North Carolina, Jackson County.
Whereas, certain unscrupulous
parties have circulated in Jackson
County that the Road Trustees in
Sylva township will not build the
new roads provided for under the
new road law applicable to Sylva
township, particularly, from the

Dillsboro township line to the Cullowhee township line at Silas Davis, and up Scott's Creek toward Addie.
Now, we the undersigned members of the Board of Road Trustees for Sylva township being duly sworn, depose and say, that we are going to build good roads in Sylva township according to the spirit and intention of said law, and we hereby, under oath, pledge ourselves, to meet the road trustees of Dillsboro township at the Dillsboro township line and build the road through Sylva township to the Cullowhee township line and up Scott's Creek line toward Addie, as provided for in the recent Acts of the Legislature.

When You Paint

Use PURE Paint and
Use Pure LINSEED OIL to add
to it at one-half the cost of Paint.

PURE PAINT is made with WHITE LEAD, ZINC and LINSEED OIL—that's the way the L. & M. SEMI-MIXED REAL PAINT is made.

But ALL the OIL, needful to make the L. & M. PAINT ready for use is NOT put into the Paint when it's prepared for the Consumer who buys it.

The ADDITIONAL quantity of OIL is put into the Paint by the CONSUMER, as by so doing he SAVES MONEY.

Therefore—buy 3 gallons of LINSEED OIL with every 4 gallons of L. & M. PAINT and MIX the OIL with the PAINT.

If the Paint thus made costs more than \$1.40 per gallon—
If the Paint as you use it is not perfectly satisfactory—

Then return whatever you have not used, and get back ALL you paid for the WHOLE of it; and besides, the money you paid to the Painter.
