An announcement of special interest made by Superintendent Smith was to the effect that Dr. E. C. Brooks, State Superintendent of Public Instruction, had accepted an invitation to deliver an address upon the occasion of the opening of the new building. It will be looked forward to by the citizens throughout this section of the State. The exact date will be given out at a later time.

TEAM A SUCCESS

Went 31 Out Of 39 Games — Next Year

(Special to The Sun)
ELLENBORO, Sept. 9.—Ellenboro closed the baseball season today, by taking a double-header from Waco by a large score. We have had a fast team this season and most every player has started in some special line, as follows: G. Edwards, G. Wilson, F. Byers, home runs; H. Edwards, two base hits and fast stealing; C. Wilson and C. Callahan in 1 base hits and base stealing; G. Hamrick has been on short for two seasons, and told the pitcher "To stay in there," and by his witty talk to the other players has been of considerable help towards keeping up the moral of the team. With our efficient battery, L. Green and Edwards, and with the assistance of L. Jones, we have won 31 games out of 39, and have played every club in the county with the exception of one or two, that have asked for games, and have been very successful over most of the clubs in the county, taking one out of two games, and with others winning two out of three games played.

We hope to see the team come back early next season stronger than ever with the competent and skilful management of the present manager. We wish to thank our loyal supporters for their help in making this our most successful year in the great national game of baseball.

LADY KILLED BY SOUTHERN TRAIN

Miss Jennie Bell Keeter Steps In Front Southern Train Sunday Morning — Funeral Monday At Gilboa Church.

Miss Jennie Bell Keeter, white lady of near Gilkey, age 49 was killed by South bound Southern Train No. 114 Sunday morning early, between here and Gilkey. It seems that her mind was not normal Saturday night. She did not sleep any. She walked through the house and yard all night and was very nervous. She disappeared Sunday morning about daylight. The engineer on the Southern says he saw her 400 or 500 yards away and that she was walking beside the track. He blew his whistle twice. As the train got near her, she stepped in front of it and threw up her hands. It was impossible to stop the train before she was hit.

She was knocked off the track but her body was not mangled. Her left arm and shoulder were broken. The train stopped and brought her to the depot here. The undertaker was called and the Southern guaranteed most of her burial expenses. She died soon after reaching the depot. Her people agree that the railroad was not in fault but that she was altogether to blame for the horrible affair. As to just why she did so peculiar will likely never be known. She seemed to be normal until Saturday.

She made her home with her sister, Miss Della Keeter and nephew, Mr. Thad Keeter. She leaves a sister and brother, Mr. Geo. W. Keeter (Bud) who lives on the place, and a large number of friends and relatives. She was a faithful member of Gilboa Methodist church. She was highly respected by all who knew her. Funeral services were conducted Monday afternoon, two o'clock by her pastor, Rev. E. N. Crowder. A large crowd of sorrowing friends attended.

The six sons of Mr. W. M. Spratt, closest neighbor of the deceased acted as pall bearers. This was unusual for six brothers to be pall bearers at a neighbor's funeral.

BIG EXPOSITION SOON

Thousands Expected At Charlotte For Exposition

CHARLOTTE, Sept. 18. — On Monday, September 25th, the doors for the Made-In-Carolinas Exposition will be thrown open and a show exciting by far anything of the kind held in the south will be on.

The Exposition building itself is ideally adapted to the purpose for which it is to be used. Built of brick and stone, 100x300 feet, and amply provided with light, it has 30,000 square feet of floor space on each of the two floors, three-fifths of which is devoted exclusively to the display of manufacturers' exhibits. In the neighborhood of 200 manufacturers are represented in the list of exhibitors and the comparatively small remaining space is being applied for rapidly.

Every effort has been made to provide in advance for the safety and convenience of the crowd which will attend the Exposition. There are five large exits from the upper floor, rest rooms for gentlemen and ladies, ample telephone and wire conveniences.

September 26th, Kiwanis day; September 27th, Gaston County day; September 29th, Cabarrus county day; October 3d, Merchants' day; October 4th, Iredell county day; October 5th, Lincoln county day; and October 6th, Winston-Salem day.

With every railroad in the entire south offering a fare and a half rate for the round trip during the entire Exposition period, and with an enthusiasm for the Buy-At-Home Movement and for the Made-In-Carolinas Exposition, which is the fruit of that movement, spreading throughout this entire section of the Southeast, it is being freely predicted that more than 100,000 people will visit and learn from the Made-In-Carolinas Exposition of 1922.

County To Help Veterans

The County Commissioners have made an order for the county to pay the transportation of all Confederate soldiers who desire to attend the State Reunion which convenes at Asheville, September 26th to 28th.

Recorder O. C. Erwin will furnish identification certificates.
