right and God, and the great work promises to have just begun.

Mr. Price has reasoned with tremendous power in practicalness, common-sense and love. His spiritual zeal is ever uppermost in his message of Eternal Life. He and helper are rendering a service to our folk that shall long be remembered with praise and gladness.

The critical hour is now upon us. Each service brings the services nearer its close. Prayer is needed, and the heirs of God are called to their knees that many yet unsaved among us may witness the second birth.

From Our Farm Demonstration Agent

(F. G. Tarboro, Jr.)

The Green Clover Worm which damaged the soybeans a week or so ago, has just begun to make itself noticeable again. Already a few of the moths have appeared and are laying eggs for the next brood. Holes in the leaves of the new growth show that the small worms have begun work. Within the next week or two, another army will be at work. A great many farmers who expected to use the soybeans for hay are afraid to use the poison to kill the worms. However, they should by all means apply poison to enough to save what seed they will need for another year. The worms no doubt will damage the crop all over Eastern North Carolina to such an extent as to make seed a little scarce another year, and for this reason, every farmer should apply the poison to enough of the beans to insure a supply of seed. If one is afraid to use the beans for hay, then cut them before the worms damage them too much. Mr. Franklin Sherman, State Entomologist says that there is very little danger of stock being poisoned from eating the treated plants after three or four weeks after treatment. The first heavy rain will wash most of the poison off, and leave barely enough to poison one of the small worms. Use powdered arsenate of lead as a dust; one pound to eight pounds of lime dust. This has proven to be more preferable than Paris Green.

The Aurelian Springs Community Fair will be held again this year. The date set is October 21st. This will be the only Fair to be held in the county this year. Every farmer in that section will be expected to do his part to help make the Fair a greater success than ever. A Community Organization is of great value to any section, but its real value lies in the interest and pride the people of that section take in it.

One of the greatest drawbacks to stock raising in our county is a lack of proper pastures and feeds. Good pastures and good grain feeds are paramount to successful production of stock economically. One without the other presents a one sided ration. Too many farmers think that all their hogs need is corn, but experiments show beyond a doubt that hogs fed corn alone, are rather expensive. There are two kinds of feed, starch feeds, and protein feeds, and to produce pork cheaply, both should be used. Corn is a starch feed, while peanuts, soybeans, tankage, etc. represent protein feeds of high value. A mixture of these should be used for best results. To feed a hog nothing but corn, and expect it to do best, is just as bad as feeding a farmer on cornbread alone three times a day and expect him to be able to stand up to hard work. He must have some meat. Tankage soy beans, peanuts, etc. are the meat or protein feeds which all stock should have.

Your county agent from time to time receives calls for various farm products such as seeds, stock, etc. If you will write him when you have such things for sale he will probably be able to put you in touch with a buyer.

Don't forget that the winter rains wash a lot of fertilizing material out of your bare soils. Plan to plant clover, rye, and small grain on all your soils this fall, as these crops will not only increase the amount of vegetable matter in the soil, but they will take up fertilizer and hold it until next spring. As soon as they are plowed under and begin
