Special

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT.

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. **DON'T OVERLOOK** a chance to KNOW THINGS shown by one who knows. **COME.**

Which Shall it Be?

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range?

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then too, its made just right and of the right kind of material—MALEABLE AND CHARCOAL IRON—riveted together practically air tight lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an over that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turnings) heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.
