Does Christian Education Pay?

Read the Records and see for your self.

Not long ago an investigation was made as to the record of Christian Colleges. Read the record and then ask yourself the question: Does Christian education pay?

Eight of the nine Justices of the Supreme Court of the United States were college men; seven were from Christian colleges.

Eighteen of the twenty-six presidents of the United States were college men; sixteen were from Christian colleges.

Eighteen of the twenty-six Masters in American letters were college men; seventeen of the eighteen were from Christian colleges.

Of the members of Congress in 1905 receiving college education and who were prominent enough to be mentioned in "Who's Who," two-thirds were graduates of Christian colleges.
