Look What One User Says —

April 4, 1961

Dear Sirs:

I have read in the Tabor City Tribune how much farmers like the Mayo Jet tobacco curers. I would like to say that I have been curing with Mayo Jet tobacco curers two years and I think the Mayo Jet curer is the most advanced curer on the market today. I find the Mayo Jet simple, easy and safe to operate. I never have to worry about my Mayo Jet curers. Too, I have plenty of heat when I need it and the Mayo Jet is so cheap to operate. I would recommend them to every one who wants a good tobacco curer.

Yours truly,
NORMAN LOVETTE
