BECOMING TO MATRONS

The fine art of dressing up to one's age demands dignified, brilliant and beautiful hats for middle life. Matrons wear such lovely and flattering bits of millinery as the hat at the top of the group above with braid crown and malines brim in brown. A wreath of metallic silk roses interspersed with grasses livens it with rich color. The hat at the left is a favorite shape with up-rolling brim and a soft crown of silk braid.

One Reason for Golf.

A considerable amount of golf is played principally for the reason that some women think their husbands look well in knickerbockers.

Halifax County Pageant at Weldon Next Week

Halifax County will have a chance to forget the hard times and get back into the old time spirit of confidence and good cheer when the crowds come into Weldon for the big pageant on the afternoon of May 6th.

The subject of the pageant will be the history of Halifax County, the scenes being designed to show the history of the County from early Indian days, through the period of the pioneer settlers, the Revolution, the civil war life, on down to the present.

Our heroic forefathers wrought out the Halifax County of today by manfully facing the difficult problems of their day. Shall we fall short of courage, energy, and good cheer? It is hoped that Halifax County citizens will interest themselves in aiding the matter of publicity, inviting their neighbor friends to come to Weldon for this occasion. Let's all meet together and renew our spirits by living over again great epochs in the history of our County.

1921 WILL REWARD THE FIGHTERS

This slogan is being adopted by sales organizations and merchants all over the country, and the fighters are winning. If your business is not what you think it should be, join in the fight to bring back normal times.

You have got to interest people in your merchandise, you cannot personally interview them individually economically. You must get them interested in your merchandise by advertising.

How Should You Advertise?

We will be glad to discuss this with you. We do not claim to be experts but we do probably study local conditions and methods a little more than our merchants. Our aid is proving beneficial to several of our customers.

NEAT SLIP-ON SWEATER

Interest still centers on sweaters and sweater coats for everybody wears them. These garments of wool or silk are closely or loosely knitted—according to the degree of warmth required of them. The on and slip-on models that set snugly to the figure rival the smart loose-hanging sweater-coats and everything appears to be provided with a knitted girdle or sash. The pretty model pictured reveals the trend toward neat effects.
