

## When You Paint

Use PURE Paint and Use Pure LINSEED OIL to add to it at one-half the cost of Paint.

PURE PAINT is made with WHITE LEAD, ZINC and LINSEED OIL—the way the L. & M. SEMI-MIXED REAL PAINT is made.

But ALL the OIL needed to make the L. & M. PAINT ready for use is NOT put into the Paint when it's prepared for the Consumer who buys it.

The ADDITIONAL quantity of OIL is put into the Paint by the CONSUMER, as by adding he SAVES MONEY.

Therefore—buy 3 gallons of LINSEED OIL with every 4 gallons of L. & M. PAINT and MIX the OIL with the PAINT.

If the Paint thus made costs more than \$1.40 per gallon—  
If the Paint as you use it is not perfectly satisfactory—

Then return whatever you have not used, and get back ALL you paid for the WHOLE of it and besides, the money you paid to the Painter.

### CULLOWHEE WINS.

Cullowhee, April 16.—In a game featured by the magnificent pitching of Painter for Cullowhee, the Waynesville team was beaten here Tuesday, April 15 in a ten inning game. The final score was 2 to 1.

Painter fanned sixteen men, did not allow a hit until the fifth inning, not a man passed second base until the ninth, when through a combination of hits and errors, Waynesville tied the score. In the fifth the first two men up for Waynesville got on base, and things looked gloomy for Cullowhee, but Painter tightened and fanned the next three men up.

Campbell played a fine game at third for Cullowhee, besides getting three hits, two doubles and a triple.

Marr caught for Cullowhee and handled Painter's shoots perfectly. For Waynesville, Killian starred in helping with a running catch in deep center.

The next game here will be with Murphy on April 28-29. Some good ball is expected.
