DO GOOD ROADS PAY?

The following item is taken from a Jacksonville, Florida exchange: If you will call upon J. C. Slorh, real estate dealer, he will tell you of a small tract of land near the new object lesson road that a few months ago was offered for sale at \$600. That, along with other property near this new road grew in value, and when he had an offer for this same tract of \$3,200 he found it had just been sold at \$2,700 and his offer of \$5,200, which was over five times its former rate, would not buy the property.

The improvement in prices at which lands are selling along these rock roads wherever they have been built will be from five to ten times its former value. If this is so, or if we are sure property will even double in value, should we not improve our principal highways at the earliest possible day?

HOUSE DESTROYED BY FIRE. Forest City Town Authorities Improving Their Streets.

FOREST CITY, July 17.—We have not had any real hard rains at Forest City. Our rains have been light when compared with the rains of upper Rutherford.

W. D. Proctor, our faithful and efficient section master on the Southern R. R., had the misfortune of losing one of his tenement dwellings on Friday, July 14th, by fire. He had no insurance as is so often the case.

Barney Harrill has moved back to his residence in Forest City and is building an annex to it, and at the same time he is improving the looks with a coat of paint.

Arthur Young has moved into one of the Carpenter dwellings on South side of West Main street. The town authorities are now putting a coat of coal ash and cynders on our streets at present. This will help the roads in wet muddy weather and give to the good ladies some little wind in keeping out coal dust while wind blows.

Corn and cotton crops around Forest City are looking very well and promise a good crop so far. We have a new central in the telephone office and will either praise or curse her in a week or so. We hope to praise her. We hope to see some improvement in the system in a short while so that the public will get better service out of their phones. We hope to have a better system at Forest City.

Mr. Crowell our druggist is quite sick now with fever. L. A. Moore, who became sick from overheat, is convalescent and will soon be on his feet again.

Kathleen young, daughter of Dr. G. E. Young, is fast getting well and will soon be able to join her jovial friends again. Mrs. F. W. King is not any better at this writing than she has been for several days.

M. T. Carpenter does not recover from his stroke of paralysis. He is able to be up but has to be very quiet.

Picnic at Tanner's Grove.

TANNER GROVE, July 17.—The picnic at Sulphur Springs was quite a success, had a large crowd and a good dinner. The amusements were fine. The old men around Sulphur Springs played a match game of ball with the kids. The score stood 8 to 12 in favor of the old men at fifth ending. At 11 o'clock Rev. J. B. Carpenter, of Rutherfordton addressed the children. At one o'clock the chicken, beef and ham was displayed and all the people partook heartily.

At 4 o'clock in the afternoon Hill Billy and Sulphur Springs crossed bats. The score stood 22 to 15 in favor of Sulphur Springs.

—Mrs. Jno. Orston has gone to Chimney Rock this week.

MISS ELLA OFF, INDIANAPOLIS, IND. SUFFERED FOR MONTHS. Pe-ru-na, the Remedy That Cured.

Miss Ella Off, 1127 Linden St., Indianapolis, Ind., writes: "I suffered with a run down constitution for several months, and feared that I would have to give up my work. On seeking the advice of a physician, he prescribed a tonic. I found, however, that it did me no good. On seeking the advice of our druggist, he asked me to try Peruna. In a few weeks I began to feel and act like a different person. My appetite increased, I did not have that worn-out feeling, and I could sleep splendidly. In a couple of months I was entirely recovered. I thank you for what your medicine has done for me."—Ella Off.
