The advertisement of the Agricultural and Mechanical College at Raleigh appears in another column. This College is fulfilling its mission as a place for first-class technical training. Turn where you will and its graduates are making their mark on the industrial life of the State. The demands on the institution for men are increasing from year to year. If a young man wants to equip himself for leadership in agriculture, engineering, cotton manufacturing and allied pursuits he should consider the admirable opportunities offered by this busy College.

SPEEDWELL.

Wheat stacking and laying by corn, is the programme with the farmers this week. All seem to be working the children pretty lively as the school will soon open, and we have a compulsory school system to enforce this year. This system rigidly enforced will mean much to the children. This law is intended to aid the parents in keeping their children in school, parents should not keep their other children out of school, to fill the places of those children, to whom the law applies as to age, but should keep the older children in school from the fact that they have shorter time in the public schools, and therefore need the opportunity of going to school worse than the younger children. In my judgement the law would have accomplished far better results, had it applied to children from 12 to 18 years of age. This is a period of a child's life, when they should sure be in school, their minds are mature enough from 12 to 18 years to accomplish so much more, than they can accomplish from 8 to 12. However I hope th

system will be a great benefit to those to whom it applies, and no hardship to the kind parent.

Rev. J. M. Bennett of Sylva preached a most excellent sermon at Speedwell Sunday afternoon, from the text. "Let a double portion of thy spirit be upon me."

BETA.

As I haven't seen anything from this place in quite a while will give a few dots in regard to our fourth of July picnic.

The singing class organized in the morning, and entertained the crowd with beautiful songs until 12 o'clock when they were marched to the school house grounds under the shade of a beautiful oak tree where refreshments were served consisting of all kinds of nice cakes, ice cream lemonade and water melons. After all had finished eating we assembled in the church where the choir sang and we had music by Mr. P. W. Mitchell on the violin also Mr. Lon Moore and his three children sang some nice songs until nearly 4 o'clock in the afternoon. Every body seemed to enjoy themselves, if we did have a shower of rain in the afternoon to cool the air.

John M. Queen, from Balsam came down Monday to visit his sisters Mrs. Thos. Montieth and Mrs. S. W. Ensley at Beta.

Misses Janette and Mattie Snyder of Hillsboro visited D. L. Bryson Sunday.

Little Geneive Snyder from Horse Shoe is visiting her uncle, George Snyder of this place for a few days.

D. W. Ensley was at Beta Monday from Balsam.

Arthur Allen and family visited Beta Sunday.

Miss Ila Reed from Sylva attended our picnic on the 4th.

Joe Hooper from S. C. is visiting his daughter Mrs. Tom Clayton this week.

Our Sunday school is getting along nicely at this place enrolling 119 Sunday with several of the older members present, which we

are glad to have as we need them to help make us stronger and more powerful in our Sunday School work.

Mr. and Mrs. John Clayton of Ad die visited Beta on the 4th.

GUNPOWDER VICTIMS FEW ON 4TH.

New York, July 5.—While the movement for safety and sanity in the celebration of the Fourth of July worked wonders in the reduction of the number of victims of gunpowder dispatches from a score of different points throughout the country, as noted here, accounts for 41 persons killed in a variety of other accidents incident to the outpouring of the holidays crowds.

Twenty-eight persons were drowned, five persons were killed in automobile accidents, five in a single train accident and two killed in aeronautic sports. This count, being made from the comparatively few reports of minor tragedies filtering through the crush of holiday news, outnumbers more than twice the gunpowder accidents of the day.

The list of drowning accidents, known definitely to be as many as 28, is probably far from the correct total. Such tragedies are so frequent that unless two or more are victims at a time the accidents are not reported. In this city and vicinity alone there were ten drownings yesterday, and the New England district reported five. There were six in the Ohio river at Louisville, three at LaCrosse, Wis., three at Pittsburg and one at Buffalo.

Incidental to the day there were five persons killed by lightning, one variety of holiday tragedies that the safe and sane movement is unable to reach.—Gazette.
