

THE SUN HAS THE LARGEST CIRCULATION OF ANY WEEKLY IN THE TENTH CONGRESSIONAL DISTRICT

**EX-GOV. PATTERSON  
HERE NEXT TUESDAY**

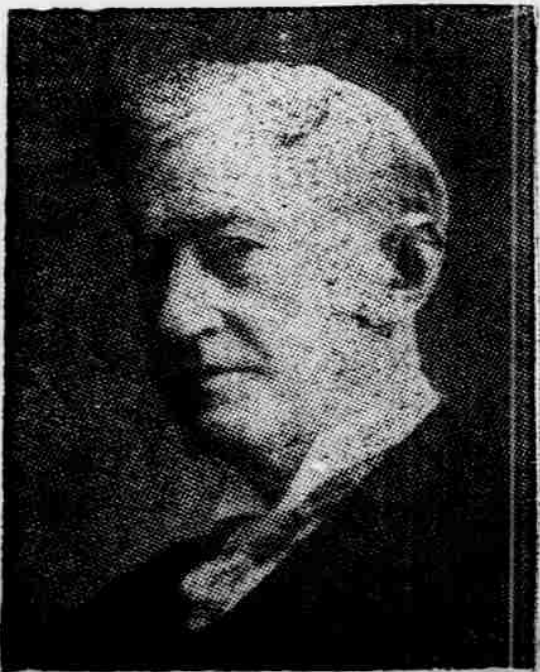

**Former Governor Of Tennessee  
To Speak At Baptist Church  
Tuesday Night—Subject—  
Great Orator.**

Hon. Malcolm R. Patterson, former Governor of Tennessee and one of the South's greatest orators will speak here next Tuesday night, Nov. 4th in the Baptist church at 7:30 p. m. on "The New Era—What Shall the Harvest Be." He comes under the auspices of the Anti-Saloon League of America in co-operation with the State League.

He is a former Governor of Tennessee and member of Congress from that State, is one of the most able and brilliant statesmen ever produced by that great commonwealth.

As a platform orator he has no peer in his State, and few in the Nation.

But his splendid abilities were given to the wrong side of the liquor problem; the liquor traffic regarded him as its ablest advocate.

HON. MALCOLM R. PATTERSON

Tennessee would have been in the prohibition column years sooner but for his influence.

But liquor was not the friend to him that he was to liquor. It laid its merciless hand upon him, and he suffered through liquor what few men have ever suffered.

He became, by the regenerating power of Christ, a changed man, a new man, a Christian.

Let no man doubt the sincerity with which this great man has changed front and now fights, with all his splendid abilities, the traffic that he once befriended.

He has become a supremely valuable asset to the prohibition cause in the nation.

For nearly five years he has been constantly on the platform as one of the strongest and most eloquent exponents of National Prohibition.

He has been heard by immense audiences in nearly every State in the Union.

He is sought after by temperance organizations and Chautauquas everywhere.

He has the mind of a statesman, the eloquence of a Demosthenes, the manner of a Chesterfield, and the tender heart of a woman.

He is the product of the New South, a nationalist to the core, and one of the efficient master-builders of a new nation.

Do not fail to hear this young giant slay King Alcohol.

The Anti-Saloon League is planning a speakers' campaign that will cover the State. 340 addresses will be delivered beginning November 2d and ending December 21st. The lecturers are men of national reputation who have made their mark on the battle field, in the political arena, in the pulpit and on the platform.

In their addresses they will make clear the law as it is laid down in the law-enforcement code recently passed by Congress. Some things that have been permitted by our State prohibition law will now be prohibited by this national act.

The speakers will also inform the people of the larger plans now being laid to aid the other countries in their fight against liquor, and will tell about the organization of the "World League Against Alcoholism" and the League's purpose to raise a fund of fifty million in the next five years to put the world dry and to enforce our law at home.

Mr. Davis says the Anti-Saloon League is determined that the people shall know the law, and that the criminal class shall obey it.

He says also that the American church people that stand for the advanced movement of the church to carry the gospel to the other nations and give their money for this purpose will not sit idly by and allow the liquor traffic of America, now driven from this nation to go into all parts of the earth to nullify the work of the church and the missionary.

**TRAIN SERVICE TO  
MARION RESTORED**

**Trains 113 And 114 Will Go To Marion Instead Of Stopping Here—Affords Better Service.**

The Sun has received the following letter from Division Passenger Agent, R. H. Graham, of Charlotte, which is self explanatory.

It affords me a great deal of pleasure to inform you that with the next change of our schedules effective November 9, 1919, trains 113 and 114 now operated between Blacksburg and Rutherfordton will be extended and operated between Blacksburg and Marion on the following schedule:

No. 113  
Leave Blacksburg ..... 6:30 pm  
Leave Shelby ..... 7:15 pm  
Leave Rutherfordton ..... 8:50 pm  
Arrive Marion ..... 10:00 pm

No. 114  
Leave Marion ..... 5:45 am  
Leave Rutherfordton ..... 7:00 am  
Leave Shelby ..... 8:20 am  
Arrive Blacksburg ..... 9:00 am

You will note there will be no change in the schedule of 113 up to Rutherfordton. Schedule of 114 gives Rutherfordton, Forest City, Shelby and all intermediate points a much better schedule, as this train passes there at a later hour than formerly.

In extending these trains in order to give all stations a better schedule on train 114, it was necessary to break the connection at Blacksburg between trains 114 and 42, and when this change takes place Blacksburg will be made a regular stop for train 36. Passengers destined to Gastonia and Charlotte can use train 36 and passengers destined to points between Blacksburg and Charlotte where 36 does not stop can use train 46 passing Blacksburg at 11:46 am.

I am sure this change of schedule and improved service will meet with your approval, and we will appreciate any publicity that you may give same.

Yours truly,  
R. H. GRAHAM, D. P. A.

The Sun does not claim all the honor of securing this pre-war schedule but it has worked very faithful for these two trains to be restored and we rejoice with the good people along this road who will soon have the old service again with a better schedule. The first run will be made from here to Marion, Sunday night, November 9th. The Sun can then reach the people on the routes from Union Mills on Thursday.
