WOMEN STORM CONGRESS HALLS ASKING FOR VOTE.

Four hundred from every section of the United States—"Are women people." They ask Congressmen.

Washington, D. C., Jan. 31.—Four hundred women from every section of the United States appeared today before the House committee on presidential and congressional elections to appeal for the passage of the French bill, to give women the right to vote for representatives in Congress.

Mrs. Clara B. Colby, of Portland, Oregon, chief spokesman for the women, pleaded for a constitutional amendment prohibiting states from disfranchising citizens on account of their sex. Declaring that the constitution says the representatives shall be chosen by the people of the several states," she asked, "Are women people?"

Representative Tribble, of Georgia, questioned the right of the Federal government to establish franchise rights in the states, and drew a vigorous reply from Mrs. Belva Lockwood, who declared it was not a speculative question, but an established fact that there was precedent for a federal amendment to

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Like most of the other women in the room, Mrs. Lockwood was wearing her hat.

"I will take off my hat to this committee," she said, "when it reports out the bill giving women the right to vote."—Citizen.

SUNDAY SCHOOL MEN AT GREENSBORO

A meeting of special importance held in Greensboro yesterday afternoon was that of the Central Executive committee of the North Carolina Sunday School association which met in the Young Men's Christian Association rooms, at 2 o'clock and continued in session two hours. The following members of the committee were present: Dr. W. A. Harper, Elon college, president; N. B. Broughton, Raleigh; A. E. Tate, High Point; George W. Watts, Durham; C. S. Starbuck, Winston-Salem; G. H. Mills, R. G. Vaughan, and W. M. Combs of Greensboro.

The general secretary, J. W. Long, of Greensboro, made a report of the work from May 14, when he was elected, to date which showed that there had been a great deal of work done in the state during the year notwithstanding the fact that no one has been in the field the entire time.

Dr. C. W. Byrd, pastor of the West Market Street church, was made a member of the central executive committee, Rev. R. M. Andrews and Rev. Shuford Peeler, members of the general committee to fill vacancies. Miss Martha S. Dozier, a former member of the faculty of Greensboro Female college, was elected office secretary.

The following were appointed a committee on finance: W. M. Combs, G. H. Miles and R. G. Vaughan; R. M. Phillips, C. C. McLain and W. M. Combs were made a committee on headquarters and Dr. W. A. Harper, Prof. W. C. Smith, Prof. R. A. Merritt, N. B. Broughton and Rev. J. W. Long were appointed a committee on program for the state convention which meets in Greensboro in April, the exact date to be decided soon.

The new offices in the Banner building recently opened as headquarters of the association were visited by members of the committee and approved as a desirable home for the Sunday school cause of North Carolina. It will be remembered that it was decided to move the offices to Greensboro from Raleigh at a meeting of the general executive committee held in Greensboro in May after having been invited and urged by men in Greensboro representing the Sunday schools, the chamber of commerce and other interests.

The offices are to be handsomely furnished and as general reception rooms as well as for office purposes. The general outlook for the work was regarded as very hopeful, and plans were made to strengthen and forward this great work throughout the entire state.
