

FOR SOUTH'S WORK IN AGRICULTURE

ASSOCIATION OF SOUTHERN AGRICULTURAL WORKERS AT RALEIGH.

MEETING TO BE IN NOVEMBER

Purpose of This Body is to Help Solve the Farm Problem—Many Speakers From All Over the Country Will Attend.

Raleigh.—State Chemist B. W. Kilgore, who is the secretary of the Association of Southern Agricultural Workers, which includes in its ranks all the commissioners of agriculture in the South, has had a conference with Secretary Olds of the chamber of commerce here in regard to the next annual meeting, which is to be held at Raleigh, and which will be the first here, the dates being November 7-9-9. There will be from 150 to 200 members from other points.

The association takes in departments of agriculture, agricultural colleges and experiment stations, the agricultural press and other agricultural organizations, and farmers generally. It is decided that there shall be meetings each morning and evening, when all the sections, three in number, of the organization shall unite, and these general meetings will be in the hall of the house of representatives.

The Yarrowborough House has been chosen as headquarters for the association and its section meetings will be held in the hotel each afternoon. Governor Kitchin will be asked to deliver an address of welcome to the association, of which Commissioner of Agriculture William A. Graham, of this state, is the president, the vice-presidents being W. R. Dodson, director of the Louisiana Experiment Station, and R. M. Riggsbee, president of Clemson College and the secretary is State Chemist Kilgore of this state, who has held this secretaryship a dozen years.

Trial of Hazers Postponed.

As a sequence to a telegram received from Judge Harry W. Whedbee, of Greenville, bearing the information that on account of illness he could not convene Orange county superior court for several days, the promised notable criminal trial against the four lazers at the state university charged with bringing about the death of "Billy" Rand, of Smithfield, in the early morning hours of September 13, was postponed until the March term of Orange county court. This definite agreement was reached when the attorneys in the case, in consultation with Solicitor Gattis, recognized the apparent impossibility of the court's reaching the case until the latter part of the week, if then.

Pitt County Teachers Meet

The teachers of Pitt county met in Greenville recently and reorganized for the present year's work. A large number of teachers were present for the number of schools that are in session at the present time. The following officers were elected: President, J. B. Carroll, Winterville; vice-president, Nat Wright, Ayden; secretary, Miss Annie Perkins, Farmville; reporter, W. B. Edwards, Grifton.

Big Celebration in Robeson County.

On Wednesday, October 23, there will be a big celebration of the opening of the large canal which is to drain about 23,000 acres of Robeson county's finest farming land, and many prominent speakers will be present to address the crowds that are sure to be here. Among them are Dr. Joseph Hyde Pratt, J. A. Brown and O. L. Clark. Work on the project has progressed very rapidly and smoothly and the operations are now well into the swamp, although access to the dredge is easy and the celebration will be held right at the plant where the work is in progress.

Republicans Meet at Kinston.

The standpat Republicans of the second congressional district, in session at Kinston several days ago, nominated Thomas Brad. Brown, of that city, for congress, and J. Frank Lyles of Tarboro for elector. T. B. Brown was made chairman of the congressional executive committee, and W. J. Jordan, of Snow Hill, secretary. Pretty nearly all of the counties in the district were represented, but there was no enthusiasm in the meeting, as it was understood that it was empty honors bestowed upon the nominees.

A Log On The Track

Of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesseheimer, of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at all druggists.

THE CHAMBER OF COMMERCE

Of State Planned at Greensboro.—Officers Were Selected.—Fred M. Tate is President.

Raleigh.—Thirty representatives of chambers of commerce and boards of trade in various cities of the state in adjourned session here recently perfected the organization of the North Carolina Chamber of Commerce, preliminary steps for the organization of which were taken recently in Greensboro. Officers elected are: President, Fred M. Tate, High Point; vice president, Gen. J. S. Carr of Durham, H. A. Ramseur of Fayetteville, and A. K. Joy of Hickory; secretary and organizer, Fred A. Olds, Raleigh; treasurer, John O. Ellington, Raleigh; executive committee, the president and secretary, E. W. Thompson of Charlotte, F. I. Sutton of Kinston, R. C. Hood of Greensboro, in perfecting the organization one or more representatives were here from Greensboro, Charlotte, Goldsboro, Winston-Salem, High Point, Fayetteville, Hickory and Statesville.

Following the organization there was an informal discussion of freight rates discriminations and the contemplated fight in the legislature, and otherwise, against such conditions. Among the speakers were R. D. Douglas and R. C. Hood of Greensboro, A. K. Joy of Hickory, W. S. Creighton of Charlotte and J. L. Ludlow of Winston-Salem. The first business meeting is to be held in Raleigh soon after the legislature convenes in January. Each of the commercial organizations in the state that joins the state association is to elect a member of the board of directors.

Democratic Rally at Hillsboro.

In spite of the incessant downpour of rain, Orange county's temple of justice was overflowed with Democrats from many parts of the county to participate in the Democratic rally at Hillsboro. It was a great day for Democracy. For two hours the speakers of the day—Governor W. W. Kitchin and Mr. J. Ed Pegram, of Durham,—expounded the principles of the Democratic party to an eager audience of listeners. Other than those that had pointedly come here for the purpose of hearing the political speeches, there were prominent attorneys from different parts of the state in attendance upon court, that rallied to the cause of Democracy.

The Catawba County Fair.

The Catawba county free street fair which is held annually in Hickory, promises to be the most elaborate were held. As much as \$2,000 in cash and merchandise has been subscribed as premiums. This is by far a larger amount than has even before been offered. The premium list, which has just been issued shows that premiums will be given on all exhibits that may be put up. There will be prizes for the best displays of field and garden crops, poultry, live stock, dairy products, horticulture, manufacturers' displays, pantry supplies, children's department and a goodly number of special premiums.

Lineman Gaddis Electrocuted.

Nell Gaddis, a lineman employed by the Waynesville Electric Company, was instantly killed by an electric shock from a live wire. He was working on the line on Main street at Waynesville when he was observed to begin to fall and recover himself, clinging to the wire about which he had been working. When taken down life was extinct. This is the first accident of the kind that ever happened in Waynesville.

Postoffice to be Discontinued.

Postmaster Willis Briggs received notice from the department at Washington that the postoffice at Rogers Store, Wake county, will be discontinued October 1 and that the patrons from that office will be served by rural free delivery. This is taken to be a considerable improvement over the old service as it will make possible receiving a response to letters on the day after they are issued from Raleigh. This has not been possible before.

Hookworm Dispensaries in State.

Three additional counties, Anson, Stokes and Franklin, have made appropriations for the campaign against the hookworm, making fifty-six counties which have appropriated for the work. The campaign against the hookworm has been very successful in North Carolina, and the work in this state is attracting the attention of hookworm officials all over the country. Dr. Edward Pullenburg, a noted hygienist of Germany, visited this state and inspected the different free dispensaries.

Henderson Finished It's Share.

Henderson county has completed its share of the Greenville-Henderson highway from Hendersonville to the top of the mountains near the state line says Supervisor Justice. About a year ago an agreement was made with the Greenville authorities that if Henderson county would do its share of the grading that Greenville would meet the road with a well-graded highway on the South Carolina side. The late J. P. Goodwin of Greenville was one of the leading advocates of this highway.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

THIRD TERM QUACK PLANK

Fraudulent "Blanket Policy" Offered for Protection of Health and Life.

IN INTEREST OF FAKERS

"Theodore Rex" Promises to Shield Them Against Discrimination by Educated Physicians.

The political tentacles of the third term candidate have been extended in every direction from which might be gathered voters irrespective of sex, race, color or previous condition, of all vocations, factions and trades into the Progressive fold. By specious promises cunningly adapted to each the colonel beckons them to follow with bleating approval wheresoever his bellwether adjutant may lead in order that Theodore Rex may again sit in the White House.

Tempting bait is thrown to the working people in the minimum wage, to the Socialists in the enlargement of government ownership, to the women in the furtherance of suffrage aspirations, to the farmer in blissful betterment of rural life, etc. Now he appeals to the quacks, those true and hitherto despised men of predatory wealth, offering them tenderest regard and freedom from prejudice "for or against." The following "blanket policy" is offered for protection of our most precious possessions—health and life:

"We favor the union of all the existing agencies for fundamental government dealing with the public health into a single national health service without discrimination against or for any one set of therapeutic methods, school of medicine or school of healing, with such additional powers as may be necessary to enable it to perform efficiently such duties in the protection of the public from preventable diseases as may be properly undertaken by the fundamental authorities, including the execution of existing laws regarding pure food, quarantine and cognate subjects, the promotion of appropriate action for the improvement of vital statistics, the extension of the registration area of such statistics and co-operation with the health activities of the various states and cities of the nation."

This would votes for Theodore Rex be multiplied.

Insults Educated Physician.

This quack plank of the Progressive platform not only insults the intelligent voter, but wounds the educated physician, in that it places the latter in the same category with empirics of high and low degree, rubbers, sun curists, magnetic and other healers and all other pretenders who fatten upon the credulity of the helpless sick and their terrified relatives. The Sun has adverted to the outrageous violation of propriety and justice which characterizes the medical laws of several states in the Union, the last instance of which we deplore in the medical regulations of the canal zone and which the bull moose platform threatens to inflict upon all the states of the Union.

These legislative enactments require all persons who propose to become physicians not only to pursue a more or less thorough course of preparatory education, but also to be trained in all branches of medicine and, besides, to be subject to a rigid examination by appointees of the state. All these serve to protect the public against ignorant pretenders and would be perfectly fair did not the very same enactments exempt the latter from the provisions applying to educated practitioners.

Favors for Cormorants.

Thus do our sagacious legislators stultify themselves in the interest of the cormorants to whom they grant special privileges, because, forsooth, they claim to "heal" without medicines! There is now no discrimination against "schools of medicine." Therefore the special protection demanded for them by the bull moose platform is gratuitous and intended only to entrap votes. The "healers" belong to no school. Now comes Theodore Rex and dignifies them by a special provision and, expressing a most tender regard for their sensibilities, promises to shield them against discrimination by educated physicians.

This platform would raise the quack and healer above the men who daily exemplify their personal and professional superiority by some unselfish devotion to the public weal. In his eagerness to placate the influential herd of empirics Mr. Roosevelt would have us oblivious of the fact that the educated physician is the only real altruist in the community. Instead of arousing the public conscience (T. R.'s favorite slogan) this self appointed reformer deepens the crying shame and thus exemplifies again that "under no circumstances" need he be bound by his prior professions.

President Taft has won the approval of the quacks and healers by his medical regulations of the canal zone; hence this Machiavellian policy. Future generations will substitute "Rooseveltian" for "Machiavellian." Politics make strange bedfellows indeed. Behold Taft and Roosevelt under the same blanket!—New York Sun.

Will The REAL FREEMEN Uphold Wilson's Hands?

Woodrow Wilson has refused emphatically to accept contributions to his Campaign Fund from the Interests, from corrupting influences, from any questionable sources.

He has given us, the Democratic National Committee, to understand that he will go into the White House with clean hands or not at all.

Who Is Getting The Money of The Trusts?

So sure has been Wilson's stand, so well known his incorruptible purpose, that no private interests have dared to approach either our candidate or his committee.

We have not been offered a penny by the trusts, and we certainly have not solicited a penny from them. The money of the Interests is being spent against Wilson. No matter for whom—we need not discuss that here—it is now common gossip that the money power of the nation is being used in an attempt to defeat Woodrow Wilson.

What Is a "People's Campaign?"

We are addressing ourselves to the real freemen of America, the upright, Progressive Voters of the country who are doing the work of the nation and not the work of trusts and bosses.

We realize that the salvation of every righteous cause rests with you.

Often this cry of a People's Party or a People's President is raised by the very forces we seek to defeat and whom we must and will defeat. But look to our standard and our standard bearer and decide yourself as to which is the People's Campaign and must, therefore, be fought with the People's money.

Woodrow Wilson Has Clean Hands

Woodrow Wilson is the cleanest man in national politics. He came of illustrious forefathers, who laid by blood and heredity the foundation of a future President through generation after generation of upright record.

If Wilson is to be elected it must be by clean money and there is only one source of such money—from the voters of the country who realize the importance of having a government uninfluenced by the almighty dollar.

Wilson's hands are clean.

Will you uphold them?

How Much Money Will You Give? How Much Can You Raise?

There are big campaign expenses to be met if we are to win on Election Day in November. We must tell the voters of the country about Wilson, what he is, what he has done. We must show them his record. We must show them his platform. We must point out to them the features of his platform which mean so much to this nation. This great work will cost a lot of money. We must meet the usual heavy toll necessary to present a platform and a candidate to a hundred million.

Your dollar, your \$5, your \$10, your \$20 is needed. And don't mistake—we want the man who can only afford the one dollar. We need him. We need the woman who can

only give one dollar. We believe in this kind of loyalty—it's the kind that wins.

Let every one contribute to the Woodrow Wilson Campaign by the first mail. Let's have as big a fund as the corporations can supply the other parties. For the people are mightier even in money than the Combinations—when they get together.

A Call To Those Who Will Club Contributions

No live progressive voter can do more for Wilson's cause than to head a list with his own contribution and then to have his fellow-workers and friends swell the total with their names and money.

If you work in an office or factory, mill, warehouse, on a railroad, ranch or farm, start the ball rolling. Line up the Wilson men. Sign up as many contributions as you can. And mail to us.
