

## Sylva Collegiate Institute.

### STUDENTS WANTED.

We are anxious for our school to be filled with students of high aims and the purest character. Young people who are making great plans or building "Air castles" for their future are the students wanted. We are looking for students who are enthusiastic and willing to work.

### STUDENTS NOT WANTED.

Cigarette fiends, profane swearers, "pistol toters," whiskey drinkers and young people whose aims are low are not wanted.

### GREATER AMERICA.

"Greater America is on us. Get your boy or girl ready to take his or her place in it. The age demands trained men. Without the material growth but hastens our decay. We must know how to use means' only trained men know."

### A WORD TO PARENTS.

Of course, you want your boy to be a great man—a George Truitt, a Zeb Vance or a Jeter Prichard, you want him to be successful in his business, whatever that may be. Then educate him. Give him the best opportunities.

We are anxious for you to investigate as to the advantages we have to offer. Only a Postal card will bring you this information. Please write us.

FRIDAY, SEPTEMBER 19 1913

The biggest and best Fair in the history of Jackson county begins here next Tuesday.

The Jackson County Fair will be the best show of agriculture products that has ever been seen in this county.

There will be the largest crowd of people here Tuesday, Wednesday, Thursday and Friday that was ever congregated in Jackson county.

The corn is ripening on the stalk, the pumpkin is turning yellow in the field, the hogs are fattening in the pen and the cattle are round and slick, there is a touch of frost in the morning air tinging the leaves with gold and crimson, which suggests to us the fact that the time for the Jackson County Fair is fast approaching, you can almost hear the lowing of the cattle, the call of the chuckster and the tramp of many feet as the busy throng hurries to and fro in holiday attire, bent on happiness and joy, telling the world of the blessings Nature has heaped upon Jackson county.

When you come to the Fair next week don't forget the JOURNAL. If you are already a subscriber and are arrears with your subscription, get the paper and get on the right track. If you don't take the JOURNAL and are imposing on your neighbor by borrowing his copy, even week, subscribe for yourself, and the JOURNAL will go to you every week.

### THE MIDWAY

The management of the Jackson County Fair has always been careful in the selection of the attractions for the midway and feel that this year they have been exceptionally fortunate in the side shows that will make the midway brilliant and attractive.

While the midway this year will be filled with attractions that will appeal to every one, regardless of age, the Fair management assures us that there will be nothing of an objectional nature. No immoral shows or gambling devices will be allowed upon the grounds.

The midway from one way to the other will be filled with the best of shows for you to enjoy.

### EDUCATIONAL DAY.

One of the aims of the Jackson County Fair has been to encourage and promote the use of education in the county and in conformance with this purpose the first day of the fair will be educational day.

The fair will be opened with an inspiring parade, led by the Bryson City Band, in which every school child and old soldier in the county is expected to participate. On this day all school children who are with their schools in the parade will be admitted to the Fair grounds free of charge and it is expected that all the school in the county will be represented with large delegations of children. The parade will form at the Sylva High School building and march through the streets of Sylva to the Fair grounds and through the fair grounds to the grand stand.

You have been working hard all year, now take a week's vacation, and take your wife and children and your exhibit and take in the Jackson County Fair next week, and take all the fun and premiums you can.

BE SURE TO ATTEND THE NINTH ANNUAL
