W. NORTH CAROLINA BIBLE CONFERENCE

This conference is to be held at Sylva N. C., beginning on the first day of August next, and continuing for 10 days. Our object is to secure the services of such men as will be able to present the cause of Christianity from the Bible in such light to pastors and laymen as to inspire and arouse them to greater activity in Christian work. We have at Sylva the finest mountain scenery and climate. From here we may be able to reach a greater number of our toiling mountain preachers and laymen than from any other point in this section of the state. Brethren in the East who need the refreshing climate of the mountains during the oppressive month of

August could go to no place in the mountains where they could receive more refreshment and accomplish more for the cause of Christ in 10 days' time. We are expecting to give free entertainment to all ministers who will attend the Conference. Fair for all others while in attendance will be put at the very lowest possible rates.

This Conference is under the auspices of an executive committee selected from the churches in Sylva, with Rev. T. F. Deitz of Bryson City.

The pastors of Sylva will put forth every effort to make it a pleasure and profit to every one present.

We hope to soon complete our programme and more fully state the aim and object of this conference. Sincerely,

J. M. BENNETT,
Pastor of Sylva Baptist Church.

PREPARE FOR FAIR.

The farmers of Western North Carolina are being urged to prepare their exhibits of crimson clover, grasses and sheaves of oats, wheat and rye during the next few weeks for the purpose of exhibiting them at the Western North Carolina Fair in Asheville on October 7, 8, 9 and 10.

The management of the fair is anxious to co-operate with county and local fairs throughout Western North Carolina with the view to making the greatest possible success of all of them through the means of co-operation.

Many new and attractive features are being arranged for the fair, which promises to be the biggest best and most interesting ever held in Western North Carolina. The Educational or opening day

of the fair will be featured by a parade of approximately 10,000 school children from the western end of the State. They will be addressed by some noted educational worker and many handsome prizes will be awarded in the educational department of the fair.

On Brotherhood day, the second day of the fair, the fraternal organizations of Western North Carolina will co-operate in rendering a most interesting program, a feature of which will be an address by some prominent fraternity men.

The third or military day will be the principal day of the fair when the military organizations of Western North Carolina under the command of Adjutant General L. W. Young will engage in a sham battle. The veterans of the war between the States will be the guests of the fair on this day and they and widows of veterans will be provided with free tickets. A noted speaker of national reputation will deliver an address on this occasion.

The fair will be closed with Western North Carolina day, when there will be varied amusements furnished by the people of this section. The baseball teams will play several games on this day to decide the championship.

A big cotton display from some of the cotton growing counties will afford a very attractive exhibit, especially to the mountain people.

OTHER COUNTIES WANT DEMONSTRATORS

Efforts are being made by Henderson and Haywood counties to take a forward step in agricultural lines, and at the present efforts are being made to secure county demonstrators for the benefit of the farmers. The work of educating the people of the two counties up to this point has been going on for some time and it is likely that demonstrators will be secured for the coming season.

On June 2 County Demonstrator E. D. Weaver of Buncombe county, in company with E. S. Millsaps of Statesville, will visit Hendersonville and appear before the county commissioners and tell of the accomplishments in this and other counties through demonstration work. Representatives of the Greater Hendersonville club will also be present present to urge the appointment of a demonstrator for their county. On the following day Mr. Weaver and Mr. Millsaps will go to Waynesville to appear before the Haywood county commissioners for a similar purpose.
