HARRIS IS MUCH PLEASED.

Whacks The Southern People Who Are Ppproaching The President With Flattery and Complimentary

WASHINGTON, January 10 .- The President made known the fact definitely to-day that he will make two trips to the South during the present year, one in the spring and the other in the fall. This information was gained as the result of a visit to the White House by Senator Rate, of Tennessee, and a delegation of prominent citizens of Nashville who invited Mr. Roosevelt to visit that city on the occasion of his trip South. The President stated that it is his intention to visit the South next fall, when he will go to the home of his mother in Georgia. At the same time he will take in Atlanta, Richmond and other cities en route, and Greensboro will probably be among the number. The Presineut explained that his trip in the spring on the occasion of his visit to Texas to attend the reunion of Rough Riders would not be made through the South proper and will only include Louisville. Mr. Roosevelt told the committee that he would like to visit Nashville, "for," he said, "every President should visit the Hermitage, the home and tomb of Andrew Jackson. I think it my duty to make a pilgrimage there during my administration.'

talk going on in the South, and it occasions mild amusement. It is as little creditable to those who indulge in it as complimentary to the subject of it. The guess is not a risky one that as between the men who thumped him during the campaign, either through intense partisan heat, and offer no apology now, and those who at this day are snuggling up with belated and suspicious praise, the President prefers the former. At any rate, praising him as a Demoerat is "neer business,"

AY VISIT GREENSBORO. of the President to Greensboro, Mr. of the Tar Heel Club, who was here to-day, reiterated his desire as well as that of the clab to have Mr. Roosevelt stop over in Greensboro when he goes to his mother's home next fall. An invitation from a local committee, it is said. will soon be presented to the President As the President is going to stop in Richmond and will in all probability pass through Greensbore, the belief is strongly entertained by Tar Heel Republicans that he can be induced to stop for a short time.

The Star, the administration organ, editorially, whacks those Southern people who are approaching the President with flattery and complimentary references. The case in point is that of W. P. Mr. Harris returned to his home in Jackson county to-day much pleased as the result of his visit here.
