**Big Four Talks** Are Suggested By Lie, Evatt

By Lle, LVatt Paris, Nov. 15-(R)-An in-formed source said today Sec-retary of State Marshall will answer for President Truman a United Nations leaders' appeal for a Berlin peace. U. N. Secretary-General Try-gve Lie and Herbert V. Evatt of Australia, President of the Gen-eral Assembly, dispatched let-ters Saturday to the chief exe-cutives of the big four powers asking for four power talks to settle the Berlin crisis. The letters were sent to Mr.

settle the Berlin crisis. The letters were sent to Mr. Truman, Prime Minister Staun, Prime Minister Clement Attlee of Britain and Premier Henri Queuille of France. The source said Marshall will answer the Lie-Evatt peace let-ter as soon as he and the Brit-ish and French foreign ministers hold full consultations. Marshall, British Minister of State Nector McNeil and French Foreign Sec-retary Robert Shcuman are ex-pected to meet tomorrow or at pected to meet tomorrow or at least exchange their views on the letter at that time, the source said.

It was indicated that every phase of the American-British-French consultations will be re-

layed to President Truman. The source said, however, that Marshall, acting in his capacity as spokesman for the United States on foreign affairs, actualy will answer the letter. The United Nations looked to

the American answer for a cue to the success or failure of the peace appeal. U. N. circles said the Lie-Evatt

appeal was aimed at the Ameri-can President in the hope he would agree to meet the other three if he felt the moral weight of the U. N. was behind such a neeting. U. N. officials said privately

they expected Stalin would agree quickly to the appeal. Dispatches from Moscow said for-eign diplomats in the Russian capital believe Stalin will ac-

no comment on the appeal. White House officials at Key West, Fla., where Mr. Truman now is vacationing, had no comnow is vacationing, had no com-ment yesterday on the Lie-Evatt appeal. The latest word here from White House officials was that the President preferred try-ing to settle disputes through the U. N. rather than through in-demendent talks dependent talks.
