

These three young women will be at the head of the Roanoke Rapids band when it marches in the Shriners parade prior to the Shrine Bowl football game tonight at Raleigh. Left to right, the flag bearers are: Inez Lassiter, Ann King and Margaret Askew.

U. N. Subcommittee Will Study Economic Sanctions In Palestine

Will Study Resolution Asking Action

Paris, Oct. 29—(AP)—The United Nations Security Council today tossed to a subcommittee today the hot issue of economic sanctions in Palestine.

The council, without a formal vote, but with Russia and the Soviet Ukraine abstaining, set up a subcommittee to study a resolution proposed by Britain and China. It would have the effect of forcing Israel to withdraw from positions in the Negev Desert she won in recent hard fighting against the Egyptians.

The resolution calls upon the council to consider the use of economic and political measures against Israel and Egypt if either refuses to withdraw troops from the Negev to positions held Oct. 14, the date the fighting was renewed in the Negev. Egypt, which lost territory to the Jews in the fighting, has agreed. Israel refused.

Some observers said the council action is expected to delay any action on the sanctions question until after the United States presidential elections Tuesday.

The Soviet Union announced it would not support the British-Chinese resolution. The Soviet Ukraine also opposed it, but agreed to work on the subcommittee, which also includes representatives of Britain, China, Belgium and France.

Volunteers Play Sunday

The Roanoke Rapids Volunteers will meet the Richmond, Va., Rockets in a semi-pro football game here Sunday afternoon at Simmons Park, it was announced today by the business manager of the Vols.

In the announcement it was said that the game had just been scheduled and will be played at 2:30.

The Richmond team is an independent squad of players and is made up of former high school athletes in the Richmond area.

Ideal Football Weather Seen

By The Associated Press
Fair and continued mild is the weekend weather forecast for the Carolinas.

The low temperature at Asheville this morning was 31 degrees, but minimums at other major points did not drop to freezing.

Weather

North Carol.—Fair and continue mild today, tonight and Saturday.

Episcopal Church Here Is Host To District Woman's Auxiliary

All Saints Episcopal Church of Roanoke Rapids was the scene of the fall meeting of the District of Edgecombe today.

Miss Eleanor Snyder of Raleigh, Christian Education Director of the Diocese of North Carolina, highlighted the morning session of the meeting with an address to the delegates present from the several counties comprising the District of Edgecombe.

High School Band Parades In Raleigh

The Roanoke Rapids High School band is participating in the Shriners Parade in Raleigh, today. The sponsor is the Shriners Club of Roanoke Rapids. The band will march at 4:30 o'clock, with several other bands coming from all parts of the state.

The occasion for this parade is the annual Shriners Convention.

George Baird, local band director, said the band has not been asked to march during the half of the football game to be held this afternoon, as was reported earlier.

State Grange Wants Tobacco Support Price to Continue

Wilson, Oct. 29—(AP)—The North Carolina State Grange wants federal price support of tobacco to keep right on.

This sentiment was contained in one of more than 90 resolutions the Grange passed during a three-day convention which ended last night.

Roanoke Ramblings

By PAT NANTZ

Mr. and Mrs. Calvin Kennemur, of this city, recall the time when their little daughter, Courtney, was only five years old and her grandmother was very ill. The hospital was crowded and a room was not available, so Mrs. Kennemur carried her mother to her home until a room was prepared. While waiting, Mrs. Crawley wished to clean her false teeth, so Mrs. Kennemur told her mother to give them to her and she would clean them for her—when she was putting them in a glass of water; Courtney, who had been taking it all in, quietly asked of her, "Mother, can Grandma take her tongue out, too?" To which her mother replied, "No, but sometime I wish she could, because Grandma is a very talkative person, when she feels well."

Friends of Marshall Worsham will be interested to know he entered the Army Air Corps Monday, October 25—Marshall is a '48 graduate of the local high school.

Charles Buffalo, of Chapel Hill, is expected home this weekend—he will visit his parents in Jackson, before coming here to visit Sue Brigan.

The many friends of Mrs. Bernard Medlin will regret to know she is ill at her home.

Mr. and Mrs. Marion Harris plan to attend the homecoming exercises at Robert's Chapel Baptist Church, in Pendleton, N. C., this weekend.

Louis Burke will attend the homecoming exercises at Wake Forest, Saturday.

Reported to be in fair condition is Betty Jean Pullen—Betty Jean is a sophomore at the Roanoke Rapids High School. . . and is recovering from the appendectomy. . . she is a patient in the local hospital.

Alice Twiddy plans to visit Bobbie Fisher, a '48 graduate of the high school, here now a student at W. C. N. C.—after which Alice will visit with the former Miss Annette Edwards, of Charlotte. . . Annette attended school here until her sophomore year.

Expected home this afternoon from Carolina is Cladius Irby. . . Cladius is a '48 graduate of the local high school, also. . . A minister asked of his Sunday School group, "Can any one of you give me a Commandment with only four words in it?" A hand was raised immediately. "You may answer, Robert," said the minister. To which Robert said, "Keep off the grass. . ."

Old Belt Prices Show Some Increase

Raleigh, N. C., Oct. 29—(AP)—Old Belt tobacco markets reported stronger demand with higher prices in yesterday's auctions. Demand was weaker on Middle and Eastern North Carolina belts.

Advances on the Old Belt ranged \$1 to \$3 per hundred pounds. A few declines of \$1 were reported. The other two belts reported losses generally between \$1 and \$4.

Leaf and nondescript registered the weakest trend on the eastern belt, sagging \$2-and \$4. Smoking leaf and lugs ranged downward between \$1 and \$4 on the Middle Belt.

U. S. Will Reject Russian Ambassador's Demand For Explanation Of General MacArthur Military Talks

U. N. Sources Say Stalin's Attack Sign Of Fear Soviet Losing Faith Of World

Paris, Oct. 29—(AP)—United Nations sources said today Prime Minister Stalin's attack on the Western Powers may have been prompted by a fear that world opinion is turning against the Russians more than ever since the Berlin blockade.

The three Western Powers denied Stalin's charge yesterday that an agreement on the Berlin case had been violated by American and British representatives.

The charge was seen here as an attempt to shift the blame for east-west disagreements on to the west.

The United States and France officially denied any agreement on Berlin ever had been reached. A British spokesman in London also entered a denial.

Stalin charged there had been two distinct violations of agreements for settlement of the Berlin issue. Then he launched a lengthy attack on the policy of

present leaders in the U. S. and Britain. His remarks were made in answer to questions by a reporter from Pravda, official Russian Communist Party newspaper.

A French spokesman said he did not know why France was not a target of Stalin's attack. Western power delegates made it clear that all three powers had worked in complete accord on the Berlin case and other

issues now before the U. N. general assembly.

Some U. N. delegates commented that the statements were the most defensive ever to come from Stalin. They said the Soviet leader usually adopts the role of a calm, wise father lecturing the western world, but this time he lashed out harshly at American and British policies.

The delegates added that western power policies in U. N. debates apparently were having some effect in the Kremlin.

U. S. Officials Say Discussions Only Routine

Washington, Oct. 29—(AP)—The United States will reject Russia's demand for an official report on Gen. Douglas MacArthur's military conferences at Tokyo with other American commanders.

The State Department made this clear in a statement declaring that such talks are held by MacArthur in his capacity as a top United States officer and are purely routine matters of sole concern to this government.

At the same time, the department denied that the former Japanese Navy Yard at Yokosuka is being converted into a modern naval base for American forces in the Far East.

Soviet Ambassador Alexander S. Panyushkin voiced his demand for an American explanation at a meeting of the Far Eastern Commission yesterday.

The State Department declared its position last night. Its comment, however, was in the form of a public statement, rather than a diplomatic note. So the formal rejection will not be made until the commission meets again next Thursday in its role as adviser on Japanese occupation problems.

Panyushkin announced his action a short time after Moscow had issued Prime Minister Stalin's blast against the Western Powers, charging them with pursuing aggressive policies aimed at "the unleashing of war."

Both the envoy's move here and Stalin's statements in Moscow were linked in American official thinking to Russia's so-called "peace offensive." They were interpreted as efforts by the Soviets to picture the United States as a nation busily preparing for war while the Soviet Union is leading a great world movement for peace.

Panyushkin based his demand for information on press reports of a conference MacArthur held in Tokyo Oct. 12-14 with Lt. Gen. Nathan F. Twining, commanding the Alaskan defenses, and Vice Adm. John L. McCrea, deputy commander of the Pacific fleet.

The Russian ambassador said the subject discussed was "the question of increasing American occupation forces in Japan and that of preparing measures against a surprise attack on Japan—although it is known for everyone that nobody threatens Japan."

The Russian ambassador said the subject discussed was "the question of increasing American occupation forces in Japan and that of preparing measures against a surprise attack on Japan—although it is known for everyone that nobody threatens Japan."

Meanwhile, Eastern North Carolina Republican headquarters announced a further intensification of the GOP's drive in the closing days before the voters go to the polls.

A headquarters spokesman said "the voter has only to turn on his radio to hear Republican speakers discuss the issues of this campaign."

Northampton Legally Dry Saturday

Jackson, Oct. 29— Tomorrow will be the last day beer and wine can legally be sold in Northampton County.

The 60 days specified in the beer-wine referendum vote in the county on September 1 will expire at that time, and Northampton will join the North Carolina counties which have outlawed the sale of beer and wine by referendum vote.

In the September election the dry forces in the county won a sweeping victory over those who sought to retain the sale of the alcoholic beverages.

With a general election just around the corner and the last day of sale tomorrow, beer and wine dealers are expected to wind up their businesses with a big day tomorrow.

Truman Waves New Deal Banner In New York Campaign Speeches

New York, Oct. 29—(AP)—The cheers of his nation's greatest city stirred Harry S. Truman to expatations of triumph today in the "zero hour" of his battle to stay in the White House.

He wrapped the mantle of the late Franklin D. Roosevelt around his shoulders and held aloft the banner of the "New Deal" in the home state of the man who gave it birth.

And he girded himself to ride forth a second day to champion it among the millions whose vote could decide his political fate.

"I'm proud to be an exponent of the new deal," he told a demonstrative throng at a CIO dinner last night in the Waldorf Astoria Hotel to honor Senator F. Wagner (D-NY), who sponsoring at a liberal party rally in isolation.

Then, to nearly 20,000 applauding at a liberal party rally in Madison Square Garden, Mr. Truman declared:

"I am happy to say to you tonight that the spirit of liberalism is going to triumph at the polls on November second, just as sure as you're sitting in this hall."

Appealing for New York City's large Jewish vote, Mr. Truman restated his stand for "A strong, properous, free and independent Israel."

He said the people of Israel already have demonstrated "That Israel deserves to take its place in the family of nations."

"That is our objective, and we shall work toward it in a sound way, not in a partisan political way," he declared. "I am confident that the objective will be reached."

In the Roosevelt tradition, Mr. Truman closes his New York campaign with a major speech at the academy of music in Brooklyn at 9:30 p. m. (est) tonight.

VEPCO Plans New Power Lines In Area

Williamston—Ray Goodmon, vice president of the Virginia Electric and Power Company has announced that the power company is planning the construction of two new power lines in northeastern North Carolina, with one of the lines to run from Roanoke Rapids to Woodland and on to Ahoskie.

Both lines are designed to run into the Ahoskie area and will give loop service to the area between the Roanoke and Chowan Rivers, with one of the lines going through Conway and the other coming in from the sub-station at Boykins, Va.

According to Goodmon, a 33,000-volt line will be started immediately from Conway to Murfreesboro and into Winton and will later tie in with a line into Ahoskie from Aulander. He said if all goes well, the line should be completed by January.

Another line supplying 110,000 volts will be extended from Roanoke Rapids from a power-generating source with funds for the lines already appropriated. The other line will go from Roanoke Rapids into Woodland and on into Ahoskie.

Jury Drawn To Deliberate Warren Case

Halifax, Oct. 29—The Superior Court resumed its criminal court session here this morning after a recess since Tuesday afternoon, and through the noon no disposition had been made of any of the cases still on the docket for trial.

Judge Chester Morris is making an effort to clear the docket by the time the term ends this afternoon, however the only action taken this morning was the selecting and seating of a jury to hear the case against S. E. Warren, who is charged with driving drunk and reckless driving.

The case was still under way at noon today.

Waynick Urges State Democrats To Vote Heavy

By The Associated Press
The State Chairman of the North Carolina Democratic Party declared last night that "more ballots may mean fewer bullets."

Capus Waynick, sounding the State Democratic slogan of "vote a million" in a radio address, urged Democrats to vote heavy next Tuesday.

"Is the citizen who is too indifferent to vote," asked Waynick, "much less dangerous to our government and to world peace than the communist whom he denounces?"

Meanwhile, Eastern North Carolina Republican headquarters announced a further intensification of the GOP's drive in the closing days before the voters go to the polls.

A headquarters spokesman said "the voter has only to turn on his radio to hear Republican speakers discuss the issues of this campaign."
