Berlin, Oct. 2—(AP)—The Russian commander in Germany told the world tonight to expect no solution of the Berlin crisis from the United Nations. He said agreement could be reached only by direct negotiation with the Soviet.

Debate on the blockade starts Monday in Paris. The U. S., Britain and France referred the explosive issue to the U. N. Security Council, accusing Russia of endangering peace and security.

Consumers Said To Blame for High Meat Prices

Washington, Oct. 2—(AP)—The Agriculture Department said today consumers can expect little relief in meat prices unless they cut down on meat buying.

It predicted the 1949 supply per person will be between 140 and 145 pounds. This compares with 145 pounds this year, 155 in 1947 and an average of 134 in 1937-41.

But next year should be the turning point, the department said, in a downturn in meat animal production. Bumper feed crops this year are expected to encourage farmers to expand production again. A short corn crop last year discouraged production.

Rent Your Rooms By Using Herald Classified Ads

We can thank Mrs. J. O. Mathews, 1026 Hamilton St., for coming to the aid of the tourists and traveling business folks staying in our city. The lack of a hotel has left many a tourist stranded.

Mrs. Mathews found the best way to let folks know that she had rooms for rent was to place an ad in the Daily Herald, the ad enabled out of town folks to find a room for the night or the week.

The classified ad played a double part in the case, results in renting a room for Mrs. Mathews and a room for the tourist. Therein lies one of the great values of the Herald classified ad. Put one to work right now, just write or Phone R-226 or R-821.
