

## CULLOWHEE SUMMER SCHOOL.

Jackson County Journal—The summer session of the Cullowhee Normal and Industrial School opened Tuesday morning with flattering prospects. About fifty students enrolled the first day and others are continually coming in.

The Dormitory presents a lively and interesting scene. The students who are boarding there are making the best of the opportunities offered them in this delightful home, presided over by Mr. and Mrs. Reynolds.

The schoolrooms are filled every day with busy activity, and the air is charged with buoyant life and bustling movement, as young men and young women, stirred with the desire for knowledge and greater efficiency in their work, go here and there in pursuit of their coveted attainments.

How could there be a more nearly ideal place for a summer school than Cullowhee? The scenery is glorious, the water is pure, the air is invigorating, our new building is a joy and the teachers and students are cheerfully and gladly applying themselves to the work. We expect many more from Jackson and adjoining counties to enroll soon. Here is a golden opportunity for the teachers. We trust that every teacher in this county will avail himself of these excellent advantages.

The summer session is a permanent institution—is, indeed, a part of the work of the school. Next year we shall have, perhaps, a much larger number in attendance and a more varied program to offer.

We are glad to have with us several teachers from "down East". We hope to draw large numbers from other sections next year. And great, great is the day of opportunity for Jackson county people! Let all shout and work for the Cullowhee Normal and help to bring it to its desired goal—the great Western Teacher Training School of the State.

Yours cordially,

O. S. Dean.

## COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darkens so naturally nobody can tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.
