The National Highways Association, of which the North Carolina organization has become a part has a membership that extends over the entire United States. General, Coleman Du Pont of Wilmington, Del., is Chairman of the Board of National Councillors, and Charles Henry Davis of South Yarmouth, Mass., is President. The Association believes that as a nucleus for developing Good Roads Everywhere the Federal Government should undertake the building of a comprehensive system of highways binding together the South and the North, the East and the West.

By joining with this larger organization, the North Carolina Association is in a position to work more effectively for its object, "to promote the proper location, construction, and maintenance of roads so that every road in North Carolina be a Good Road 365 days in the year."

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by ALL DEALERS.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple Ind. For sale by ALL DEALERS.
