NO MORE COLONIST TICKETS.

Washington, D. C., July 4th.—No more low, one way colonist rates from any point on its lines to the West and Northwest will be sold by Southern Railway Company. President announces that Southern Railway Company has permanently withdrawn from participation in such rates from points where they have been in effect by Southern Railway to meet similar rates offered by competing lines.

This announcement is in accordance with the policy of President Harrison to do everything possible to discourage the movement of people from the South. For a number of years Southern Railway has endeavored to discourage the offering of low colonist rates from the South and has only placed them on sale at points where it was felt necessary to meet competition. From this time on, however, no such rates will be offered by Southern Railway, regardless of any action that may be taken by any other line. Southern Railway will continue to offer homeseekers rates into the South and will do everything possible to encourage the coming of desirable settlers to the territory along its lines.

President Harrison feels that the South offers greater opportunity than any other section and that people living in the South cannot improve their conditions by moving and that consequently the decision to withdraw permanently any rates which might serve as an inducement to some persons to leave the South is in their interest as well as in the general interest of the South and of Southern Railway Company.

BRAINS BULLED BY CONSTIPATION

SOME PEOPLE ONLY HALF ALIVE. DODSON'S LIVER TONE CLEANS YOU OUT AND WAKES YOU UP.

When constipation is having its evil effects on your body and brain, Nature is doing her best to offset them and overcome the cause itself. But usually Nature cannot do this unaided.

In the past many suffers at such a time used to turn to dangerous calomel in hope of relief. For some people calomel does appear to give a temporary benefit, but as a matter of fact it is a poison that proves to be injurious and even dangerous to many. If you have ever taken calomel you probably have suffered from evil conditions following its use.

But nowadays great numbers of people have learned how to feel better, brighter and healthier by taking Dodson's Liver Tone instead of calomel. Indeed, this harmless vegetable liquid is recommended by Hooper's Drug Store and by the Sylva Pharmacy who will refund the purchase price to you without question if you are not completely satisfied with it.

Get a bottle of Dodson's Liver Tone for 50c. and learn for yourself how easily and naturally it assists Nature in getting rid of and correcting constipation and biliousness, how it clears away the sick headache and coated tongue and sets you right without ache or gripe, without any interference with your regular habits. Fine for the children. They like to take it.

FIRST PROSECUTION MADE. UNDERTAKER CONVICTED FINED FOR BREAKING VITAL STATISTICS LAW.

Roxboro, July 2. —The first prosecution and conviction under the new Vital Statistics Law was made here today. The Vital Statistics Department of the State Board of Health brought charges of violation of the new law against a local undertaker, Mr. C. C. Critcher, for burying bodies without a burial permit from the local registrar and for not furnishing death certificates properly filled out. The case was tried before Mayor Winsted and the undertaker was convicted and fined \$5 and costs.

In explanation the representative from the Board pointed out the value, need and importance of the new law. He explained that the State Board of Health was charged with its enforcement, and that if unenforced the results obtained would be misleading and worse than useless and the money appropriated for this work wasted. Thus far the Board has tried to deal leniently with the undertakers, midwives, physicians and others having to do with the enforcement of the new law, but it is believed that ample time has been allowed for every one to become acquainted with its provisions, and that hereafter vigorous action should be taken with offenders, particularly malicious offenders. In other words, there is a limit at which "patience ceases to be a virtue." In the opinion of the Board that limit has been reached and if a number of other persons do not comply with the law other prosecutions will follow shortly.
