75TH BIRTH-DAY.

Last Appointment At Mt. Creek—Good Christian Singing.

(Special to The Sun.)

GREEN HILL, September 24.—We beg space in your columns for a few lines: Last Saturday, the 17th, some of the people met at Mr. R. J. Williams to celebrate his 75th birth-day. All came with full baskets, and a long table was prepared in the front yard and the many things put on it made it delicious to the eyes of old and young. It was a day for all. Mr. Williams is well known by the old people of this county, and at one time Register of Deeds for the county; also Deputy Collector, and in the campaign of 1880 for the State of Georgia; and not long ago was elected, and had off the Rev. Whitesides' Mountain Creek. He poured it to us and struck the key note of the songs, and no doubt it will rest upon the waters; but in with many of us, I fear we will arouse ourselves to a new in-taste and to an untried appli-our time and powers to that for which the Creator formed and why should we bow down at the crystal spring-heads of science letters?

There was a Christian singing in the last fifth Sunday, the largest ever witnessed, and not only a large audience and good singing, but more to their first love in singing those good old songs which has so much power and will tyrannize over the soul and cause it to bow down and worship, believing the Almighty hath made man to sing songs of praise to Him throughout all eternity. And how sweet does it make the worship of God to have the reverent emotions poured out in song! If this finds its way out I will try it again.

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.
Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.
R. H. CHAPMAN,
1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.
