12-Gauge
Hammerless
"Pump"
Guns

The Marlin repeating shotgun, model 28, is a fine-appearing, beautifully
finished gun, without any objectionable humps or bumps; no holes on top for gas to blow out
through or water to get in; can't freeze up with rain, snow, or sleet; it's solid steel breech
with a shell of wood; permits a thoroughly symmetrical gun without sacrificing strength or
weight. It is the safest breech-loading shotgun ever built.
Action—Matted Barrel (which costs \$4.00 extra on other guns)—Press Button Cartridge
Extractor—(to remove loaded cartridges quickly from magazine without working through action)
Hammer Safety—(to remove loaded cartridges quickly from magazine without working through action)
Hammer Safety—Handles rapidly;
guaranteed in shooting ability; price standard Grade "A" gun, \$22.50.
The Marlin Firearms Co.,
42 Willow Street, New Haven, Conn.

If you shoot a rifle, pistol or shotgun, you should have a copy of the Ideal Hand
Book—100 pages of useful information for shooters. It tells all about
rifles, bullets, primers and reloading tools for all standard rifle, pistol and shotgun
ammunition; how to measure powders accurately; shows you how to cut your ammunition
charge in half and do more and better shooting. This book is free to any shooter who
sends three stamps postage to The Marlin Firearms Co., 42 Willow St., New Haven, Conn.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

SPEEDWELL

The people of Speedwell are building a new School house, also the people of Fall Cliff are building them a new School house. The Board of Education is aiding both places. Cullowhee with five churches and five school houses, out-side of the State buildings at Cullowhee, compares favorably with any community in Western North Carolina. Now with a good road from Cullowhee to Sylva, Cullowhee will be in the front rank of the townships of Jackson County. Cullowhee High School is full of students and more coming every day.

Every body should take advantage of the free examination and free treatment for hook worm, now being conducted in this county. All who have not been examined

and treated for hook worm, can be examined and treated yet if they will avail themselves of the opportunity. This should be a matter of first importance to every parent in Jackson county. The gentlemen who are conducting the free examinations and free treatments are well up on their job, and take great pleasure in helping the people in this fight against the ravages of Hook worm disease.

Mr. and Mrs. Victor Brown and Miss Fay Rogers were welcome visitors at Speedwell Sunday.

Mrs. Flora Watkins and son Talmage, called at Speedwell for a short while Friday.

Mrs. Geo. M. Cole called at Speedwell Sunday.

Jack Wike and his son Claude were buying calves in Speedwell one day last week.

HEALTH AND HYGIENE.

Crying is the complaint language common to all babies. It is a language of limited vocabulary, but withal is one seldom properly interpreted. Most mothers interpret the baby's every cry as a call for food, and they immediately proceed to shut it up by stuffing the child with food that it doesn't want and shouldn't have.

When the baby cries, look for cause besides hunger. Don't stuff a nipple in its mouth and let it go at that. Perhaps the baby is tired of lying in one position so long. Turn it over. Quite likely it is thirsty. Give it a drink of cooled, boiled water—no ice in it.

Maybe its garments are wet or soiled and therefore uncomfortable. If so remove them at once, wash the parts carefully, apply some unscented talcum powder, and put on clean, thoroughly dry garments.

Perhaps its clothes are uncomfortably tight or a pin may be sticking it. Correct this.

It may be complaining about being too warm or asking relief from "prickly heat." Make it comfortable by removing all unnecessary clothing—a thin gauze shirt and a diaper is all that most babies should wear in hot weather. Light dressing and two sponge baths daily will prevent "prickly heat."

Maybe it is objecting to the quality of the air of the room. Close, hot, smelly air will make any baby peevish. Give it lots of fresh air let it sleep out doors as much as possible, protected from dust, sun, and flies. When in the house keep the windows open.

Learn to do something to stop a baby's cry besides stuffing a nipple in its mouth. Put yourself in the helpless baby's place and figure out what would happen to you if every time you asked for a drink of water you were given food; every time you grew tired of lying in one position and wanted to be turned over food were pushed into your mouth; every time you wished to be let alone that you might sleep, food were forced on you; every time you complained about your clothes being too tight or uncomfortable, a nipple were stuffed into your mouth every time you complained about being too warm and wanted relief from "prickly heat" you got food instead of relief. Wouldn't it make have dyspeptic, and what not? Then have thought for the poor, helpless baby.

UNCLE EZRA SAYS

"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents. The Sylva Pharmacy.
