

OPPOSED TO HAZING

IT IS FORBIDDEN BY THE RULES OF THE VARIOUS COLLEGES OF THE STATE.

GET REPLIES TO INQUIRES

The Condemnation is in No Way Meant to Prejudice the Case of the Young Men Now on Trial in This State.

Raleigh.—The people of North Carolina are opposed to hazing in the colleges of North Carolina, for from it evils have resulted in the past and there is a fear of evils in the future.

While this is true there is no purpose on their part to prejudice the case of the young men who are under bond for trial in the matter of the death of young Rand. That death was a deplorable one, and from it there has come a sharp attention to the matter of hazing. It is that which the people desire to have ended, so that from it there can come no brutality or tragedy. That hazing is an evil is shown by the rules of colleges against it, and the people demand an enforcement.

In reply to an inquiry as to their views on hazing sent to a number of gentlemen replies have been received. Among these is the following from Mr. George Roundtree, a prominent attorney of Wilmington. His letter in part reads:

To the Editor: I received your letter, but I was so pressed with matters of immediate business that it was impossible for me to answer it as requested.

Of course all right minded people deeply regret the shocking tragedy at Chapel Hill, but it must be apparent to everyone that there was no element of viciousness and that it was a most unfortunate accident. It is true that the accident would not have occurred had not these young men engaged in "hazing"; and it seems to me to be also true that whatever may be said upon the advantages of a certain "freshness" or bumpiness on the part of some young men, as an abstract proposition, public opinion in North Carolina reprobates the practice, and it is, I understand, expressly forbidden by the regulations of the university. While this is true, I deprecate the excited discussions of this question pending the trial of these young men. It seems to me that, while the matter is sub iudice, there should be nothing said or done that could prejudice the decision of the cause.

Authorize Issuance of Bonds.

Greensboro.—By a majority of 82 the voters of Morehead and Gilmer townships, embracing Greensboro authorized the issuance of 200,000 in bonds as the first movement in advancing a projected line of railway to run from Lynchburg, Va., through this state and to the South Atlantic coast. The survey for the road has been made from Lynchburg to a point in Chatham county, North Carolina. The bonds voted carry a provision that in the event the road is not built or Greensboro is not given a connection with the Seaboard Air Line or the Norfolk Southern railroad within three years they shall be turned back to the respective townships.

Fail to Nominate Candidate.

Greensboro.—The Republican congressional convention of the fifth district in session here failed to nominate a candidate for congress but referred the selection of a candidate to the district executive committee named at the meeting. Chester D. Turner of Orange was named as district elector. Of the 11 counties of the district, Durham, Forsyth, Person, Granville and Rockingham had no delegate and Caswell, Stokes, Surrey and Orange had only one delegate each. The Guilford solid delegation of 23 marched out of the convention bolting because Chairman Benbow ruled that the counties having only one delegate were entitled to have the full strength cast on all questions.

Fire Does Much Damage.

Maxton.—A fire alarm was turned in on account of a small blaze in the rear of J. C. Wiggins grocery store and shoe shop, but before the hose could be gotten to the scene the flames had reached a tank of coal oil. The smoke was so dense it was almost impossible to get near the fire, and the only thing to do was to prevent the flames spreading to the adjoining wooden buildings. This was done, and while the three brick stores in the block were destroyed nothing beyond those and their contents were burned.

What We Never Forget

According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cure prove its merit. Unrivalled for piles, corns or cold sores. Only 25 cents at all druggists.

Children Cry FOR FLETCHER'S CASTORIA

FARMER GETS LESS, BUT—

He Has to Pay More for What He Doesn't Raise.

The U. S. Department of Agriculture has just announced that notwithstanding the increased cost of living among the people as a whole there was a greater decline in the prices paid to farmers from Aug. 1 to Sept. 1 this year than there was last year.

The average farm prices of the important crops (corn, wheat, oats, barley, rye, flaxseed, potatoes, tobacco, cotton and hay, which represent about three-fourths of the value of all the country's crops) declined 7 per cent. during the month, while in that time last year they declined in price only 4.4 per cent., and during the last four years the decline in price averaged 3.8 per cent. The average of farm prices on Sept. 1 was 2.8 per cent. lower than on that date last year.

Prices paid to farmers on Sept. 1 this year, with comparison of prices paid on the same date last year, follow:

| Articles. | 1912. | 1911. |
|-----------------|---------|---------|
| Corn | \$0.776 | \$0.659 |
| Wheat | .858 | .848 |
| Oats | .350 | .404 |
| Barley | .535 | .770 |
| Rye | .708 | .769 |
| Buckwheat | .766 | .740 |
| Flaxseed | 1.626 | 2.036 |
| Potatoes | .650 | 1.137 |
| Hay | 12.140 | 14.610 |
| Cotton | .113 | .118 |
| Butter | .242 | .231 |
| Chickens | .113 | .111 |
| Eggs | .191 | .174 |

But the prices on tariff nurtured articles of manufacture which the farmer has to buy continue to soar.

Tar Heel Bull Moose Bolts.

Roosevelt supporters bolted at Greensboro from the 5th district Republican congressional convention and held a second convention. Resolutions were adopted denouncing the action of a "few Federal postmasters" and it was decided to sever all connection with the Republican party. A call for a general mass convention to nominate a progressive candidate for congress was issued. C. D. Turner, of Orange, was named by the Republican convention and the executive committee was authorized to name a congressional candidate. The split was precipitated when Chairman John T. Benbow ruled that delegates present from any county had a right to cast the full vote of that county.

Improve Farm Conditions in Catawba.

Monday, October 2 there will be a meeting of the farmers, merchants, bankers, land-owners and business men who are interested in the improvement of farm conditions in Catawba county, in the court house at Newton. The purpose of the meeting is to organize a crop improvement association. Several months ago, Mr. J. W. Shuford of Hickory, got into communication with the crop improvement committee of Chicago, Ill., and got the promise of \$1,000 for the employment of a county commissioner of agriculture. There are no strings to this money, except that an experienced man is to be employed, who has a complete agricultural education.

Reports Are Most Gratifying.

At Democratic state headquarters at Raleigh the statement was made that from every county reports are coming in that are most gratifying as to the united condition of the party, there being every indication that not only will the old-time Democratic strength be polled for the national, state and county tickets, but that greater inroads than ever will be made on the Republican strength in both the eastern and the western sections. The campaign work as directed from state headquarters is just now getting in full swing and the progress from now on will be general.

Boom in Sandhill Farm Lands.

The boom in sandhill farm lands seems to strengthen as the crops are giving the farmers time to look around. Several deals are reported of late, about the biggest one being the sale of a 1,200-acre tract near the Bluff by J. W. Graham of Aberdeen to Marlboro county people, who expect to begin at once to make a big cotton plantation of it. The price is reported as \$12.50 an acre. Several Union county strangers have been Southern Pines and Aberdeen looking over land.

Domestic Science Course.

A complete domestic science course and instruction in canning, etc., will be added to the Mecklenburg county public school course for the coming season if plans now under way shall succeed. The Chicago Loan and Improvement Company, said to be somewhat of a benevolent concern, has offered to give the sum of \$1,000 provided the county will raise a similar sum. The county board of education is requested to contribute \$300 of the sum wanted and the commissioners will be asked for \$700.

NEWS OF NORTH CAROLINA

Short Paragraphs of State News That Have Been Gotten Together With Care by the Editor.

Morganton.—Joe Grady, a well-known carpenter, was struck by a freight train on the Southern Railway near Drexel and fatally injured. Raleigh.—A large posse of enraged citizens are hunting a negro, who is hiding in a large thicket near Zebulon, situated 24 miles from here and who is wanted for beating into insensibility a white man.

Greenville.—A large and appreciative crowd heard Chief Justice Clark speak here in advocacy of his candidacy for the United States senate, there being present representative persons from all precincts. Morganton.—The campaign address here in the court house by Hon. Francis D. Winston, nominee for elector-at-large, was heard by a large audience. He gave our people a real study on the tariff, and they were deeply interested in it.

Raleigh.—Raleigh is threatened by another water famine, owing to continued drought and steady decrease in the flow of Walnut creek, the source of the supply. Temporary Receiver W. B. Grimm makes a special appeal to consumers to use as little water as possible. Dunn.—Broken-hearted and despondent because she had been jilted by her sweetheart, Miss Ella Hudson, the pretty daughter of Y. B. Hudson, who lives about two miles from here, committed suicide by swallowing carbolic acid. She was cold in death when found in her room.

Salisbury.—A prominent cotton mill man who was here recently has made a proposition to Salisbury people to raise half million dollars for a new cotton mill here if Salisbury will raise half that amount. The proposition met with favor and will be worked to successful issue if possible. Spencer.—The Rowan county Socialist convention has been called to meet in Salisbury in the near future. A full county and legislative ticket is to be named. Spencer furnished congressional candidates in the last two campaigns, but it is not known whether a congressional ticket will be put out this year.

Raleigh.—A fourth reprieve is granted for John Ross by Governor Kitchen, the date fixed this time for the electrocution being October 11. This reprieve is for the reason that the solicitor desires to present further facts bearing on the effort that is pending for the commutation of the sentence to life imprisonment.

Raleigh.—There is on foot in Raleigh a house to house canvass among the Methodists of the city for subscriptions to the \$1,000,000 endowment fund for Trinity College. The movement was launched at Edenton Street church and the indications are that an especially creditable sum will be raised.

ARE YOUR KIDNEYS WELL?

Many Rutherfordton People Know The Importance Of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Weak kidneys remove impurities. Weak kidneys allow impurities to multiply. No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, if you are nervous, dizzy or worn out, begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills. Recommended by thousands. Proved by grateful testimony. P. O. Rollins, merchant, Main street, Rutherfordton, N. C., says: "I consider Doan's Kidney Pills the most reliable remedy I ever used and do not hesitate to recommend them to anyone afflicted with disordered kidneys. I procured this remedy at Thompson-Watkins Company's drug store and it acted promptly, leaving no room for doubt as to its merits. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Caldwell Democrats Meet.

The Democrats of Caldwell county assembled in the court house to hold their county convention. Practically every precinct in the county was represented by a full delegation and the court room was taxed to its capacity. The convention was called to order by Mark Squires, chairman of the county executive committee and in a short address outlined the order of the day. Mr. J. L. Nelson was named chairman and Messrs. C. D. Rabb, W. M. Moore and A. M. Mast temporary secretaries.
