Mrs. Annie Tompkins.

Miss Sadie Luck.

SPEEDWELL.

Now that the February term of the superior court is about over, the litigants can figure out whether they are benefited. Provisions are being made by the legislature of N. C. for more Judges and courts. Is this because our people are getting more lawless, or is it to provide more pie? Courts cost a lot of money, and should be run with a view to economy and dispatch of business. Frivolous matters should be cut out, and the grand jury should examine all bills of indictment with care and caution. A committee consisting of Senator Davis, Representatives Corriatrie Wike and Ferguson, appointed by the general assembly of N. C. visited the Cullowhee High School Monday, to examine the needs of this worthy institution. The report of this committee to the legislature will be the basis for appropriations for the school.

The writer believes that if the state will stand by the Cullowhee High school as it should, the school will soon become a college of high grade. Western North Carolina has the boys and girls, and we must furnish the facilities for their education.

We must build a good sand clay road from Sylva to Cullowhee and make this school accessible to all of Western North Carolina, this can be done at a cost of from \$300 to \$500 per mile. The state is doing a great deal for the people of Jackson County, and lets get busy and do our part.

X. Y. Z.

BARKER'S CREEK.

Javan Wike and family left Friday for Greenville, S. C., where they will make their future home. Mr. Wike has been visiting on our creek.

Miss Emma Dills visited her brother at Dix Creek, Saturday and Sunday, accompanied by Miss Florence Dills of Barkers Creek.

William Sutton of Barker's Creek spent Saturday and Sunday on Savannah.

Joe Dills is having some improvements made on his residence. Our place and Wilnot are progressing nicely. We enjoy many things around our little town, while there are others that are not so pleasant.

Wilnot had a splendid dedication service Sunday. A number of Barkers Creek people were in attendance. A READER.

BUSINESS AT BETA.

The Beta Fertilizer Company has received numerous orders from various parts of the state for their fertilizer. They have now on hand orders for 500 tons of fertilizer. The factory opened up for the spring work Monday with 200 tons of raw material in the factory and 500 tons on the road. They expect from all indications to do a big business in the fertilizer line this spring. Messrs. T. C. Bryson and A. J. Dills are their agents in Sylva.

Hon. Gola P. Ferguson, representative from Swain, is at Cullowhee.
