FRIDAY, OCTOBER 10, 1913

If Jackson county pays \$8400
tax for the mud we use for roads,
and it does, then it is about time
we do something.

North Carolinians are not a gen-
eration of cowards. They are nei-
ther afraid or ashamed of honest
manuel labor. They are going to
prove it on the 5th and 6th of Nov-
ember.

We can all knock off for two days
and help build some roads. It won't
hurt anybody to get out and sweat
a little and it will do a lot of good
for the county.

Good morning, boys! Altogether
now! Let's pull Jackson county
out of the mud. The girls and
women will be there with the
dinner.

Missouri built over a million dol-
lars worth of good roads in two
days. They may be from Missouri,
but North Carolina will show them
that we can go them one better
when it comes to building roads.

Judge Garland S. Ferguson in his
charge to the Grand Jury endorsed
the Governors good roads procla-
mation and urged the people of
Jackson county to comply with the
request of Governor Craig.

Judge Ferguson used these words
from the bench at Webster Monday:
"You may talk about your good
citizens, but a crowd of men who
allow whiskey to be sold in a com-
munity and see their neighbors boys
going to the devil are mighty weak
brothers. "We have got to put a stop
to it."

Rome was not built in a day, but
Jackson County can build a lot of
good roads in two days

The special train from Bryson to
Asheville, leaving Bryson City at
7: a. m. and arriving at Asheville
at 10:20, which the Southern has
been running during the Western
Carolina Fair, has been well patron-
ized by the people and should
prove to the Railroad Company the
fact that it would prove profitable
both to the Southern and the peo-
ple if trains 21 and 22 were chang-
ed so as to go to Bryson city in-
stead of Waynesville, giving the
people of Jackson and Swain coun-
ties an opportunity to go to Ashe-
ville, spend the day there and re-
turn home at night.

Good roads days November 5th
and 6th. What are we going to do
with them? Are we going to shoul-
der our pick and shovel and make
good use of these two days which
the Governor has set aside for the
improvement of our public high-
ways? On another page we find
an earnest appeal from our county
commissioners urging all able

bodied men and boys to put in
these two days on the improve-
ment of our highways, which have
blockaded progress for many years.
Give old North Carolina good roads
and you will see one of the most
prosperous States in the Union.
Now let's be loyal to our Governor's
proclamation and spend these two
days working on the roads.

The readers of this paper will be
pleased to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken in-
ternally, acting directly upon the blood
and mucous surfaces of the system, there-
by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprietors
have so much faith in its curative pow-
ers that they offer One Hundred Dollars
for any case that it fails to cure. Send
