The goal for members set by the National Organization is around 10,000,000 that being approximately one tenth of the population of the country. We shall set our goal in this community at 500. We should have many more members than that as the cause is so great and the fee of one dollar so small.

The Red Cross is still doing great work abroad and at home, it is constantly enlarging its field of usefulness. You cannot afford to fail to support it.

TOURNAMENT WELDON-ROANOKE RAPIDS GUN CLUB

The Weldon-Roanoke Rapids Gun Club Tournament held its first annual shooting match at its club grounds October 25th and 26th; 95 men entering the contest, 50 the first day and 45 the second. A number of prominent men from the States of Georgia, Virginia and North Carolina met in the contest. The Amateurs for the Tournament held a somewhat higher average than was to be expected; notwithstanding the practice of the men had been somewhat limited. The professionals held up to their regular standing, as also the number shooting in the classes A to E. The prizes were so distributed that most contestants were winners. Those making first, second and third scores and those making the first, and second low scores.

Ideal weather prevailed for both days and the tide of enthusiasm ran high. No one seemed to be in any other spirit than that of the highest type of a true sportsman; especially was this true of the visitors of other clubs. The success of the entire tournament on the part of those participating is due largely to the good will and friendly attitude which each sustained to the other. This of course created a spirit of Fraternity such as is to be found where men meet on the common plane of a common interest. The success with which the Weldon-Roanoke Rapids Gun Club was able to institute the Tournament was brought about by the kindly co-operation of the merchants, manufacturers and other citizens of Roanoke Rapids, Weldon, and other near by towns, and in particular by the mill, of Roanoke Rapids, whose management so generously contributed to the support of the club. The Roanoke Rapids Gun Club expresses its highest appreciation for this kind of co-operation on the part of those citizens who contributed so largely to the success of the Tournament. The Weldon Methodist Circle of the woman's Missionary Society, under the direction of Mrs. S. B. Pierce, was in charge of the dinners and refreshments, serving the club in their unique way from their tent booths on the club grounds. The club expresses its delight for this management on the part of the ladies, also. No event which has come to Weldon or Roanoke Rapids, from the standpoint of recreation has created a greater sensation at any time. On both days of the Tournament, a large number of visitors attended and were high in their praise of the way everything was conducted. This Tournament is but the beginning of what is hoped to be a central feature from time to time at the Gun Club Grounds and of a greater interest in a higher type of recreation such as is to be found among the people like those of Weldon and Roanoke Rapids, and adjacent communities.

The fine co-operation on the part of the citizens such as was manifested in Tournament will make possible other forms of recreation which alike to young and old, will be hailed with enthusiasm; such for example as a well equipped Gun Club Ground, Golf Courses, Tennis Courts and such. The scores, winners of prizes and participants of marksmanship for the Tournament just closed are as follows:
