

M'INTYRE ALLEGED SENDER OF MACHINE

POLICE OF TWO STATE WORKING WITH HIGH POINT OFFICERS ON THE CASE.

WAS TRACED TO ASHEVILLE

The Developments Came With Rapidity and Grave Charges Started Work of Authorities.—People Are Wrought Up Over The Affair.

Raleigh.—A special from Greensboro states that Police of two states working under the direction of Chief of Police Ridge of High Point, joined in an effort to locate Ed R. McIntyre, a well-to-do young man of High Point, who is wanted by Guilford county authorities upon a warrant charging the sending of an infernal machine to Miss Ollie Hoover, a pretty and prominently connected young woman of High Point.

The development in the case came with a rapidity which vied in startlingness with the grave charges. Epitomized, the work developed the fact that the package while shipped through the Thomasville office, was sent by a High Point man rather than a Thomasville man that it was addressed to "Ollie Hoover" rather than to "Charlie Hoover" as waybilled by the Thomasville express clerk. Then the admission of Chief Ridge that his men were seeking Ed R. McIntyre as the sender of the package.

In rapid order came the information that during last fall McIntyre's attention to Miss Hoover had been rejected, that he had been warned not to further annoy her, that in turn he had warned her that he "would blow her up with a machine which he had," that secret service men had been successful in an effort to establish authorship by McIntyre of an anonymous and threatening letter directed to Miss Hoover.

Want Both Townships into Durham.

There is a movement on foot among the people of Dutchville township of Granville county, to have that section of Granville take into Durham county by the next Legislature. A number of the Creedmoor people, who were in Durham, said that so far as they knew every man in the whole township was in favor of coming into Durham county. They not only want the educational advantages offered by this county, and some of the benefits of a pretty good sized road fund, but they also claim that their tax rate is so high in Granville that they wish to get into Durham. They say that the people of the city of Durham do not pay a higher tax rate than they are charged by the county authorities of Granville.

To Go Among Unsolved Mysteries.

Numbering among the unsolved mysteries of Hendersonville is the railroad accident which occurred at Hendersonville when under most unusual circumstances W. W. Lasever, of Connelly Springs, and Ed. McLean, of Asheville, flagman and brakeman of the Southern Railway Company, respectively, were seriously, if not fatally injured. The accident occurred just north of the passenger depot, Lasever suffering the loss of his leg and McLean suffering injuries in various ways. The peculiar curve in the tracks a few yards from the depot, it is believed, is responsible for the accident.

Investigating Disease of Cattle.

Dr. W. G. Chrisman, of Raleigh, state veterinarian, spent a part of a day recently in Caldwell county investigating the disease among cattle known as stomatic or sore mouth. He found the disease quite prevalent here and Dr. Wilson, the local veterinarian, says that more than half of the cattle in the county are suffering from it. Many people are being greatly inconvenienced because of the existence of the disease among the milk cattle. There is a scarcity of milk and butte here now.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. A TRAIN ROBBERY

A MASKED ROBBER ENTERS THE EXPRESS CAR AND HOLDS UP THE MESSENGER.

SECURED \$3,000 IN CASH

Southern Train Was looted at Biltmore.—Number 13, Spartanburg to Asheville Was Running an Hour Late at Time of Hold Up.

Asheville.—A lone train robber, masked and armed, boarded Southern Railway train No. 13, Spartanburg to Asheville, as it was leaving Biltmore, 3 miles from this city and covering the express messenger, B. F. Carr, of Marion, with a revolver secured a package containing \$3,000 in bills. The robber then commanded Carr to get in the express chest which he had just rifled and locked him in it. It is presumed that the robber left the train as it slowed up for the Asheville yards.

When the train arrived at the Asheville station express employees found Carr locked in the chest. When released, the express messenger was unable to give a description of his assailant, saying that the latter was completely masked.

The train was an hour late at Biltmore, a fact which the local police department say the robber was aware of. The express messenger says he had just finished arranging his packages, preparatory to leaving the train at Asheville, when he was confronted by a masked stranger with a loaded revolver, who demanded his money. Carr states that the robber then bound his hands and forced him (Carr) to get into the chest, which he locked.

The alarm was quickly given at Asheville and several policemen were sent toward Biltmore on a special train. Other members of the force boarded train No. 35, which leaves Asheville at 10:50. It was thought that the robber might have attempted to escape on this train. At last report the police and express officials were still without a clue.

Destroy Large Illicit Still.

Hendersonville.—One of the largest and best equipped stills ever destroyed in this section was put out of commission in the Chunn's Grove section of Polk county, where from 7,000 to 8,000 gallons of beer, ten bushels of meal and five bushels of corn malt were destroyed, together with the plant, which was of a 240-gallon capacity. The copper still was so large that the officers did not take it away with them after cutting several holes in it. Officers making the rail report that the plant was hot from operation, and that the equipment destroyed would represent a loss of about \$300. No arrests were made.

Of Interest to Dealers in Honey.

Asheville.—A meeting of unusual importance to dealers in honey, of the western part of the state will be held at Black Mountain in the near future, when persons who are interested in this industry will form an organization, the purpose of which will be the betterment of market conditions and the improvement of bee culture. Randolph Teachers' Institute.

Asheboro.—The Randolph county teachers' institute is now in session here under the leadership of Prof. O. V. Woosley and Miss Pearl Cross, instructors, who have had much experience. It is stated by some visitors who have attended other institutes that the teachers are taking more interest and doing better work than at any institute they had ever seen before. Randolph has good, consecrated teachers and it is a regret that they cannot be paid better salaries. There are about 125 enrolled.

King, of Henderson county, who has been working on the tax lists for some time announces that there is an increase in taxable property of \$52,000 over that of last year. While the lists have not been completed in detail indications are that there are signs of healthy growth in each township of the county.

Asheboro.—Much damage is being done to the crops of the county on account of the dry weather. Some sections of the county have had scarcely enough rain since harvest time to lay the dust. The corn crop is suffering very much, especially the early corn and unless there is rain in a few days the late corn crop will also be cut short.

Wilson.—A warrant has been sworn out against Joe Meacomb, of Old Field's township, Wilson county, charging him with attempting to poison the well of Millard Roscoe Boykin. The case came up for a hearing before Squire W. R. Wood and on probable cause Meacomb was bound over in a hundred dollar bond to the September term of Wilson county superior court.

Durham.—Mr. James Green, a brakeman on the Southern yard here, was painfully injured here by getting his foot caught in a frog on the road. His ankle was badly sprained and it was thought that possibly one of the legs was broken. It was reported that Mr. Green had been run over by the shifter, but this is a mistake, and it is thought that he has not been very seriously injured.

Kinston.—Chairman G. V. Cowper, of the Democratic county executive committee, has invited Hon. T. W. Bickett, state attorney general, to open the coming campaign in this county with an address in this city, the latter part of this month or the first of September. It is the purpose of Chairman Cowper and Secretary Dawson to have some of the best speakers of the party here during the next ten weeks and the campaign in Lenoir is intended to be a brilliant one, although a close fight is not anticipated.

Raleigh.—Leavister's pharmacy, situated at 702 North Person street, was broken into and robbed, the robber or robbers getting away with about \$12 worth of cigarettes, smoking tobacco and cigars and a small amount of cash.

Eastern Carolina Fair.

New Bern.—Craven county had a memorable day due to the fact that ground was broken for the erection of the Eastern North Carolina fair. The matter of reviving the old New Bern fair was taken up several months ago, and although at times it seemed like the project would be a failure, there were men at its head who refused to be thwarted in their purpose of reviving the fair and it is mainly due to their untiring efforts that the present condition exists. The matter was finally taken up by a number of local capitalists and a stock company was organized.

Under the auspices of the North Carolina Sunday School Association, which held its annual meeting in Asheville, a party composed of fifteen Sabbath School workers from various parts of the state is visiting seven of the counties of western North Carolina for the purpose of holding meetings in the interest of the work in this state.
