Local Widowed Mother Thanks Chest Officials For Clothing Her Children

Robert Oliver, three, and John David Black, four (with cat), sons of Mrs. Annie T. Black of Roanoke Rapids, pose proudly with their pet. They are shown wearing their brand-new clothes and shoes furnished them by the Associated Charities, a Red Feather activity of the Roanoke Rapids Community Chest.

Mrs. Annie T. Black said a few days ago that she doesn't believe in keeping it anonymous how much she has been helped during the past two years by the Associated Charities, a Red Feather activity of the Roanoke Rapids Community Chest.

She said she was only too glad to give due credit to the organization which she said has helped her tremendously in the past two years. Mrs. Black's husband was accidentally killed two years ago while her two young sons, John David and Robert Oliver, were quite young.

Recently Mrs. Black sent to the office of the Community Chest the following unsolicited letter: "I wish to thank the Community Chest for their help in buying winter clothes and shoes for my boys, John David and Robert Oliver Black. . . Sincerely, Mrs. Annie T. Black."

She said she not only wanted the general public to know how much the Chest has done for her personally, she wanted everyone to know how much good is being done to people who need help through the Associated Charities and said everyone who helps the Chest during the current Red Feather drive is helping those who need assistance.

Chevrolet... Leader in Value

Your choice for QUALITY on all these counts

...at prices that are lower than those of any other car in its field!

<i>Your No. 1 Choice for RIDING SMOOTHNESS</i>	<i>Your No. 1 Choice for PERFORMANCE with ECONOMY</i>	<i>Your No. 1 Choice for ALL-ROUND SAFETY</i>	<i>Your No. 1 Choice for TASTEFUL BEAUTY</i>
There's a very good reason why people agree that Chevrolet gives a much smoother, steadier, safer ride than other cars in its field. That reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.	You will enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head Thrift-Master engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine-design, like so many other Big-Car quality features, is an advantage that is found only in Chevrolet and higher-priced cars.	You and your family will ride in safety, thanks to extra-strong Fisher Unitized Body-Construction—safety plate glass in windshield and windows—the unmatched road-steadiness of the Unitized Knee-Action Ride—and the greater stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and more expensive cars!	You know—and your friends know—that the emblem, <i>Body by Fisher</i> , is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality inside and out—in every detail—including the hardware, the upholstery and all appointments. Naturally, these finer bodies are exclusive to Chevrolet and higher-priced cars.
