TAKES POISON.

Sam Cunningham, a young man who lives between here and Dillsboro came near losing his life Friday, because of strychnine poisoning. It is not known how the poison was administered, there being conflicting reports to the effect that he attempted suicide because of disappointment in a love affair and that the poison was taken by mistake.

Drs. Candler and Hooper were summoned to attend Cunningham and while he suffered intensely, antidotes that were administered, finally overcame the effects of the strychnine and the young man is doing nicely.

That affiants swear they have no intention to do so, and that such a course has never been suggested to them by any man in Webster, or any man in favor of Webster.

"Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

TAKE The CARDUI Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.
